MAY NOT APPEAL

But Thaw Objects to Confinement at Matteawan.

RESIGNED TO HIS FATE

Prisoner Talks Cheerfully to Reporters With Regard to His Case.

Silent Concerning Wife's Suit to Annul Marriage.

POUGHKEEPSIE, N. Y., May 25.—Harry K. Thaw has accepted apparently with resignation the decision of Supreme Court Justice Morschauser that he is still insane and that the interests of the public will be best served by denying him liberty. Pending the signing of the papers of commitment, which probably will not be done before a week from next Saturday, Thaw will occupy Sheriff Chanler's suite in the county building here. In the meantime, an effort will be made by Thaw's attorneys to induce District Attorney Jerome to consent to the commitment of the prisoner to one of the state hospitals other than Matteawan. It is said that in event of Mr. Jerome giving his consent to such a change no appeal will be taken from Justice Morschauser's decision. Even if an appeal were taken, it could not be argued before Fall.

Silent as to Wife's Suit.

After his attorney had shown him a copy of Judge Morschauser's decision, Thaw gave the reporters an interview, and talked volubly about his case and on everything except his wife, and when her name was mentioned he merely mentioned she stood up and indicated that the interview was at an end. His chief theme was the newspaper reports of the evidence on this trial. Much testimony favorable to him, he asserted, was not published, probably because it did not appear to the reporters interesting, while the newspapers printed it. Probably I should have done the same as the reporters in the same position.

Thaw did not discuss the action of

the court. He said that Mr. Jerome had done what he deemed his duty.

Cheerful in Circumstances.

Asked about a report that Evelyn Thaw would withdraw her annulment suit in order to try to have herself appointed guardian of her husband's property, Thaw said he had no fear of any such action. Thaw was cheerful for a man who had just heard bad news.

Graham said that the order for commitment would probably not be signed by Justice Morschauser until a week from next Saturday. In the meantime efforts will be made to induce Mr. Jerome to consent to Thaw's commitment to one of the state hospitals other than Matteawan.

If Mr. Jerome consents, Thaw will not appeal from the decision. If he does appeal, it cannot be argued before the Brooklyn Appellate Division until Fall. Mrs. Thaw, Harry's mother, and Mrs. George L. Carnegie, his sister, visited him in the jail today.

Thaw sent for the reporters a second time in which he gave out a statement in which he sought to make clear his point that District Attorney Jerome's "hot air" fooled the newspapers into giving more attention to points adverse to him than to those favorable to his case.

Thaw, to prove his contention, presented several typewritten pages of questions and answers covering completely his examination. Before leaving the reporters Thaw asked to have a denial made that he had discussed with his mother, Mrs. William Thaw, and his sister, Mrs. George L. Carnegie, who visited him today and Saturday, his wife's affairs, or talked with them about her annulment suit or the rumor that she would apply for appointment as trustee of his estate.

GOVERNED BY FATHER'S WILL

No Court Can Get Control of Harry Thaw's Property.

PITTSBURG, May 25.—Concerning the report that Mrs. Harry K. Thaw will abandon the proceedings to annul her marriage and attempt instead to be appointed a trustee or committee of her husband's estate, Frank Semple, agent and attorney in fact for the Thaw estate, said today:

It will take a very fine raker for any committee which may be appointed for Harry K. Thaw to find any estate in which he has an interest not provided for by the terms of his father's will. I can hardly believe about the report of the committee of his estate, but if she or anyone else is appointed trustee under the will of William Thaw have absolute control of all his interests in his father's estate. Personally, I know nothing about his personal affairs, except that the will makes explicit just how the interest of Harry K. Thaw shall be held and distributed. Certainly no order of court appointing a committee or trustee of his estate in the event he is finally declared insane could avoid or change the terms of the will of his father. It will stand, no matter what order any court might make.

WOMAN CATCHES ROBBER

FRUSTRATES PLAN TO STEAL \$43,000 ON STREET.

Thugs Throw Red Pepper in Bank Clerk's Face, but Brave Waitress Brings Police by Screams.

