and Mr. Chamberlain 12, counting Douglas a tie. The state at large, outside of Multnomah, on the vote so far at hand has given Chamberlain a plurality of 652. In the following table 17 counties out of 33 are complete and most of the others are practically complete. It is not probable that the final returns will make a difference of more than 100 votes in Governor Chamberlan's plurality one way or the other.

On the West Side, Precinct 3 alone voted on the saloon question and will remain wet by a vote of 61 for to 183 against. The same result attended the election in Precinct 67, which gave 93 for prohibition and 127 against. Precincts 99 (Fairview) and 162 (Troutdale) voted jointly and were carried by the liquor men by the following vote: For, 125; against, 141. Precincts 100 (Rockwood) and 101 (Gresham remain wet by the following vote: For, 157; against, 178.

## Mount Scott Annexation Beaten.

Annexation of the four sections in the Mount Scott district to Portland was defeated at the election Monday by a ma-jority of 114. The vote cast in the four precincts involved was as follows:

Precinct No. 94, Woodstock-For annexa-tion, 71; against annexation, 140; majority in

tion, 71; against annexation, 140; majority in precinct against annexation, 65. Precinct No. 86, South Mount Tabor, on the north side of the Foster road—For annexa-tion, 206; against, 288; majority against an-nexation, 82. Precinct No. 95, Anabel and Stewarts, south sids of the Foster road—For annexation, 155; against, 136; majority for annexation, 15. Precinct No. 97, Lents, where few voted— For annexation, 54; against, 37; majority for annexation, 17.

The total number of votes cast for an nexation was 485, and 600 votes were cast against annexation. However, the surprise is in the big majority cast against annexation at Woodstock, where practically the vote was two to one against annexation. The two polling places in precincts 95 and 96 were close together, only being separated by the Foster road, deserves. and in 95 there was a majority for annexation, while in 96 the vote was heavily against it.

### City Escapes Responsibility.

It is very likely the city escaped a considerable responsibility over the defeat of annexation at this time. Whatever gain plies. Prices in many cases below regulation and to be in annexation was lar wholesale prices. McAllen & McDon there appeared to be in annexation was for the people in that territory, and not for Portland as a whole. The Portland School District received the achool districts located in this territory and has already erected a \$45,000 schoolhouse for the district at Arleta, which voted against annexation-a sum probably much ingree than it will collect from that sace on this earth. Buy it and try it you'll larger than it will collect from that section in saveral years' time.

PORTLAND, June 3 .- (To the Editor.)-I desire to express my appreciation to the voters who supported me in the election Monday. The registered Republican vote was 25,867, and the Democratic vote 5574. The vote actually cast was about 28,000. On the ratio of the registered vote I therefore had to overcome a majority of 22,000, or about four votes to one. That I reduced this vote to a majority of about 2500 is evidence to me, despite those po-litical considerations which are a constant element, in all elections, that the people of Multhomah County really approve the course I have pursued in my office. That is of more public importance than my election. I have every confidence that Mr. Cameron, who is a reputable lawyer, will be as firm in the policy of public order and deconcy, after in the impartial admin-istration of the criminal law, as I have tried to be, and I bespeak for him in advance that approval of the good people of this county which an honest service

SALEM, Or., June 3.- (Special)-Overndulgence in booze is given by Ben Stanton as the cause of his shooting Councilman J. F. Goode last night. Stanton, a young man of 22, was captured at an early hour this morning by Deputy Sheriffs Minto and Esch, who found him at the home of his brother in Capital Addition. Young Stanton had evidently intended to make a desperate fight against capture, for he had a loaded re-volver in his hand, but had fallen asleep on the lounge where he had lain down He made no resistance, however, when he was awakened and found his weapon gone.
