the initiative and referendum, the bill increasing the powers of the Port of Portland has received a majority of over 8000. Multnomah County has sanctioned the creation of Hood River County by a majority of probably 6000. The restoration of the Grand Jury system has also been favored by a majority of 5000.

Among the other measures that have carried in this county are the following: Providing for the location of state institutions at points other than the state capital; changing the time for holding the general elections of the state from June to November; restoring the custody of county prisoners to the Sheriff; providing for the recall of public officials; compelling Legislators to support for Senator the popular choice; proportional representation and the corrupt practices act by which a limit is placed on the amount of money a candidate may expend in his candidacy for public office.

The county has given majorities against the following: Increasing the compensation of members of the state Legislature from $3 to $10 per diem; increasing from three to five the members of the Supreme Court, and the compulsory pass bill.

Of the two rival fish bills, the one proposed by the Astoria fishermen, and which has for its purpose the elimination of the wheelmen from the upper Columbia River, has received the greatest number of affirmative votes in this county. The bill offered by the wheelmen received 8291 affirmative and 6839 negative votes while the down-river measure, submitted by the Astoria men, received 9662 affirmative and 5111 negative votes. The votes yet to be counted will not affect the result. Under the initiative and referendum system for proposing legislation, it is provided that where conflicting measures are submitted on the same subject, the one receiving the greatest number of affirmative votes shall be deemed to have been adopted by the people. The vote on these bills from the outside counties may overcome the majority Multnomah has given for the measure championed by the men at the mouth of the river.

PROHIBITION GAINS HEAVILY

Twenty Counties Have Voted Against Liquor and Nine for It.

Oregon's nine dry counties will be increased to 21 next month, when the dry mandate of Monday's Prohibition elections shall go into effect. All of the eight dry counties voting on the question retain Prohibition. They are: Lane, Linn, Curry, Tillamook, Lincoln, Yamhill, Sherman and Wallowa.

The 12 new dry counties are Crook, by 200 majority; Douglas, by 400; Jackson, by 200; Josephine, by 300; Morrow, by 200; Polk, by 300; Umatilla, by 700; Union, by 650; Wheeler, by 200; Gilliam, Grant and Malheur.

Counties which voted against Prohibition are: Marion, by 200; Clackamas, by 50; Coos, by 8; Washington, by 300; Columbia, by 80, and Wasco, Harney, Klamath and Lake by small majorities.

Four counties did not vote on county Prohibition: Benton, already dry; Multnomah, Clatsop and Baker.

Sherman Gives Cake Lead.

MORO, Or., June 2.—(Special.)—The results in Sherman County now stand: Cake 436, Chamberlain 362; Ellis 695, Jeffery 191; Bailey 560, Emery 214; Aitchison 499, Hamilton 112, Young 108. Prohibition has carried 474 to 377, so far as the count has been made. Bauerman leads Edwards for the State Senate, and Mariner and Jackson, on a Statement No. 1 ticket, are ahead of Donnelly and Pike.

PRACTICALLY COMPLETE RETURNS OF MULTNOMAH COUNTY FOR SENATOR, PROSECUTING ATTORNEY AND SHERIFF.

Chamberlain's majority, 805.

SINGLE TAX IS DEFEATED

BUT MANY OTHER INITIATIVE MEASURES ARE PASSED.

Woman Suffrage Goes Down—University Appropriation Safe—Recall and Others Adopted.

Keen interest centers in the outcome of the vote on the various referendum measures. Incomplete returns from half of the counties, including 101 precincts in Multnomah County, warrant the prediction that the constitutional amendment increasing the pay of members of the Legislature, the constitutional amendment providing for an increase in the number of Supreme Judges, the armory appropriation bill, the woman's suffrage amendment, the single tax amendment and the Reddy bill have been defeated, although it is difficult to estimate the majorities. Woman suffrage is beaten by at least 15,000 and probably more.

The constitutional amendment permitting the location of state institutions at other places than the state capital has apparently passed, as has the amendment for the changing of the time of state elections from June to November. The bill creating the county of Hood River seems to have passed by a good majority, and the constitutional amendment restoring grand juries has been approved by a large vote. The Port of Portland bill has also met with popular approval. The recall, proportional representation amendment, and the instruction to members of the Legislature, vote for the people's choice for United State Senator are receiving good-sized majorities. It is very hard to make any estimate of the outcome of the vote on the two fish bills, although the affirmative vote on both of them is somewhat larger than the negative vote in the counties heard from.

