MR. FORAKER DECIDED TO DO EVERYTHING IN HIS POWER TO OBTAIN THE SENATORSHIP.

IN HIS CAMPAIGN FOR RE-ELECTION, MR. FORAKER, IN RETURN FOR THIS SUPPORT, WILL EFFORT TO SPLIT THE OHIO DELEGATION TO THE NATIONAL CONVENTION.

Mr. Foraker, in return for this support, will effort to split the Ohio delegation to the national convention. All this was brought about by Mr. Foraker himself—that is to say, the let-up on Mr. Taft. He was not requested to join the Taft movement on the contrary, the Taft people fought him all along the line, and beat him in every instance. He was compelled to beg for mercy. As a consequence, many of the colored voters who might otherwise have bolted the Republican ticket, will remain in line, and the negro vote will not be an antagonistic to Mr. Taft as had been expected.

If Secretary Taft can make a fighter like Mr. Foraker surrender, he must be written down as an adroit politician and a scrapper of unusual ability. Mr. Foraker is perhaps the most determined fighter in the Senate, but he met his match when he met Mr. Taft, and like a good fighter, he has up and down he was defeated—rather, when he awakened to the fact that he was facing certain defeat.

THE LYRIC, Baltimore, Md., June 1.—(Special.)—This has been the busiest day for the Methodist Episcopal General Conference. Reports have been rushed through with but little discussion, as great care had been given all reports by the committees. The probationary period was abolished. The term, "presiding elder," was abolished, and the term, "district superintendent," was substituted therefor. The Pacific Christian Advocate was given \$1500 per year, and the White paper a liberal support. Bishop Hughes will have charge of the annual conferences of the Northwest this Fall.

NEW WAY TO TRY HERETICS.

Some of the more important measures had to run the fire of debate before being acted upon. One of them pertained to heresy trials. Charges of heresy which may be laid against professors in the seminaries, if they come to the bishops, will in the future be turned over to the annual conference of which the accused is a member. If he is a minister, and if a layman, the pastor of the church to which he belongs. In the past, when charges of this character have been preferred against a teacher, the bishops have had to pass upon their validity and afterward appoint conferences to sit at their trials.

USEFUL HINTS TO HOUSE-KEEPERS

A COAT of Natural Jap-a-lac applied over old or new linoleum or oil cloth will double its life, by preserving the original coat of varnish which would otherwise soon be washed or worn off.

WEATHER BEATEN front doors are revived and beautified when coated with Jap-a-lac, and "newness follows the brush." It is best to use the color nearest that of the old finish.

WINDOW AND DOOR screens should be coated with Jap-a-lac each Spring, using the Brilliant Black on the wire, and the Mahogany, Oak, Cherry or Walnut on the frames. It gives them new life and the wire cloth is protected from rust.

FORCH FURNITURE should be protected and beautified each Spring with Jap-a-lac. It is best to use the color of the old finish; but if you wish to change the color, use Red or Green Jap-a-lac.

WICKER FURNITURE coated with Mahogany, Ox-Blood Red, Malachite Green or Gloss White Jap-a-lac, looks better than new.

WATER PIPES, furnace fronts, radiators, hot water tanks and iron fences are preserved and beautified with the use of Jap-a-lac. Use the Gold, Aluminium, Dead Black or Brilliant Black.

PICTURE FRAMES, candelabra, gas fixtures, lamps, etc., given a coat of Gold, Aluminium or Dead Black Jap-a-lac, are renewed almost beyond belief;—the Dead Black produces that beautiful wrought-iron effect.

OLD AUTOMOBILES, carriages, wagons, agricultural implements, etc., Jap-a-laced with either Brilliant Black, Red, Green or Empire Blue, look 100 per cent better, and are given new life. The cost is nominal, and the work can be done by an inexperienced person.

JAP-A-LAC is a household necessity, and can be used in a hundred and one ways, from "cellar to garret," and is especially adapted for finishing old or new floors and woodwork. Ask your paint dealer.
