# · OUTLOOK FOR FRUIT

Cherries, Prunes and Pears Will Be Scarce in Oregon.

HURT BY APRIL FROSTS

Bumper Crop of Apples Promised as Result of Systematic Spraying. Walnuts and Filberts Do Well-Cannery Situation.

District Fruit Commissioner James H Beld has been investigating fruit prospects in the Valley and believes that excellent crops will be produced of all varieties except cherries, pears and prunes. These fruits were seriously injured by the two heavy froms that occurred in April. Mr. Reid

mays:

'I knew the frosts did much damage, but it was far greater than I expected. Of cherries, not over 25 per cent of a crop will be picked, while only 30 per cent of a crop of prunes is now in sight. Cherries and prunes always go together, when any crop injury is to be figured upon. Bartlett pears will be surremely scarce this your, possibly only 15 per cent of a crop. Most of the pears that are left will be scabby on account of excessive rains at spraying time. of the pears that are sets with as account of excessive rains at spraying time.

"There will be a bumper crop of apples in Oregon Not only have the climatic conditions been favorable, but the spraying that has been done will show in wonderful results. Hundreds of orchards in the state that have not for ten years produced applet that have not for ten years produced applies fit for the market will this year turn out good marketable apples in abundance. Byerything looks good for the peach crop. Herries are also doing well. The early strawherry crop suffored, or course, but the late crop should be good and there will be heavy yields of logan and black berries. It

grape crop.
"English wainnis and filberts give promise of excellent yields, though it is too early yet to say definitely what the outcome will

The recent developments in the cherry The recent developments in the cherry situation have upset the plans of the cannerymen. In the early part of the season when the prospects were favorable for a 
large crop, the canners figured on opening 
the cherry market at 2½ cents a pound and 
they made no contracts with growers, as 
they expected to get all they wanted at 
their own price. Last year canning cherries sold firm at 5 cents and it does not 
look as if lower prices would prevail this 
year.

### POTATOGROWERS ARE FIRM HOLDERS

There were no new developments in the potato situation yesterday. A number of growers were in town investigating the situation and they expressed themselves as well pleased with the outlook—in other words, they will continue to hold. Specula-tive dealers are of the same frame of mind tive dealers are of the same frame of mind and are quietly sitting down on their pur-chases and waiting for San Francisco buy-ers to come to their terms. The bearish telegrams sent from the Bay City have failed to have any effect on holders in this section. They believe that as seen as the limited stocks in San Francisco are ex-hausted prices will necessarily go higher. Business in the country is almost at a standstill. Rumors were again current yes-terday that 90 cents had been paid for terday that 90 cents had been paid for

The jobbing market was exceedingly firm at 90 cents to \$1 and the etreet looks for a further advance. New California potatoes were in better supply and were quoted at

## FIRST GREEN CORN OF THE SEASON

Small Lot Sells at 60 Cents a Dozen.
Strawberries Are Firm.
More strawberries arrived yesterday than
on Tuesday, but the supply was not sufficient for the local trade and prices were quoted very firm. Oregon berries brought 15@17\(\frac{1}{2}\) cents and most of the Californias soid at \$1.00 per crate. Black cherries were scarce and firm, but plenty of red cherries were offered. There is a scarcity of ripe bananas on the street, but two or three bananas on the street, but two of three cars are due today. A shipment of Hawaiian pineapples was received and quoted at \$3.0.50 per dozen.

The first green corn of the season appeared, a small shipment arriving from Brawley, Cal., which brought a high price.

60 cents per dozen. Wax and green beans were plentiful, but pess were in limited sup-ply, tolephones selling at 7 cents. The street was practically bars of tomatoes. A fal ent of eteamer truck was distributed and a car of cabbage was received.