University of Oregon appropriation bill will probably be approved, although the majority will be small. This bill received a very heavy adverse vote in the Counties of Benton, Linn, Marion, Polk, Clackamas, Yamhill and Washington. Reports from Eastern Oregon, however, and from Clatsop and Jackson Counties, are more favorable to the University, and the enormous majority in favor of the bill in this county will no doubt insure its passage.

BIG PLURALITY FOR HAWLEY

REPUBLICAN CARRIES FIRST DISTRICT BY ABOUT 15,000.

Ellis, Republican, in Second District, Will Have 15,000 to 18,000 Over Jeffrey, Democrat.

Hawley (Rep.) in the First Congressional District, has a very large plurality over Whitney (Dem.). Figures so far compiled by The Oregonian show that Hawley has a lead of more than 12,000 and will in the end probably have 15,000 above his Democratic competitor. It should be explained, however, that Whitney is not the regular Democratic primary nominee of his party, but was nominated by petition, so that apparently the ballots in some of the counties failed to contain his name. In the table which follows the returns are very incomplete, but estimates are made that are probably sufficiently accurate to indicate closely the final result. Hawley's final plurality will not be far from 15,000.

In the Second District, Ellis (Rep.) has a large lead over Jeffrey (Dem.). Ellis carries Multnomah County by about 11,000. His plurality in the district will be from 15,000 to 18,000. COMMENTS ON THE RESULT

CHAMBERLAIN ATTRIBUTES HIS VICTORY TO STATEMENT.

Declares Cake Lost Because He Did Not Advise Defeat of Unpledged Candidates.

SALEM, Or., June 2.—(Special.)—Governor Chamberlain attributes the defeat of Cake, as also the defeat of Fulton, to the attitude of these men on the subject of election of Senators by the people. When he was informed tonight that the returns show a majority in his favor and asked for his opinion of the causes leading to his indorsement by the people, he said:

"I have never had any doubt as to my election since the meeting of the Republican state convention, the indorsement of Mr. Cake for the Senate, the adoption of a platform indorsing his candidacy and the rejection of a resolution declaring in favor of maintaining the direct primary nominating law and reaffirming adherence to Statement No. 1.

"This placed him upon a platform in antagonism with the position which he had taken before the primaries in reference to the nomination and election to the Legislature of those men only who were pledged to Statement No. 1. This was a great handicap to him in his campaign, after he had received the nomination at the primaries. His position before the primaries was unequivocal. He declared positively his belief in Statement No. 1 and the right of the people to name the man who should be chosen by the Legislature as United States Senator, and insisted that only those should be nominated by his party as candidates for the Legislature who were willing to subscribe to Statement No. 1.

"Senator Fulton, on the other hand, took the position that though he believed firmly in Statement No. 1 and the right of the people to name the candidates for the Senate, he was unwilling to suggest to candidates for the Legislature that they should pledge themselves either for or against Statement No. 1. The line of cleavage was distinctly drawn in the position of the two candidates on this important issue. Mr. Fulton was defeated, in my opinion, for the reason, mainly, that he did not advise the people, as did Mr. Cake, to nominate and elect only candidates for the Legislature who had subscribed to Statement No. 1.

"After Mr. Cake's nomination, while still professing to believe in Statement No. 1, he did not insist upon the election of those men only to the Legislature who had subscribed to Statement No. 1. In a word, he practically abandoned the position which he had assumed before the primaries and occupied the position which Mr. Fulton had occupied before that time. That position defeated Senator Fulton for nomination; it defeated Mr. Cake in the election. I am satisfied that this shifting of his position cost him enough votes to defeat him."

"Do you think the legislature will ratify the choice expressed by the people?" Governor Chamberlain was asked. He replied:

"Unless my estimates are wrong, there will be 53 members of the Senate and House pledged to Statement No. 1 and this will insure my election by the Legislature, but even if there were not a clear majority pledged I do not believe the Legislature would defy the will of the Legislature as expressed at the polls. It would not be healthy for any man to attempt to do this in view of the present temper of the masses of the people with regard to their right to name the man who shall represent them in the Senate of the United States."

Lincoln County for Chamberlain.

FOUR PRECINCTS GO DRY

ST. JOHN AND FAIRVIEW CARRIED FOR PROHIBITION.

Out of 23 Precincts, 19 Go Wet—Result of Vote on Annexation is Not Yet Fully Known.

Incomplete returns on the local option election that was held in 23 precincts in Multnomah County indicate that only four precincts were carried by the temperance people. At midnight with 50 votes to be counted, the Prohibitionists had a lead of 24 in the three precincts embracing St. John and University Park. The uncounted vote, it is not believed, will alter the result. Fairview went "dry" by a vote of 47 to 44. In the other 19 precincts the saloon men carried the day by large majorities.

