SUDDEN DEATH OF JAMES K. JONES

Democratic Chairman in Two Bryan Campaigns Breathes His Last.

WROTE PLATFORM OF 1896

Leader in Silver Movement and Bryan's Chief Advocate — Hard Worker for Tariff Revision While in Senate.

WASHINGTON, June 1.—Ex-Senator James K. Jones, of Arkansas, died at his home at 5:30 o'clock this evening, after an illness of a few hours, aged 69 years. He was one of the leading Democrats in the Senate from 1885 to 1903 and was one of the strongest supporters of W. J. Bryan, having as chairman of the Democratic National committee conducted the campaigns of 1896 and 1900. Since leaving the Senate in 1903 he has conducted a law practice in this city and has not since actively engaged in politics.

On Friday Mr. Jones returned from a visit to his daughter, Mrs. Leona Carrigan, in Arkansas, and last night was apparently enjoying good health. Complaining slightly this morning, he remained in bed and at 5:30 this afternoon died of heart failure.

Fought for South and Democracy.

A native of Mississippi, where he was born in 1839, James Kimbrough Jones received a classical education and fought as a private soldier in the Confederate ranks throughout the Civil War. After the war he engaged in farming, but studied law in his leisure moments and was admitted to the bar in 1873. He was elected to the 47th and the two succeeding Congresses and in 1885 succeeded to the seat of James S. Walker in the United States Senate, where he served three terms, retiring in 1903.

Mr. Jones was a delegate to the National Democratic convention of 1896 which gave Mr. Bryan his first nomination and as chairman of the committee on resolutions he presented the 16 to 1 platform. He was made chairman of the National committee after the convention and as such conducted both the Bryan campaigns for the Presidency.

Was Leader in Senate.

Mr. Jones came forward rapidly as one of the leaders of his party and was for several years chairman of the Democratic caucus. He was a member of the subcommittee on finance which reported the Wilson-Gorman tariff bill and was an earnest advocate of tariff revision. Although not an orator, Mr. Jones was a forceful and logical speaker and was often heard in debate.

Mr. Jones is survived by his wife and three children, Mrs. Carrigan of Arkansas, Miss Sue Jones and James K. Jones Jr., of this city. Mr. Jones will be buried in this city and many of his former colleagues in Congress who have not yet left the city will remain to attend the funeral.

BRYAN EXTOLS DEAD LEADER

Says Jones Enabled Silver Men to Capture 1906 Convention.

ALLIANCE, Neb., June 1.—William J. Bryan was delivering an address before an audience in this city tonight when a representative of the Associated Press handed him a telegram telling him of the death of Senator James K. Jones. He read the telegram, and stopping in the middle of his address, said:

"I have just learned that Senator Jones, of Arkansas, died suddenly in Washington. It is a sad bit of news to announce to a Democratic audience, for Senator Jones was chairman of the bi-metallist convention that carried on the fight in 1896 that ended in our capturing the Chicago convention in 1896. To him I am indebted for the opportunity to close the debate on the platform and make the speech that I presume will stand as the most effective one I ever delivered. As soon as this meeting is over I shall take occasion to send a message of regret and condolence."

Late in the evening Mr. Bryan sent an expression of grief to Mrs. Jones.

LOW IS NOT AUTOCRATIC

Old Soldiers Must Apply for Increased Pensions.

Old soldiers drawing pensions under the service pension act will not have their pensions increased as they advance in years, except upon their own application. The service pension law grants pensions of $12 to veterans between 62 and 70 years of age, $15 to those between 70 and 75 and $20 to those over $75. It was generally presumed that the increases would be granted automatically by the Pension Bureau, but the contrary proves to be the case. Representative Hawley, of Oregon, took the matter up with the Commissioner of Pensions, and received the following reply:

"Before the pension of a soldier who has attained the age of 70 years can be increased to $15 per month under the provisions of the act of February 6, 1907, or that of a soldier who has attained the age of 75 years can be increased to $20 per month under the provisions of said act, it will be necessary for him to assert title thereto by filing a formal declaration in this Bureau. It was proposed to amend the law in this regard, but the bill has failed to become a law."

