Convention Afro-American National League Meets in Chicago June 12.

SPECIAL CALL IS ISSUED

Purpose to Discuss Presidential Candidates and Campaign Issues. Head of Organization Makes Forecast of Its Action.

LOS ANGELES, June 1.—A call for a National convention of the Afro-American National League at headquarters in Chicago, 3213 Wabash avenue, June 12 to 15, for the purpose of making an endorsement of one of the candidates for President of the United States was issued today by Charles Felix La Fon, president of the league.

La Fon is chief steward in charge of the private car of ex-United States Senator W. A. Clark.

In an interview this afternoon, President La Fon said that the convention would doubtless endorse Secretary Taft for President.

La Fon was of the opinion that the Brownsville incident would not influence the choice of the negro convention.

BRYAN MUCH DISAPPOINTED

Sorry Currency Bill Passed—Continues His Nebraska Tour.

CHADRON, Neb., June 1.—William J. Bryan opened the second week of his Nebraska tour at Chadron, where he addressed an early morning crowd.

Mr. Bryan was greatly interested in the outcome of the Aldrich-Vreeland currency bill in the United States Senate.

The currency bill, though called an emergency measure, as part of a political association formed several years ago to secure a change in the basis of bank notes.

A stand on the principal corner here was surrounded by one of the most enthusiastic crowds which has greeted Mr. Bryan.

fixed at a rate higher than this difference, he believes, as not only unnecessary as a means of protection, but as evidence of the temptation to capitalists to form monopolies and trusts in this country for the control of the market in that particular product.

From this information the prediction is declared to be a safe one that the tariff plank is to be presented to the resolutions committee by the Taft adherents.

Among other nominations not confirmed by the Senate were those of 42 Postmasters, and Lewis Dabney, Indian Inspector, and Newton Dwight Purdy.

JUDICIAL COMMITTEE, IS SAID TO BE A SAFE PREDICTION.

The conference will not be restricted in their personnel, and it is believed that before the Taft platform is finally perfected for submission the views of many of the party leaders will have been obtained.

SYNOPSIS OF OHIO PLATFORM

The Ohio Republican platform, which is to form the basis of the National Republican platform, says on the leading issues:

"This Nation, we stand for those ideals of government which mean justice, equality and fair dealing among men; a brave and impartial enforcement of the law; commercial and industrial liberty; individualism as against socialism; competition as against monopoly; Government regulation as against Government ownership; the promotion of the best interests of labor and capital and the unflinching protection of both; compensation for injured employees of the Government; the re-enactment in constitutional form of the employers' liability act; a limitation in the exercise of the power of injunction, in order to prevent its abuse; a greater merchant marine and an adequate Navy.

"A revision of the tariff by a special session of the next Congress, insuring the maintenance of the true principle of protection by imposing such customs duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to the end that, without excessive duties, American manufacturers, farmers, producers and wage-earners may have adequate protection.

"Such modifications of the currency laws as will provide for the demands of commerce, satisfy the needs of all portions of the country and have at all times the quality of undoubted security.

"Reduction of representation in Congress and the Electoral College in all states of the Union where white and colored citizens are disfranchised, is demanded.

"Concerning President Roosevelt's administration, the platform says: 'We endorse his splendid administration and declare that neither halt nor retreat shall be sounded in the march toward better government.'

"It specifically approves the railroad rate law, prosecutions of trusts and railroads and evildoers in the public service.

UNCLE SAM TO SECURE FAIR ELECTION IN PANAMA.

Campaign Develops Revolutionary Tendencies—Squiers Called Home to Explain Meddling.

WASHINGTON, June 1.—The Panama presidential campaign, which is to culminate in an election the first week in July, has recently developed "revolutionary tendencies" to such an extent as to cause grave concern and the serious intention to employ severe measures on the part of the American Government to insure a fair and honest election, probably the first in the history of Central America.

The 500 American marines stationed on the Isthmus will be detailed to the election places. As some precincts will need no armed supervision and others will need several troops, they will be distributed where they will do the most good.

The call for a personal report from Minister Squiers is the result, it is explained, of new developments.

At the same time, Mr. Squiers may be asked to explain certain newspaper comments to the effect that he has allowed himself to become enthusiastic in favor of one of the candidates.

Rockefeller Admits Publicity Has Helped Bible Cause.

NEW YORK, June 1.—John D. Rockefeller, entering a discussion of subjects brought up by the Rev. Dr. A. K. A. in the Bible class of the Fifth Avenue Baptist Church yesterday, said that reports of the class meetings published in the newspapers had been of great value to the class.

"This class has 188 enrolled members," said Dr. A. K. A., "of whom 144 are church-members, so despite the marvelous reporting done by the newspapers in connection with this class it is doing very excellent work.

"They certainly have," said Mr. Rockefeller. "I like the newspapermen and like to see them, like to talk with them. Sometimes they go too far, though you cannot always blame them. Perhaps I would do the same thing if I were in their places—I mean, give way to my enthusiasm. But I don't think that it is exactly right that when I say a few words to a newspaperman in a social way he at once writes a so-called authoritative interview with me, a column or more, putting things into my mouth that I never said.

"But, God bless you reporters for the good you have done and God forgive you for any evil you may have perpetrated."

PURDY IS NOT CONFIRMED

UNITED STATES JUDGE FOR THE DISTRICT OF MINNESOTA

The nomination of Purdy was doomed to fall of affirmation. He was nominated by the President without consulting the Minnesota Senators, to whom he is not especially obnoxious, but they considered they had a right to be consulted concerning such an important office within their state.

As soon as Senator Nelson saw the nomination he remarked:

"I may not be a Senator at the White House, but I am a Senator at the Capitol."

The nomination was referred to Senator Kittredge of the sub-committee and in his possession found a permanent resting place.