### Market Bare of Turkeys.

The poultry market, for the most part, was slow yesterday. Chickens were in good supply and dragged. Prices ruled about meady except on fryers and broilers, which were weaker. Ducks were also quoted easy. There was a good demand, however, for turkeys, especially hens, but the market was bare of them. Eggs moved at the previous range of

prices, 19620 cents, with adequate receipts.
There was no change in the butter situation. City creamery butter was in active
demand and firm and outside brands moved

### Dendlock in the Hop Market.

The deadlock between buyers and sellers in the hop market continues, and trading is, consequently, on a very limited scale. Grow-ers are not willing to accept the present prices offered and none of the heavy buyers has shown any disposition yet to advance

Club, Valley and red wheat quotations were advanced a cent at the Board of Trade yesterday. Trading in wheat was reported quiet and the other cereais were also dult. Much of the business being hundled

now is of a cleaning-up nature.

PORTLAND LAVESTOCK MARKET.

Prices Quoted Locally on Cattle, Sheep and Hogs.

Active conditions prevailed in the live-stock market as a result of the moderate receipts of the past few days. Best grades of cattle moved well at firm prices, though common stock was in less demand. In hogs, similar conditions prevailed. The demand for sheep proved sufficient to take care of all offerings though the market still has a weak tone. Lambs and calves were quiet. Receipts resterday were 297 hogs, 67 cattle and 500 sheep.

Some such reports today were of considerable effect. This effect was clearly seen in the case of some of the railroade of lower credit under suspicion earlier in the year of financial embarransment, but since credited with being asfely extricated from their troubles. On account of these rescues, the rebound in stocks from extrems depression was particularly violent, leaving them the more vulnerable to the revival of rumors impugning their solvency. passed at the last meeting, providing for the sale by the city at anction of an old horse which has been used in the service of the Park Board. Even at the conclusion of nearly an hour of

the service of the Park Board. Even at the conclusion of nearly an hour of debate the City Council failed to do anything further with the question than to sustain the vote, thus deciding that the old horse should not be sold. It is probable that the horse will be killed.

The vote of the Mayor on an ordinance appropriating 500 to the decorating of the East Side was also sustained as was the veto of an ordinance appropriating 500 for examination of the feasibility of establishing a garbage crematory on the river and maintaining barges for hauling purposes.

ing purposes.

An ordinance was ordered drawn whereby the city will be enabled to form a contract with the Red Cross Ambulance Company, which submitted a bid of \$174 a month to answer all contagious and emergency ambulance calls for the city. An ordinance providing for the taking over of Fulton Park by the city was also ordered drawn up. ordered drawn up.

Liners Try for New Records.

NEW YORK, May 27.-New ocean rec-rds will be tried for by the giant liners ords will be tried for by the giant liners Mauretania and Lastiania, which set out today from opposite sides of the Atlantic. Owing to the delay in getting out of drydock, the Mauretania was not able to leave Liverpool on Saturday according to her schedule, so that on the passage beginning today she will attempt to make the round trip within two weeks. If she succeeds it will be the shortest round trip on record, Her schedule calls for her arrival here on Monday, when she would discharge her cargo, take on coal, passengers and baggare and sail for Liverpool on Thursday, June 4.

Meantime the Lustiania sailed from here today on the second lap of her round

meantime the Lantania sailed from here today on the second lap of her found trip for the subvention offered by the British government for an average speed of 24.5 knots on each voyage of a round trip. Her average on the first half of the trip which ended here last week was 24.33 knots.

### Wanderer Becomes Demented.

Wanderer Becomes Demented.

GOLD BEACH, Or., May 27.—A demented wanderer who came into town from the South was taken up by the authorities, adjudged insane and committed to the State Insane Asylum. The guards were sent for and he was removed from here Saturday. He was a pittable looking object when he wandered into town. Nothing is known of him except what was learned from a paper which he presented and which was as follows:

CHIHUAHUA, Mex. Dec. 5, 1907.

To Whom It's Presented: The bearer, Frank Williams, was one of five that on Jamasy 2, 1804, were hown up in the Santa Eulalia mine. He has been 11 months and 4 days at the 5t Francis hospital suffering from several severe scalp wounds and Slood poisoning effects which leave him in an incurable condition, being unable to perform manual jabor. He is trying to receive donations enough to enable him to establish a small business of some kind. Any assistance rendered or given him will be a worthy act of charity.