Old soldiers need not employ attorneys in order to procure these increases, but need only inform the Commissioner of Pensions that they have passed the age of 70 or 75, as the case may be, and therefore entitled to the increase provided by law. Such notification to the Pension Office, with a request for the increase, will be acted upon promptly.

HAAS READY TO BE TRIED

Another Accused Cotton Broker Surrenders to Court.

NEW YORK, June 1.—Moses Haas, who was indicted by the Federal grand jury on Friday, with Theodore H. Price and others, in connection with the cotton-report leak scandal, surrendered himself to United States Commissioner Shields today. The indictments charge conspiracy to commit a crime against the United States and bribery. He was arraigned before Judge Hough, in the United States District Court, and bail was fixed at $5000.

Haas was accompanied to court by his counsel, Nash Rockwood, who informed the court that he was also counsel for Frederick A. Peckham, indicted with Haas and Price. Judge Hough notified the attorney that Peckham, who is already under $12,000 bonds, should be prepared to furnish additional bail to the amount of $5000.

Warrants for Cotton Men.

WASHINGTON, June 1.—Bench warrants were issued today for Theodore H. Price, of New York, a cotton operator; E. S. Holmes, Jr., former statistician of the Department of Agriculture; Moses Haas and Frederick A. Peckham, both of New York, charging them with conspiracy. The warrants are in the Government cotton report leak cases, and were issued for the New York men for the purpose of causing their arrest and return to this jurisdiction for trial.

BUILD VANCOUVER LINE

NEW COMPANY TAKES OVER STREETCAR SYSTEM.

Extension of Lines to Interior of Clark County Promises to Increase Business for Vancouver.

VANCOUVER, Wash., June 1.—(Special.)—Articles of incorporation for the Vancouver Traction Company were filed this afternoon with the County Auditor, by Attorney M. A. R. Connors for Senator E. M. Rands, Vancouver, W. J. Patterson, Baker City, and A. Welch, Portland, as incorporators.

This company takes over the old streetcar company, which was formed by Mr. Moore and his associates, and its object is to finish construction of the work already started, and then to extend the line through Clark County.

The incorporation papers permit this company to construct and operate a telephone and telegraph system and to carry freight and express. This should make Vancouver a shipping center for fruits and dairy products from throughout the county and increase the population of this city by several thousand.

The board of trustees of the new company is composed of Harrison Allen, Bert Yates, W. J. Patterson, A. Welch and E. M. Rands.

SOON PRINT NEW NOTES

The Treasury Department Hastens to Carry Out Currency Law.

WASHINGTON, June 1.—Treasury officials are making active preparations to carry into effect the new currency law passed in the closing hours of Congress. Assistant Secretary Coolidge conferred today with Director Ralph, of the Bureau of Engraving and Printing, and with W. Aldridge, of the office of the Controller of the currency, and the statement was authorized that the actual printing of the notes would be begun within the next ten days. The new notes will be identical with the National bank notes now in use, except that the legend at the top of the face of the note, "Secured by bonds of the United States," will be changed to "Secured by bonds of the United States or other securities."

The Controller of the Currency now has in the vaults about $263,000,000 in old notes belonging to various National banks, and these will be used as required until new notes are printed and seasoned ready for issue. It is probable that it will require six months to change all of the plates used by the 6810 National banks, but it is expected that some of the new issue will be ready for delivery by July 1 next.

Several matters connected with the new issue are still under discussion, one of the most important being the denomination of the notes, but it is thought that the smaller denominations will be issued first, as each Autumn there is a heavy demand for small notes, especially from the West and South.

As soon as the Department is ready to supply the new notes in any quantity required, no further issue of the present will be made, and the present notes will be redeemed.

BENSON'S CLERK ON STAND

Testifies in Behalf of Employer in Land-Fraud Case.

