FACE A SHORTAGE

Coast Markets Likely to Run Out of Old Potatoes.

SUPPLY IS NEARLY GONE

Thirty Days' Requirements Must Be Filled in Some Way—Farmers Are Very Firm Holders. California Conditions.

The potato market was not as excited yesterday as it was Saturday, but was nevertheless very firm. Buying in the country was reduced to small proportions by reason of the firmness displayed by holders. Nearly all the shippers were anxious to secure supplies, but found it impossible to do so unless by sharply raising their bids. This was not done, so far as could be learned, and business was therefore on a small scale.

It was thought, in some quarters, that the San Francisco spurt has exhausted itself and it is known that some of the buyers have been ordered to withdraw from the market. This move, however, is most likely only temporary, as San Francisco and, in fact, all the Coast cities, face a serious shortage. Owing to the lateness of the new crop, the Bay City will want old potatoes for a month yet and the question that confronts the trade there is where to get the supply. The stock left in the Northwest will be needed at home, as old potatoes will be required here until July 1.

Western Oregon is practically bare of choice shipping stock and only a limited quantity of ordinary potatoes is in sight, though the ruling high prices may bring out some supplies that are not known to exist. Stocks in Eastern Oregon are also much reduced because of the recent heavy shipments from that territory.

Local jobbers yesterday adjusted their quotations to the new conditions by advancing the price to the trade to 90 cents.

CHEESE GOING TO CALIFORNIA.

Large Shipment Arrives in Transit From Tillamook.

The steamer Elmore arrived yesterday with 2000 boxes of cheese from Tillamook. In the weakened condition of the market, this supply would probably break prices, but fortunately for the producers, the shipment was only in transit and by this time is on its way to San Francisco. There is a fair inquiry in the local market from California and also some demand from the Sound cities and this keeps prices steady. With a cessation of the outside buying, quotations would have to drop.

The butter market was reported firm by the city creameries and steady by the commission handlers.

Egg receipts by freight were fairly large for the first day of the week. Buying was not particularly brisk. Quotations were unchanged.

Poultry was in good supply, slow of sale and weak in price.

Prune Crop in California.

The California Fruit Grower says of the prune crop in that state:

"The growing prune crop continues to look smaller and smaller. Estimates now are for about one-half of last year's crop, which was of itself only about half a crop. This will put the output for the state this year at somewhere in the neighborhood of 50,000,000 pounds. Should the Santa Clara Valley turn out as short as some now predict think, estimates will be reduced again."

Strawberries in Poor Condition.

There was a full supply of strawberries yesterday, but a considerable portion of the receipts were in poor order. The best Oregons brought 17½c per pound, while others sold as low as 10 cents. California berries were quoted at $1.50@1.75 per crate.

Receipts of vegetables included two cars of cabbage and the first straight car this season of California red onions.

Sugar Drops 20 Cents.

All grades of sugar dropped 20 cents per hundred yesterday. It was a refinery decline and was said to reflect the weakened condition of the sugar markets in the East, where refined sugar dropped 10 cents Friday and raws have been declining steadily for some time past.

Advance in Local Flour Quotations.

The expected advance in flour prices occurred yesterday, all local grades going up 20 cents per barrel. This advance was the result of the strength of the wheat market.

Bank Clearings.

Clearings of the Northwestern cities yesterday were as follows:

	Clearings.	Balances.
Portland	$ 839,860	$132,894
Seattle	1,236,277	134,325
Tacoma	663,325	30,119

FALL IS CHECKED

Stock Prices Again Steady, but Demand Subsides.

LONDON A FREE SELLER

Reports on Storms in the Southwest Cause Some Misgivings—End of Gold Export Movement Expected Soon.

NEW YORK, May 25.—Measures were taken in the stock market today to arrest the violent decline into which the price movement had run on Saturday. After these had been made effective, proceedings became dull and uninteresting and almost barren of events. London was a free seller of stocks here in the first half day and this was pointed to as a reflection of the unfavorable view taken by foreign investors in American securities of the new activity of the Government against railroad corporations signalized in the New Haven suit. Less was heard of that subject in the local discussion.

Reports of floods in the Southwestern States caused some misgivings and the grain markets were not free from signs of anxiety on the same score.

