OREGON'S TRACK TEAM GOES NORTH

Athletes From Four States Will Contest at Seattle on Saturday.

Score Expected to Be Close, but Seattle "Bill" Haywood's Engene Champions Believed to Have Excellent Chance for Victory.

UNIVERSITY OF OREGON, Eugene Or., May 28 .- (Special.)-The varsity track team left today for Seattle to be on hand for the big four-cornered meet between Idaho, Washington, Montana and Ore gon, which takes place on Saturday, May 80. Trainer Hayward believes that Oregon can win the meet, though he declares it will be a close squeeze for high points. The admission of Montana into the meet, which heretofore has always been between Oregon, Washington and Idaho, adds a new factor to be reckoned with. Montana has several strong men, including Maloney, an old Michigan star, who takes care of the half and mile, and Malcolmson, a star sprinter and hurdler, Montana's strength may count a great deal in determining the winner, but local enthusiasts believe her admission will hurt Idaho more than the other teams, as she is depending on the distance races.

Idaho Fast in Distances. Trainer Hayward believes that Ore-Idaho Fast in Distances.

Idaho has several stars, Edmunson, the phenomenal middle distance traveler, and Montgomery, the speedy sprinter and burdler. If Montgomery can do the \$4-5 seconds in the hundred that he was credited with in the recent Idaho-Montana meet, local sprinters will concede him first place. Montgomery was defeated by Martin, of Whitman, who was in turn vanguished by Huston, of Oregon, in 10 seconds flat.

Washington's aprinters have not shown

gon, in 10 seconds flat.

Washington's sprinters have not shown championship form as yet this season. They were barely able to keep in sight of Martin in the Whitman-Washington meet. Moon and Roberts, of Oregon, will give Montgomery, of Idaho, a good chase for honors in the 2:20 dash. Montgomery is credited with 22 flat, while Moon has done 22.1-5 and was within less than two feet of Martin when he made his record of 21.4-5 in the Whitman-Oregon meet. Oregon expects as good as second place in gon expects as good as second place in the 440 dash, conceding first to Edmunson

Oregon Counts on Kuykendall.

The varsity team will send some strong men after the distances in Dodsen, May and Downs. Captain Dodson, May and Downs. Captain Kuykendall will undenbtedly get away with the broad jump and high hurdles, in which two events he has not been defeated this season. He has formed a habit of jumping over 22 feet at every trial and does 16 seconds in the hurdles consistently. Huston and Roberts will make a strong bid for the low sticks. They are both good for 26 flat, but if the record of the Idaho man, Montgomery, of 25 seconds flat in the 220 hurdles is authentic, he can be awarded first without much hesitation. Mulden of without much hesitation. Mulden of Oregon looks like a winner in the pole-vault, for he has been doing around 11 feet in every meet of the season. He hurt his leg in the recent O. A. C. meet, and this may somewhat detract from his ability in the coming meet. Not much is known of the vaulting strength of the other three teams

is good for 133 feet and never varies more than five feet on either side of this mark. McIntyre is Oregon's best man in the discus and shot, having records of 115 feet 8½ inches, and 41 feet 5 inches, respectively in these events. Bantz of Washington is a very important factor in figuring out the results in the weight events, for he has made some very good records in this line. Not much is known in the Oregon camp of the strength of Idaho and Montana in the weights.

Nothing definite as to the outcome of the meet can, of caurse, be laid down, but local estimates give the final results as follows: Oregon 40, Idaho 35, Montana 27 and Washington 20, This is considered to be a fairly close estimate. In it Idaho is awarded the five points for the relay.

Last year the meet was won by the H. M. A. and the relay race by Portland Academy, the individual medal going to Sam Mays. It is the intention of the student body to make this meet surpass the one of last year and no pains are being spared to bring about this result. The city and college will be turned over to the young aspirants. On Friday there will be a competitive drill given by the college cadets, and after the trial heats the visitors will be shown over the campus. On Saturday evening there will be a dance, where the medals and prizes will be given out. After the dance there will be a banquet.

It is hard to estimate as to which team will be the winner. Pendleton will send down a team that is composed entirely of stars, all of whom have been in the limelight for some time. Orie Jay is probably their strayers.

Mrs. Gunness Said to Be Seen Alive in Two Places. '

LA PORT, Ind., May 28.-Messrs, Darrow and Worden, representing Ray Lamphere, are in receipt of a postal card mailed in New York, but unsigned, say-

ing Mrs. Gunness might be found at 213 Seventeenth Street, Brooklyn.

J. W. Voorhees, a lumber dealer at Pocahontas, Kas., writes that on May 11 a woman strikingly resembling the picture of Mrs. Gunness printed in the papers, called at his office and solicited contributions for the children's orphans home at Mount Grove, Ohio.

Lamphere's attorneys stated today that detectives have located in Chicago the mysterious "S. H.," who claims to have seen and talked with Mrs. Gunness in Ogden, Utah, six days after the fire here which destroyed her home. They say "S. H." showed the detectives a letter purporting to have been written by Mrs. Gunness, in which she told of escaping in man's clothing, that she threw her gold teeth into the fire and that she is well and happy.