WASHINGTON, June 1.—James H. Taverson, chief clerk in John A. Benson's office, was put on the stand in the Criminal Court today on the trial of Messrs. Hyde, Behson, Dimond and Schneider for alleged land frauds, to bring out evidence as to the character of business done by Benson and to show that in 1897 a great volume of business was done through Benson as attorney at the Sacramento Land Office by persons who employed him to take up school lands. He was questioned as to his trip to Oregon in behalf of Hyde to interview parties who applied for school lands.

Taverson had procured affidavits which form part of the defendant's case, to refute testimony given by Government witnesses to the effect that Hyde knowingly secured applicants by fraudulent practices. Witness said he saw a number of notaries, including Don Alexander, who signed applications in blank and a man named McCuster, who testified that he and his wife had applied for supposed timber lands, which proved to be situated among the sandhills. Witness said Benson gave him permission to go to Oregon in Hyde's interest, but he informed Benson that the trip was not successful, as he could not locate many of the parties. Benson, the witness said, told him that all relations between Hyde and himself (Benson) were off and shortly thereafter the private telephone system between the two offices was taken out.

APPEAL TO THE GOVERNOR

University Students Object to Removal of Two of Faculty.

SEATTLE, Wash., June 1.—(Special.)—The student body of the University of Washington today adopted resolutions condemning the efforts of certain members of the Board of Regents to force the removal of Dr. J. Allen Smith and Dr. William Savery from the University faculty, and named a committee of students to present a protest against such action to Governor Mead, who appoints the Regents. The opposition to Dr. Smith is largely political, and the charge is made that he has leanings toward Socialism. Dr. Savery is opposed by the church element, for the reason that he gives Christianity no higher standing than other great religions.

SHIPBUILDERS WALK OUT

Refuse to Submit to Open-Shop Policy at Hoquiam.

HOQUIAM, Wash., June 1.—(Special.)—Antagonizing the open shop measures recently adopted by the Northwestern Shipbuilders Association, the entire force at the Matthew's ship-yards walked out this morning. Owing to slack business, not over 50 men were affected where the plant normally employs 150. It is generally understood that this strike is but one of many to take place on the Pacific Coast in the fight against the open shop, and it is feared that other organizations, chiefly the longshoremen and sailors will be affected.

REBATES ON FRUIT

Southern Pacific Indicted Under Sherman Law.

OFFICIALS MUST ANSWER

Twenty-Nine Charges of Refunding Freight Money—Chinese Among Offending Merchants — Land Frauds in Imperial Valley.

LOS ANGELES, June 1.—The Federal grand jury this afternoon returned a large number of indictments, including three against the Southern Pacific Company for alleged rebating in violation of the Sherman anti-trust law. Twenty-nine counts were contained in the three indictments and specific instances were cited of alleged unlawful refunding of charges to customers. The officials of the company were cited to appear in court on June 15 and make answer to the charges.

The company is charged with rebating on shipments of oranges and lemons from Riverside, Cal., to various Eastern cities, and also shipments of rice from San Francisco to local Chinese merchants and on shipments of hides from Texas and Arizona points to this city.

Seven additional indictments were returned against various individuals in connection with alleged land frauds in the Imperial Valley, San Diego County. Three men in this city and four others living in different parts of the country were indicted. They are accused of using dummy entrymen in making land filings in the Imperial Valley country under the desert land act. The three local men surrendered themselves at the United States Marshal's office and were later released under bonds of $2500 each.

Parrish, Chehalis.

If every woman would realize the danger of allowing the blood to become thin and poor, would understand that a majority of common diseases are caused by an anæmic (or bloodless) condition, that persistent pallor means that the blood is not furnishing the organs of the body with the required amount of nourishment, there would be an awakened interest in the tonic treatment with Dr. Williams' Pink Pills.

Thin blood means starved nerves, weakened digestion, functional disorders, headaches, possibly neuralgia, sciatica and even partial paralysis

Dr. Williams' Pink Pills

build up the blood, repair waste and prevent and check disease. They are for men and women, young and old. Send today for free book on "Diseases of the Blood."