The outward movement of gold continued, although with some symptoms of the end of the demand approaching soon. Paris again secured all of the newly arrived gold in the London market, but a decline in the price of bar gold there and a rise in the London exchange rate at Paris indicated the unlikelihood that the movement would be continued. The National Bank of Germany's strong weekly returns seems to herald a reduction in its discount rate. The sub-treasury statement showed a gain by that institution on Saturday's operations of $11,197,000, representing the progress of the return by the banks of the Government's deposits in response to the Treasury call. While this completes the present demand of the Treasury Department, it is considered certain that further withdrawals will take place at an early day, as the course of the Government's finances clearly foreshadows the necessity for this. Time money rates were reported somewhat firmer, although not quotably higher. The close was strong.

Bonds were irregular. Total sales, par value, $3,276,000. United States bonds were unchanged on call.

No changes were made in livestock prices yesterday, and conditions similar to those of last week prevailed. OLD MONITOR AS TARGET

Torpedo Net to Be Given Test in Chesapeake Bay.

NORFOLK, Va., May 25.—The United States monitor Florida sailed from the Norfolk Navy-yard today for Hampton Roads preparatory to the gunners' tests in which the Florida is to serve as target ship. The Florida is preceded from the yard by the monitor Arkansas and torpedo-boat Morris, which will participate in the tests. These tests will begin at the old Southern drills in lower Chesapeak Bay. The tugs Mohawk and Rocket have been detached from the Navy-yard for the use of newspaper correspondents and others designated by the Secretary of the Navy.

In the tower built on the monitor for the tests have been placed "dummy" men who will act as targets for sharpshooting from the other vessel. The Florida presents an unique appearance. It is the first time in the history of the American Navy that the tests such as this vessel is to be subjected to have been attempted. The monitor will be fired upon as if she was a real enemy of war, this being for the purpose of ascertaining what position the formidableness of the monitor type of ship occupies.

The torpedoes to be shot at the Florida by the Morris will be repelled by a torpedo net about the monitor below her water line. This will be the first test of the torpedo net by the American Navy.

RAINS HURT WHEAT

Reports of Crop Damage in the Southwest.

FIRMER MARKETS RESULT

Other Strengthening Factors Are Higher Cables, Light Receipts, Brisk Cash Demand at Minneapolis and Kansas City.

CHICAGO, May 25.—Wheat opened firm because of small receipts in the Northwest, firm cables and heavy rains in the Southwest, where the new crop is now ripening. The market continued firm all day, although prices reacted at times on profit-taking. News was chiefly of a bullish nature, many of the reports repeating former rumors of damage by storms in Kansas. The new feature, however, was the report of rust in the vicinity of Springfield, Mo. Late in the day the market was further strengthened by a brisk demand for cash wheat by millers at Minneapolis and Kansas City. The close was firm. July opened ¼@⅜c to ⅝@½c higher at 90⅝c to 90⅞c; sold between 90⅝c and 91¼c and closed at 91⅛c.

Corn was weak early in the day because of liberal receipts, but became firm in the last half in sympathy with wheat. May closed at 74⅝c. July opened unchanged to ⅛c lower at 65⅝c to 66¼c, sold at 65⅝@65⅞c, and closed at 66⅛c.

Oats were firm because of the local buying of July on reports of "green bugs" in Indiana. July opened unchanged to ⅛c higher at 47⅛c to 47¼c, advanced to 47½c and closed at 47⅛@47⅜c.

A 15c decline in live hogs caused some weakness in provisions early today, but later the market became firm on buying by shorts and commission houses. July pork and lard closed unchanged and ribs closed a shade higher.

GRAFT TRIALS JUNE 8

Cases Against Ruef, Schmitz, Calhoun, Ford and Others Set.

SAN FRANCISCO, May 25.—All the bribery cases in Judge Dunne's and Judge Lawlor's courts have gone over until June 8 to be tried. The case against ex-Mayor Eugene Schmitz was called by Judge Lawlor this morning, and upon motion of Attorney Moore was continued to that date.

Judge Dunne being absent from the city, the docket in his court was read by Judge Lawlor, and the case against Abraham Ruef, Patrick Calhoun, Tirey L. Ford, G. M. Abbott and Thornwell Mullaly on joint indictment, and known as the trolley case, was also set for June 8. Attorney Moore, for Calhoun, asked that Calhoun be tried first and as soon as possible. Judge Lawlor refused to advance the case against Calhoun, and notified his attorneys that an order would issue from the court to have the defendant in court on Monday, June 8. Calhoun is now in New York.