NEW YORK, May 25.—While three employees of the Jefferson Bank were on their way from the branch at Clinton and Houston streets to the main bank on Canal street, carrying \$43,000 cash, they were attacked on First street by three men, who jumped upon them and threw pepper in their faces, the leading thug attacking Samuel Edelman, who carried the money, grabbing his money-bag and attempting to run with it. The other thugs took care of Joseph H. Velsor and Abraham Stern, the other messengers.

Edelman tried to shake his assailant off, but was falling badly under the punning, when Mrs. Eva Javornicka, a waitress in a nearby restaurant, grabbed the leader of the attacking band by the arm. She screamed so loudly for help that a patrolman came running up, frightening the other two thugs away, and was right at the heels of the man who had attacked Edelman by the time he had managed to shake himself free from the waitress. The fugitive was captured.

The man arrested gave his name as Chaimo Riccobono. The police tonight arrested Riccobono's father, Giovanni Riccobono, and his two brothers, Salvatore and Damiano, who are held as suspects for a further examination tomorrow.

BURGLAR ROBS DETECTIVE

Insults Chicago Thief-Catcher by Leaving His Gun.

CHICAGO, May 25.—A burglar with a humorous turn of mind, who picked up his victim a detective noted in his district as an expert "thief catcher," is one of Chicago's latest acquisitions. The midnight prowler broke into the policeman's room while he lay asleep in bed, appropriating diamond cuff buttons, stickpins, other articles of jewelry and some cash, which he found under the detective's pillow.

The thief added insult to injury—he left the policeman's gun, not even removing the cartridges before he left, but he took his star.

burglar. Reynolds asserts he was chloroformed before he was robbed.

SHIPPING OREGON BERRIES

Hundred Crates of \$4 Fruit Sent From Hood River by Express.

HOOD RIVER, Or., May 25.—(Special.)—The strawberry season opened at Hood River yesterday, when 100 crates of berries, selling at \$4 a crate, were shipped by express. Indications now point to a crop that will reach 100 cars and will be of as fine quality as any that has ever been shipped from Hood River. This is said to be indicated by the long blossoming period, which this year has extended over a period of 40 days. The blossoms are also larger than they have ever been known to be, a fact which is said by veteran growers to show that berries will be extra large this year. As the picking season usually lasts for the same length of time as the blossoming period, a longer season than usual is looked for, and a far bigger crop than has been gathered for the last three years. It is estimated that the acreage in berries this year is in the neighborhood of 60. This is somewhat smaller than it has been in previous years, but is offset by the extra heavy bearing condition of the plants which now show that they were touched by frost.

The unusually cool weather this year has made the berry season somewhat later than was expected and shipments so far have been light. Prices, however, have been good, and are still holding firm at \$4 a crate. Many more orders than can be filled at this price have been received and it is not expected that there will be much of a drop in this figure for several days. It will take a number of warm days to very materially increase the output and big shipments are not looked for before the 1st of June. Pickers should be on the ground and ready for business by that time, and are expected to make good money.

CLYDE LINER AGROUND

Steamer Seminole Goes Ashore on New Jersey Coast.

LONG BRANCH, N. J., May 25.—The Clyde Line steamer Seminole, bound for New York from San Domingo City and West Indian ports, went aground off Pleasant Point during a dense fog today. She is lying in an easy position in about 12 fathoms of water close up to the beach. The sea is calm and the steamer is in no danger. The life-saving crews have gone to her assistance, and the big wreck tug Rescue is standing by waiting for a favorable opportunity to attempt to float her.

At the office of the Clyde Line in this city it was stated that the steamer undoubtedly has passengers on board, but their number is unknown to the officials of the line.

CHANGES GROOMS AT ALTAR

WENATCHEE LASSIE JILTS NEW LOVE FOR THE OLD.

Man From Sunny Tennessee Appears After License Is Secured, but the Bride-to-Be Orders Another.

SPOKANE, Wash., May 25.—(Special.)—Miss Ona Stevens, of Leavenworth, rejected the attentions of the man she was to marry yesterday and became the wife today of her old lover, who just arrived Saturday afternoon from sunny Tennessee, says a special from Wenatchee.

