RUSSIA TO BORROW AGAIN

Wants \$100,000,000 for Deficit and Military Stores.

ST. PETERSBURG, June 2.—Finance Minister Kokovoff has sent a letter to the Cabinet proposing the immediate issue of an international loan of \$100,000,000 to be applied as follows: \$50,000,000 to the deficit in the budget for 1908; \$50,000,000 to famine relief and \$50,000,000 to the Ministries of War and Marine, principally for the augmentation of munitions of war and military stores. The emission of this new loan, the Minister says, is advisable before the ratification of the budget, which provides for a number of large credits to be immediately available and which threatens to deplete the treasury

stock of cash. The approval of the Douma would have to be obtained.

The recent reduction in the rates of discount shows that money is fairly plentiful in Russia. The arguments brought forward by M. Kokovoff are strengthened by the showing of the stock market. Government securities have risen steadily for several months past, and are now higher than they have ever been since the war. The loan will bear interest at the rate of 5 per cent a year and it probably will be floated by a bank syndicate. The saving banks will take about \$25,000,000.

The Star Brewery's famous Hop Gold beer is unexcelled in all respects and is highly recommended for its strength and health-giving qualities. Orders for bottled beer receive prompt attention. Phone East 46. Home phone B 116.