Ruef's attorney asked for an order from the court permitting Ruef to leave the county jail to confer with his attorneys in preparation for the trial, but the request was denied. Sheriff Dolan has refused to permit Ruef to leave the jail except to attend the sessions of the court.

ROAD GAINS ITS POINT

Oregon Electric Allowed to Retain Present Track in Salem.

SALEM, Or., May 25.—(Special.)—The Oregon Electric Company tonight withdrew its application for a franchise for a "Y" on High and Mill streets and the City Council consented that the present "Y" on State street may be retained in use. The Council meeting was a rather stormy one, but resulted in what may prove a settlement of the franchise problem, though it is uncertain what the company will now do as to the location of its passenger depot.

W. H. Galvani, engineer for the company, openly charged that attempts to "hold up" the company are being made by persons who want to force the purchase of their property, and by others who wish street grades established improperly in order to reduce their expense of improvement.

M'CAMANT TALKS FOR CAKE

Forest Grove Republicans Receive Address With Enthusiasm.

FOREST GROVE, Or., May 25.—(Special.)—Masonic Hall was filled tonight to hear Wallace McCamant, of Portland, deliver an address in the interests of H. M. Cake and the Republican party. The speaker was often interrupted with applause when he mentioned Mr. Cake and the Republican party. He went into the past of the two parties and from each illustration convinced his hearers that the Republican organization was the most progressive and always has been. He appealed to the Republicans to lay aside any differences they may have and unite in the election of a Republican Senator.

Dr. W. D. Wood, regular nominee for State Senator, was present and given a rousing reception.

Shipping Notes of Tacoma.

TACOMA, May 25.—The American steamer Nevadan cleared for the Hawaiian Islands today and during tonight will leave out. The steamer has a full cargo of flour, feed stuffs, box shooks, lumber, fish and furniture.

W. R. Grace & Co. have chartered the Russian bark Dundee to load lumber on Puget Sound for Callao, this word having been wired to Tacoma today.

After spending nearly two weeks here, during which there have been some points at issue between master and charterers, the British steamer Sheila proceeded to Seattle today. The tramp will complete her cargo of flour for Japan.

The fishing schooners Theckla and Daisy arrived in with catches of halibut from the Cape Flattery banks.

WELCOME TURNS TO GRIEF

Sister Who Expects to Greet Brother on Fleet, Learns of His Death.

SEATTLE, Wash., May 25.—(Special.)—Gathered at the waterfront Saturday to meet her brother, L. Warner Stillman, Chief Yeoman on the battleship Louisiana, Mrs. David Anderson and half a dozen other relatives of the young man were handed a letter from R. E. Doyle, Yeoman on the ship and chum of Stillman, informing them of the latter's death from typhoid pneumonia in the naval hospital on Goat Island, in San Francisco Bay. The disease resulted from a cold contracted at Magdalena Bay.

The day before the fleet sailed out of Hampton Roads, Young Stillman, who is a distant relative of Admiral Charles S. Sperry, was married to Miss Florence Archer, of Providence, R. I., and his bride is now waiting there for his remains, which were shipped from San Francisco. His mother, Mrs. Asa S. Stillman, also lives at Providence.

Stillman had been in the Navy for three years. Previous to his enlistment, he was earning his way through college by doing newspaper work for New York papers. His poor health and a desire to see the world induced him to enter the Navy. When he obtained his discharge in August, he and his bride had planned to settle down in Seattle, where he has more than a score of relatives.

Pendleton Hired Man Accused of Firing Employer's Dwelling.

PENDLETON, Or., May 25.—(Special.)—Charged with attempting to burn his employer's dwelling, Ulysis Besanton, a laborer, was arrested today on complaint of C. E. Gibson. The fire occurred yesterday while the family were at church. Besanton says the flames originated from the explosion of an incubator, but circumstances in connection with the fire, which did $200 worth of damage, convinces Gibson that his hired man is guilty of arson.

IMPROVING MAIL SERVICE

PENDLETON, Or., May 25.—(Special.)—An important change in railway mail service, so far as Pendleton and the towns between here and Walla Walla are concerned, was inaugurated today when mail clerks were placed on the Pendleton-Walla Walla branch train. Scouring Mill to Reopen.

PENDLETON, Or., May 25.—(Special.)—It was announced today that the wheels of the Pendleton scouring mills would be started turning about June 1.
