RAIGN DAYS IN CLACKAMAS

Programme of Meetings Arranged for Republican Candidates. CLACKAMAS COUNTY, Or., May 17.—(Special.)—Chairman Stipp and Secretary...

GOVERNMENT IS WINNER

JAPANESE ELECTIONS NOT YET COUNTED, HOWEVER. Present Cabinet, It Is Thought, Will Continue, Although Premier Tried to Resign.

TOKIO, May 17.—The results of the general election held on Friday in Japan were not yet counted on account of the difficulty experienced in communicating with distant points. It is safe, however, to predict that the Constitutionalists have secured a substantial majority, probably exceeding that in the previous session, and the government expects to face the next diet with a majority over all combinations.

Those best informed declare that such a popular indorsement of the government insures the stability of the present cabinet, although the Premier, Marquis Saionji, recently expressed a desire to resign. He was persuaded not to do so by Prince Ito, who pointed out the embarrassment that would follow and the difficulty of securing the indorsement of the people.

SEATTLE, Wash., May 17.—(Special.)—H. Yoshimura, editor of a daily newspaper in Seattle—the Asahi Shimbun—was fined \$100 Saturday for criminally libeling through his paper Sel Kodama, a pretty maid of Nippon. Yoshimura paid the fine, Judge Prater, in delivering judgment, took cognizance of the extenuating features of the case, but was unable to reduce the fine.

VANCOUVER, B. C., May 17.—The American halibut fishing steamer Francis Cutting, seized last Tuesday off the northern end of Vancouver Island by the Canadian fisheries cruiser Keatrel, while she was fishing inside the three-mile limit, was today formally turned over by Commander Newcombe to the custody of Collector of Customs Bowell. Acting on instructions from Ottawa, Commander Newcombe today disposed of the 4,000 pounds of halibut found on the Francis Cutting when she was seized. The fish were sold in Vancouver at the current market price. Agents of the Seattle owners of the Francis Cutting are in

IMPROVE IN COREA

Conditions Grow Better Under Prince Ito's Rule.

TROOPS PROTECT FARMERS

Japanese Soldiers Told Not to Treat Populace as Conquered People. Ito Dreams of Corea as Important Ally in Near Future.

SEOUL, May 17.—Conditions throughout Corea are improving. The determination of Prince Ito, the Resident-General from Japan, to suppress the disorderly element, so that the peaceful farming population may do their work in the outlying districts, where armed bands are harrying the farms and villages, is shown by the prompt arrival of reinforcements of gendarmes numbering about 500, who will be scattered throughout Corea.

Prince Ito has issued strict instructions to Japanese soldiers and civilians that they must not treat the Coreans as a conquered people, which they are not, but that all the rights of law-abiding citizens must be respected under penalty of severe punishment.

Four thousand Korean police, under Japanese officers, will be enlisted and trained. Four hundred new telephone-telegraph offices will be established in the districts infested by revolutionists, so that easy communication may be had with the soldiers and police.

The crop prospect through Corea is excellent. Prince Ito today attended the celebration of the 25th anniversary of the opening of Chemulpo to foreign trade. He was accompanied to Chemulpo from Seoul by the Resident-General, foreign consuls and the Korean Minister of Agriculture. Chemulpo was en fete. At a banquet, Prince Ito, in his address, spoke of the steady development of Corea in order that the Coreans might, in the future, have independence under a stable government and become a friendly and prosperous ally of Japan.

SMELTER AGAINST SOCIETY

Issue Involved in Incorporation of San Francisco Suburb.

SAN FRANCISCO, May 17.—(Special.)—South City, a peninsula suburb, will vote tomorrow on the subject of incorporation. The contest lies between the wishes of residents of Burlingame and the factory folk of South City, and the stake is a \$2,000,000 smelter. The townpeople want the smelter and the Burlingame people adjoining, does not. The smelter will bring 3000 more people to South City, but the fumes will destroy the beauty of Burlingame and its residents who are a dreary waste. At least that is what the millionaires claim. The factory people reply that they will place restrictions which will compel the smelter people to consume the fumes and make them harmless.

Harper, of Los Angeles, has been put forward by the Southern delegation, and has the support of the organization of the Democratic faction of the party, while the country delegates have centered upon State Senator W. J. Bryan for President.

STEEL PLANT RUNS AT LOSS

TRENTON, N. J., May 17.—Judge Lansing, in the United States Court last night, made an order for a raise for cause to be shown May 25 why the receivers of the Passaic Steel Company, a \$5,000,000 concern, should not cease operating the plant. The concern was run at a loss of \$4,000 in the last four months. The assets in the receiver's hands are given at about \$1,000,000.

EMIGRATION STILL UNCHECKED

BUDA PEST, May 17.—The recent warning to intending emigrants, issued by the Minister of the Interior, that the economic situation in America had not shown sufficient improvement to give prospect of obtaining work, has failed to check the out-dow from this country.

YOUR HOME will be healthier when you keep bottled Schlitz. The barley is food—the hops are a tonic. And the drinking of liquids flushes the system of waste.

Every doctor knows that most people drink too little. On this account, their systems become clogged with waste. There lies the main good of watering places. They induce the drinking of water.

That is one reason why the drinking of beer is good for you. It leads you to drink more liquid than you would drink without it. And that liquid is both a food and a tonic.

The sturdiest peoples of the earth drink the most of it. But be sure that the beer is aged, so it will not cause biliousness. And be sure it is pure. Schlitz beer is all healthfulness.

For the Brewery Bottling. Common beer is sometimes substituted for Schlitz. To avoid being imposed upon, see that the cork or crown is branded Schlitz.

TAKE LUNCH ON THE FARM

THOUSANDS SPEND THE DAY AT GUNNESS PLACE.

Excursions Run and Place Looks Like Picnic Grounds—Another Body Released for Burial.

LA PORTE, Ind., May 17.—The scenes of last Sunday were repeated today at the Guinness farm. Fully 16,000 people—not quite as many as a week ago—visited the "farm of mystery" and viewed the skeletons of the seven unidentified dead, for the temporary morgue was open part of the day. Hundreds brought their lunches along, for the day was an ideal one, and at noon the family groups dotted the orchard and the large front lawn of the Guinness farm. Souvenirs of all kinds were sold on the grounds, the people buying readily and nobody going away without a reminder of some kind. Refreshments also were dispensed on the grounds by enterprising owners of lemonade, ice cream and peanut stands. Excursion trains were run on the Pere Marquette and Lake Erie and Western Railroads, while all Lake Shore trains carried extra coaches for La Porte. The traction cars also were crowded all day.
