REACH POLE FOR \$50,000

Peary Confident of Success on Ninth Attempt.

NEW YORK, May 18.—Commander Robert E. Peary, who has been in Washington and has had a special conference with the President, arrived here yesterday. He comes to get, if possible, the \$50,000 which will be necessary to take him on his ninth expedition in search of the North Pole this Summer. Commander Peary said he needed \$50,000 to make the trip to the Pole, and while he had assurances that he would get at least a third of that amount, he was not at all certain that the remainder would be forthcoming. "The same financial condition has always existed before my expeditions," he said, "but I have always been hopeful, and shortly before the time came for my departure the necessary funds have come in. I have more confidence now than ever of reaching the North Pole. I have given 29 years to the work, and have the advantage of that period of experience, and now when success is in reach I hardly think those persons interested in the work will fail to respond. "If I had the money myself I would

give up every cent of it to the expedition and make no appeal for assistance, but personally I have not the funds and am forced to appeal to my friends and those interested in the work to assist me. "I have also \$15,000 worth of supplies and equipment, exclusive of the assistance of a third of the \$50,000 I need for the expedition, and I have the advantage of the experience of my last trip north on the sledge. This time, if I can get the necessary funds I shall follow the north coast of Grant Land as far west as Cape Columbia and possibly beyond, instead of leaving the land at Point Moss, as I did before. On leaving the land I shall make my course more west of north than before, to counteract or allow for the easterly set of the ice between the north coast of Grant Land and the Pole. "I would have reached the Pole on my last trip had it not been for the circumstances which caused our party a delay of fifteen days on the ice. The Pole is within our grasp, and it seems a pity that \$50,000 cannot be raised to make the possibility an accomplishment. I have approached several wealthy men and have met with some encouragement, but the entire amount must be forthcoming before July 1, or I will not be able to start. I know much that I did not know on previous expeditions, and I have a ship that has

been tried and tested for Arctic work, and she is the best that can be had. All her defects have been overcome, and with that ship and the \$50,000, I am positive that I can find the North Pole.

Pulp-Mill Burns; Two Lives Lost. SAULT STE. MARIE, Mich., May 18.—The pulp mill of the Lake Superior Corporation, in the Canadian Soo, across the river from this city, was destroyed by fire early today. The loss is about \$150,000. The power plant is also out of commission as a result of the fire, and there are no electric cars running nor any electric lights in the city today.

Albert E. Walsh, superintendent of the dynamo-room, aged 24, was shocked to death while trying to extinguish the flames. Edward Gray, his assistant, aged 24, jumped into the canal after his clothing had caught fire while he was fighting the flames, and was drowned.

Governor Sparks May Live. RENO, Nev., May 18.—Governor John Sparks, of Nevada, who has been in a critical condition for some months past, is improving slowly, and hopes for his complete recovery are held out. It will, however, be several days before he is able to leave his bed without assistance. Eye Glasses \$1.00 at Jecager's.

BATTLE OVER INSURANCE

Judge Kohlsaat to Hear Findings Against Western Indemnity.

CHICAGO, May 18.—Findings of Master in Chancery Henry W. Bishop in the suit of Judge A. W. Field and others against the Western Life Indemnity Company will be the basis for a determined legal battle which will begin tomorrow before Judge C. C. Kohlsaat in the United States Circuit Court. The findings of the master relate to transactions made three years ago between General George M. Moulton, president of the Western Life Indemnity Company, and E. I. Rosenfeld, which precipitated a warfare between the officers of the company and policyholders. The master holds that W. H. Gray, who transferred his office as general manager to Rosenfeld, did so in violation of the fiduciary capacity, which he held with the company, and that he is liable to the company for \$125,000 received by him as consideration for the transfer, and recommends that a decree should go against him for the payment of that sum with 5 per cent interest. The master also holds that Moulton and Rosenfeld are liable to the complainants for the use of the defendant company in consenting to the purchase of properties of a Pennsylvania insurance company and for the withdrawal from the company

of \$200,000 in payment thereof, recommending that a decree be entered against Moulton and Rosenfeld for restoration of the \$200,000 with interest. The findings, which have been of record but not made public, have been the subject of examination by the defendant's attorneys for some time, and exceptions to the master's report filed with it will be considered by Judge Kohlsaat when he reviews the findings tomorrow.

McNally Turns Up at Home. CHICAGO, May 18.—Thomas J. McNally, the First Ward politician who disappeared mysteriously from St. Louis on the night of April 24, and for some time was believed by relatives and friends to have been the victim of foul play, returned to his home here yesterday. He explained that he had simply taken a trip to California and was in San Francisco to greet the arrival of the Atlantic fleet.

McNally is a representative from the First District and for many years has been engaged in the undertaking business. He went to Springfield to attend the Democratic convention. Late on the afternoon of April 24, after the convention had adjourned he informed Alderman Michael McKenna that he was going to St. Louis, and would be home in a day or two. He failed to appear, and after several days had elapsed, and his mother had received no word from him, it was feared he had met with foul play.

HANNA TO BE APPOINTED

Clergy Believe Charge of Modernism Has Failed.

SAN FRANCISCO, May 18.—The Call this morning says: In spite of the various contradictory announcements that have come from distant sources relative to the appointment of Dr. Edward J. Hanna, professor of dogmatic theology in St. Bernard's Seminary, Rochester, N. Y., to the coadjutor archbishopric of San Francisco, the majority of the clergy of this city believe that his coming to the Coast to assist Archbishop P. W. Riordan in the administration of the diocese, is practically assured. Since the meeting of the propaganda in Rome,

WEDDING AND VISITING CARDS.

W. G. SMITH & CO. WASHINGTON BUILDING, Cor. Fourth and Washington Sts.

In March, at which the charges of modernism brought against Dr. Hanna were fully examined, no authoritative report bearing the stamp of Papal approval has been made public. Upon the arrival he will take up immediately the duties of coadjutor to Archbishop Riordan. According to the present programme he will be consecrated in San Francisco, Archbishop Riordan officiating.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

Removes Tan, Pimples, Freckles, Moth Patches, Itch, and Skin Diseases, and every blemish on beauty, and does so in a few days. It has stood the test of 60 years, and is so successful that it is used by the most famous of the world's beauties. As you notice the result, you will see why "Gouraud's Cream" is the least harmful of all the "Face Preparations." For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe. FERRIS HOPKINS, Prop., 37 Great Jones Street, New York