On May 23 Clarence Mynder and Ona Stevens, both of Leavenworth, appeared before the County Auditor here and secured a license to wed, the wedding to be celebrated Sunday, the 24th. The trousseau was made and everything put in readiness when W. Hatmaker, an old sweetheart of Ona's, appeared in Leavenworth Saturday afternoon to call on the girl, who had left him back in La Follette, Tenn.

Learning that Ona was about to become the wife of a new lover out West, he sought her out and succeeded in convincing her. This morning Miss Ona appeared before the County Auditor and had the license which was granted Saturday canceled, and then requested that official to write another license to wed, using the name of W. Hatmaker as the groom and Ona Stevens as the bride. Judge Palmer celebrated the ceremony.

REFUSE AN ARBITRATION

Cleveland Strikebreakers Will Insist on Their Seniority.

CLEVELAND, May 25.—President Dupont, of the Municipal Traction Company, today announced that the motor-men and conductors now employed by his company had, by an overwhelming vote, not decided to submit their rights to seniority of position to arbitration. Dupont declared, as a result, that the men who had worked during the strike must have first choice of runs. Many of the strikers, it is said, returned to work today, accepting any run assigned to them.

According to a statement given out by Chief of Police Kohler today, four striking conductors and motormen have confessed to taking part in the dynamiting of streetcars in various parts of the city last week. These men are now in custody. It is also said that a number of other arrests in connection with the dynamite outrages will be made today.

today. No trouble of any kind has been reported.

The State Board of Arbitrators, who are acting as mediators between the company and the strikers, resumed their work with the two committees, one from the strikers and one from the company, today in an effort to name the third arbitrator. Following the vote of Saturday over 700 strikers voluntarily returned to work yesterday.

Mulal Hafid Raising Army to Grantify His Vengeance.

FEZ, May 25.—Mulal Hafid's envoy has returned here with a letter from General Bagdadi, chief of the Army of the Sultan, Abd el Aziz, announcing his intention to bombard Mequinez. The usurping Sultan became furious at the defiance and placed General Bagdadi's brother under arrest. He is now engaged in raising an army among the neighboring tribes with the avowed purpose of exterminating General Bagdadi and his forces.

USEFUL HINTS TO HOUSE-KEEPERS

A COAT of Natural Jap-a-lac applied over old or new linoleum or oil cloth will double its life, by preserving the original coat of varnish which would otherwise soon be washed or worn off.

WEATHER BEATEN front doors are revived and beautified when coated with Jap-a-lac, and "newness follows the brush." It is best to use the color nearest that of the old finish.

WINDOW and DOOR screens should be coated with Jap-a-lac each Spring, using the Brilliant Black on the wire, and the Mahogany, Oak, Cherry or Walnut on the frames. It gives them new life and the wire cloth is protected from rust.

PORCH FURNITURE should be protected and beautified each Spring with Jap-a-lac. It is best to use the color of the old finish; but if you wish to change the color, use Red or Green Jap-a-lac.

WICKER FURNITURE coated with Mahogany, Ox-Blood Red, Malachite Green or Gloss White Jap-a-lac, looks better than new.

WATER PIPES, furnace fronts, radiators, hot water tanks and iron fences are preserved and beautified with the use of Jap-a-lac. Use the Gold, Aluminum, Dead Black or Brilliant Black.

PICTURE FRAMES, candelabra, gas fixtures, lamps, etc., given a coat of Gold, Aluminum or Dead Black Jap-a-lac, are renewed almost beyond belief.—The Dead Black produces that beautiful wrought-iron effect.

OLD AUTOMOBILES, carriages, wagons, agricultural implements, etc., Jap-a-lac-ed with either Brilliant Black, Red, Green or Empire Blue, look 100 per cent better, and are given new life. The cost is nominal, and the work can be done by an inexperienced person.

JAP-A-LAC is a household necessity, and can be used in a hundred and one ways, from "cellar to garret," and is especially adapted for finishing old or new floors and woodwork. Ask your paint dealer.
