

GANS KNOCKS OUT UNWIELDY BOER

Unholz Only Stays Eleven Rounds With Negro Champion.

FOURTH KNOCKDOWN FINAL

Gans Easily Solves Boer's Clumsy Defense, and Pugnacity Without Skill Falls—Betting Strongly Favors the Negro.

SAN FRANCISCO, May 14.—Joe Gans, the lightweight champion, added another victory to his long string tonight by defeating Rudolph Unholz, the rugged Boer from South Africa, in the 11th round.

The fight was Gans' all the way through. He systematically beat down Unholz, and the referee interfered in the 11th round, as Unholz was practically knocked out. Although Gans held the fight at all stages, he had no easy time in solving the awkward defense of Unholz and in overcoming his natural stamina.

Knocked Down, but Full of Fight. The first knockdown occurred in the fourth round, Gans whipping in a terrific left uppercut to the point of the chin. Unholz got up promptly and came back full of fight, but although willing at all times to mix it and never afraid of the clever Gans, his wild efforts were mostly unavailing.

In the seventh round Gans knocked Unholz down with a right uppercut to the chin, and one of the latter's seconds, losing his head, tossed a towel into the ring and quickly crawled through the ropes. Unholz got up promptly and made a wicked attempt to strike his second, who quickly crawled back outside the ropes, and went on.

From this time on it was only a question of how long Unholz would be able to stand the punishment that Gans was sending in with both hands.

Gans' Knockout Punch. In the tenth round he sent the Boer to the floor again and he got up dazed and unsteady.

The unequal combat was prolonged into the 11th round, when, with a series of short-arm jabs, Gans sent the willing but awkward Boer down with a wicked uppercut to the chin. Unholz got up completely blinded and unable to see his opponent. Gans, seeing the condition of Unholz, hurriedly stood aside, and Referee Welch stepped in and gave the decision to the champion.

Both Men Under Weight. The fight was scheduled for 20 rounds, and was for the world's lightweight championship and a guaranteed percentage of the gate receipts. Owing to the fact that Unholz has never appeared in a local arena before tonight's engagement, the outcome was at a low ebb, but in spite of this fact Coliseum Rink was crowded when the signal was given for the fighters to give battle. The men weighed in stripped at the ringside shortly before commencing hostilities, the scales being set at the 133-pound mark, according to the articles of agreement. As both have been under weight for several days, there was no stir when they jumped on the scales, which were set in midring and failed to move the beams.

Big Odds on Gans. Betting on the general result was light, with the odds favoring Gans at 10 to 25. There was much speculation on the length of the contest, however, even money being wagered that Unholz would not stay 20 rounds. The splendid showing made by the latter in his recent fights with Battling Nelson and George Mende at Los Angeles, in which he is credited with having had much the better of his opponents, was the means of bringing the Boer much support that he would stay the limit, and many heavy wagers were risked in this way.

The main event was preceded by two six-round bouts, the first between Tommy Heyman and W. O. Smith, and the second between Charlie Lucca, of Chicago, and Billy Purcell, of this city.

CONFIDENT OF WINNING TEAM Sullivan Discusses American Prospects in Olympic Games.

NEW YORK, May 14.—Following the Pacific Coast tryouts which were held at Stanford University, in California, members of the Olympic committee are jubilant over the fact that every thing now points to a winning team to represent the United States in London in July.

"The only thing that is worrying us now," said James E. Sullivan, secretary of the committee, "is the picking of the team. That is a hard problem. Within the last month reports have been received from all over the country, stating that some athletes had been breaking world's records in practice. If these reports are true, there will be many aspects when all the tryouts are held, and perhaps some of those who were looked on as sure winners will of necessity be left at home.

"Of course this will not happen if we receive enough money. At present we have sufficient to send a winning team, but I am in hopes that before the boys sail on June 21 there will be enough to send every athlete who has a chance of gaining a point."

Experts say they cannot see how such men as Shave of Dartmouth and Forrest Smithson of Multnomah Club are going to lose in the high hurdles. Martin W. Sheridan with middle distance; McGraw and Flanagan in the weight events; Glarner in the quarter mile; Dray or Yale in the pole vault; Porter in the high jump; Ray Emery in the standing jump; Bellars and Bonhag in the distance runs; Dan Kelly in the broad jump; James Sullivan in the mile run; Cox and Rose in the shotput; and Garrels in all of the specialties he trains for and competes in.

Mr. Sullivan expects to have at least \$1,000 by June 15. This amount will enable the committee to pick from 40 to 50 men. With this number, every member of the committee is sanguine of success.

BURDEN ON THAW

Court Holds That Relatives Must Prove His Sanity.