Precinct 3 was the only precinct on the West Side in which the liquor question was submitted to a vote and the liquor men were successful by a vote of 61 for to 183 against. On the East Side in one district, Precincts 42 to 46 inclusive, were joined with Sellwood, Precinct 47, but the district remains in the "wet" column by a safe margin, judging from the incompleted returns, Sellwood alone having given 119 majority against the anti-saloon forces. The vote in Precincts 43 and 44 was as follows: Precinct 43—for 88; against, 149; Precinct 44—for, 88; against, 58. In another district on the East Side the following precincts were banded together in a local option election: 52, 62, 63, 69, 71, 72, 74, 75, 76, 77, 78 and 79, but the "wets" saved this territory to their interests by a good majority. As far as the vote in these precincts has been counted the following is the result:

Precinct.	For.	Against.
62	93	164
69 (incomplete)	39	108
72	105	105
74	62	239
75	64	178
76 (incomplete)	119	219
77	109	135
78	113	156
79	117	216
Total (not including 52, 63, 71)	812	1540
Majority against		728

Troutdale and Rockwood will remain "wet" by the following vote: Troutdale (Precinct 102)—For, 78; against, 97; Rockwood (Precinct 100)—For, 25; against, 31. The complete vote at Gresham (Precinct 101), has not been reported on the local option issue. The vote late last night stood: for Prohibition, 85; against 92.

The hardest battle between the liquor men and the temperance people was fought at St. John, which had been linked with University Park, which was already "dry." The incomplete vote gives the temperance people a lead of 24, with 50 votes to be counted. The detailed vote:

Precinct.	For.	Against.
89 (University Park)	178	150
90 (St. John)	209	156
91 (St. John)	117	174
Total	504	480
Majority for	24	...

The vote on the proposed annexation to the city of about four square miles of East Side territory, embracing a population of 10,000, in the vicinity of Woodstock was not sufficiently complete at midnight last night to foretell the result.

By a vote of 55 to 248 the voters of Precinct 97 (Arleta) expressed their disapproval of the promiscuous running at large of stock.

GRANGE IS IN SESSION

PATRONS OF HUSBANDRY MEET AT VANCOUVER.

Favor Publicity in State and County Finances — Resolution Favoring Prohibition Is Introduced.

VANCOUVER, Wash., June 2.—(Special.)—Two hundred delegates and interested parties were in attendance at the opening session of the Washington State Grange, which convened in this city this morning. C. B. Kegley, state master, called the session to order this morning shortly after 10 o'clock, when committees were appointed and adjournment taken until 2:30 this afternoon.

At the afternoon session resolutions were introduced favoring prohibition and a public accounting bill. Both questions will likely receive indorsement at the hands of the convention. The public accounting bill provides that all public officials and quasi-public corporations shall report to a state board the receipts and disbursements of their offices or business.

The afternoon meeting was an open session. J. E. Boch of Vancouver delivered an address of welcome, which was responded to on behalf of the Grangers by Charles E. Cline, an ex-speaker of the Washington House of Representatives. Other addresses were made by Sister Hillary of the Oregon State Grange, H. Lee Johnson, of North Yakima, candidate for nomination for Congress, A. T. Buxton, master of the Oregon State Grange, Mrs. B. B. Lord, past lecturer for the New York State Grange. State Master C. B. Kegley also delivered his address.

Another open session was held tonight, when a formal welcome was extended to the delegates by Mayor Green of Vancouver. This was responded to by C. W. Frase, state lecturer for the Washington State Grange. Splendid music was rendered by the Vancouver Glee Club.

LIFELONG CURES FOR MEN

My Fee Is Only **$10** In Any Simple Case

I say that you can be cured. I stand ready to back up this statement with proof. I ask you to call at my office and talk with me about it. Examination and consultation will cost you nothing, and I will explain to you my methods of curing. The methods I will tell you about are unlike those employed by any other doctor. They are, in their chief essentials, methods of my own devising. They are founded upon a knowledge of the truth in regard to the diseases of men. That's why they cure and why they are the only methods than can soundly and thoroughly cure.

DR. TAYLOR, The Leading Specialist.

MY TREATMENT FOR WEAKNESS

Functional derangement, such as premature loss of power, etc., is neither a "weakness" nor a disease. It is a symptom of prostatic disorder. To stimulate activity by the use of powerful tonics is an easy matter, but such results are merely temporary drug effects. Most doctors treat "weakness" in this manner because they do not know how to cure the real cause of the derangement. My treatment is a local one entirely and corrects every abnormal condition of that vital center, the prostate gland. My cures are permanent.