OPEN FIGHT FOR LIBERTY

Constitutional Question Is Taken Under Advisement and Examination of Medical Witnesses Is Begun at Poughkeepsie.

POUGHKEEPSIE, N. Y., May 14.—The opening of the Thaw habeas corpus hearing today, after many delays, found Thaw and his representatives and District Attorney Jerome's forces equally ready to hasten the issue to a conclusion. Thaw's stay in the quarters of the Sheriff in the county jail has been much of a relief from the hardships of life in the Matteawan Insane Asylum and the Tombs, and his appearance today showed marked improvement. Admission to the court was restricted to persons holding passes issued by the Sheriff.

As outlined in the Associated Press dispatches last week, Thaw's counsel contended that Justice Dowling did not conform to the legal requirements when he committed Thaw to Matteawan on his claim, therefore, that he is being deprived of his liberty without due process of law. They asked Justice Morchauer to first pass upon this question before examining witnesses to determine Thaw's present mental condition.

Justice Morchauer said that he was unwilling to decide the constitutional question apart from the sanity question unless the relator would agree to waive the question of sanity.

Reserves His Decision. After some discussion by the opposing attorneys it was arranged to proceed with the trial of both the constitutional and insanity questions, the Judge reserving his decision on the former.

The court ruled that the burden of the proof was on the relator, Thaw, as he was not under a criminal charge. This ruling took Thaw's attorneys by surprise and Mr. Graham said that he had not anticipated such an opinion from the court.

There was a report that if Thaw is released he will be arrested on account of making threats against a New York woman. District Attorney Jerome declined to discuss the report, but Dr. Charles E. Lane, of Poughkeepsie, and Dr. Frank E. McGuire, physician of the Tombs prison, were called as witnesses for Thaw. Both thought him entirely sane.

Cross-Examined at Length. Mr. Jerome brought out that Thaw told Dr. Lane that if the doctor would threaten to shoot him and had detectives follow him, Mr. Jerome then asked the doctor if he did not know that delusions were a feature of paranoia and that paranoiacs were usually very cunning. Dr. Lane answered in the affirmative.

Presses by Jerome, Dr. Lane said that Thaw told him that he killed White through an irrational impulse at the time. He had said nothing about "divine suggestion."

Mr. Jerome, on cross-examination, asked Dr. McGuire if Thaw did not say there was a plot to have him catch pneumonia and that he was afraid of being shut in his cell. The doctor said he did not hear Thaw say that, but heard Thaw insist on having said it.

Henry A. Orr, who attended Thaw in the Tombs and at Matteawan, testified that Thaw appeared rational and sane and that he was not suspicious or improper treatment.

Let's cut out this fad of working a pitcher out of his turn. It never has and never will win games. Now that we've started, let's keep moving along.

A baseball fan's loyalty is a good deal like the old-time nigger vote—it never stays put. The team that plays a good game, or the player who performs sensationally today is a star; tomorrow, if things break bad, the wheel works its likeliest into a piece of cheese.

Say, you haven't heard of any baseball players or prize-fighters choking to death on beef lately, have you? A lot of landlords along the route where ballplayers stop would be pleased to hear of a case.

Harry Stover's Butte race meeting will not be wanting in classy horses. In the eleven big stakes to be run, beginning June 27, and ending September 3, 412 horses have been entered, assuring large fields in all of the events.

A Montana man has just inherited a place that was formerly the home of a dog. If it's a real sport it will not be necessary for him to live a dog's life just to enjoy his inheritance, however.

Pitcher Nagle loves to jolly the fans, and the fans like to kid him. Portland fans like the smiling slabster, so the fun is mutual.

Captain Dillon and Happy Hogan came near getting into a nasty collision over a foul. Hogan was hot under the collar when Dillon grabbed him by the neck and heaved him out of his way.

Portland fans haven't seen Red Walsh behind the bat yet. When they do, they'll see one little red head with enough pep for two big men. They will also see a nifty little backstop.

Ankeny Sick With Rheumatism. OREGONIAN NEWS BUREAU, Washington, May 14.—Senator Ankeny has been confined to his apartments for some days with an acute attack of rheumatism and will probably not get out for several days. His condition is not serious.

Grammar League Ball Game Today. The Williams Avenue and Brooklyn schools of the Grammar School League will meet this afternoon at 3 o'clock at the grounds on East Twelfth and Davis streets. The contest will be a double-header, and the winner of this game will probably be the winner of the league championship. Excitement among the juvenile ball-players is at fever heat and the boys and girls of both schools will be out in full force this afternoon to root for their respective teams. The schedule has been played out until only six teams are now in the pennant race, and after today's game but five will remain. The Williams Avenue school has been winning all of the contests by large scores and on paper looks to be a strong factor in the pennant race. The Brooklyn school also is considered one of the strong teams.
