

## RATIFY NEW BONDS

Committee of Union Pacific Passes on Big Issue.

## MONEY FOR BETTERMENTS

Harriman Says Company Wishes to Resume Developments and Put Its People to Work—Total Issue \$100,000,000.

NEW YORK, June 4.—The executive committee of the Union Pacific Railway Company today ratified an issue of \$50,000,000 in bonds. This is part of the issue of \$100,000,000 already authorized by the stockholders.

Following this announcement by the executive committee, Kuhn, Loeb & Co. stated that they have closed negotiations with the Union Pacific to dispose of the bonds when issued. They are to be secured by a first lien refunding mortgage and will run for 100 years at 4 per cent. The issue will be made in New York by Kuhn, Loeb & Co., and in London by Baring Bros. & Co., and in Glasgow by Currie & Co. The price will be between 95 and 96. No date for receiving subscriptions was announced. About a month ago E. H. Harriman stated that the maximum amount needed at that time to put the Union Pacific in funds was \$25,000,000, "but," he added, "we want to resume developments and put our people to work."

## GATHER DATA FOR BUREAU

Weather Man Would Make Amateur Balloonists Useful.

NEW YORK, June 4.—Professor Alfred J. Henry, of the United States Weather Bureau, at Washington, has printed forms for use by persons experimenting in aeronautics. It is requested by Professor Henry that aero clubs throughout the country obtain these forms. He says:

Corresponding with the observations of the meteorological elements made in the balloon, there should be collected those made simultaneously at the ground. This can be done by arranging with the neighboring weather bureau stations for special readings of the instruments at the stations. Many reports in the upper air have been found to be of little value for the lack of surface readings. The direction and force of the wind at

the surface should be recorded for comparison with the speed of the balloon in its flight. The remarks on clouds should include the kind of cloud, particularly at the upper surface and at the lower surface. The time of throwing out or of using the valves should be recorded.

Copies of this form for each ascension should be forwarded to the United States Weather Bureau, to the aero clubs and to the journals which are devoted to aeronautics.

## PAYNE EXPLAINS PLANS

Committee Does Not Wish to Encourage Tariff Revisionists.

WASHINGTON, June 4.—The fact that Chairman Payne, of the House committee on ways and means, which is to inquire into the subject of tariff revision, does not intend to call his committee together during the recess of Congress, is attributed to a desire not to encourage tariff revisionists.

"All that will be done," said Mr. Payne yesterday, "is that the executive departments, notably the Treasury Department, will be asked to collect certain data in regard to the tariff schedules, and have the information ready in time for the next regular session of Congress."

The Administration programme now, it is asserted, is for the nomination and election of Taft, after which a special session of the first Congress will be called to take up the subject of tariff revision.

In the event that a Democrat is elected next Fall, President Roosevelt will call Congress together for tariff revision next November.

## PLANS TO HONOR FLEET

Festivities in Auckland Will Last Four Days.

AUCKLAND, N. S. W., June 4.—Festivities to last over four days have been arranged for the entertainment of the men of the American battleship fleet and the Governor of New Zealand, all the Federal officials, the Mayors and the municipal authorities are to participate in the welcome. On the arrival of the fleet August 8, there will be an official reception and a review of the volunteers to be followed by a dinner to the Admirals and officers of the fleet in the evening.

A municipal welcome will be given the following day and will include a reception by the Mayor of Auckland, August 12 and 13 will be devoted to a visit to Rotomanga Lake, where there will be entertainments by the Maoris.

The Governor will entertain the visitors August 14 and this function will be attended by the members of the Legislature.

Fumigate the Kentucky.

PORT TOWNSEND, Wash., June 3.—United States battleship Kentucky, on which 77 cases of smallpox were recently discovered, came here today from Bremerton Navy-yard for fumigation at the hands of the United States quarantine officials. The work was immediately undertaken, and the vessel will return to the Navy-yard tomorrow afternoon.

## TWO SUITS IN ONE

Action by L. Y. Keady Against United Railways.

## INVOLVES VALUE OF STOCK

Other Stockholders Assign Claims to Plaintiff—Witnesses Say Officials Agreed to Reimburse Investors for Money Paid on Stock.

The United Railways Company is the defendant in a suit brought by L. Y. Keady in the Circuit Court, and on trial before a jury in Judge O'Day's department. Judge Pipes, counsel for the plaintiff, argued yesterday morning that the defendant was not entitled to a jury, but the contention was overruled by the court.

Two suits are being tried as one, the same allegations relating to both. Thirty-five stockholders are involved, of whom Keady is one. The suit involving 25 of the stockholders, including the plaintiff, was tried before Judge Frazer, without a jury, but as he never entered judgment in the case, it has become necessary to try it again.

In 1906 the property of the Oregon Traction Company was turned over to the United Railways Company. This property consisted, for the most part, of franchises and rights of way between Portland and Forest Grove. At that time the Oregon Traction Company was hard pressed for money, it is said, and an agreement was reached between the stockholders and W. G. Larrabee, J. Whyte Evans and F. S. Griffiths that the stockholders would be reimbursed for \$47,500 on \$200,000 worth of stock.

Keady owned 588 shares of this stock, worth at par \$58,800. He says he sold all but 38 shares, and that the three men named, acting for the United Railways Company, agreed to pay him a reasonable value for the stock, or \$32,480. He alleges that no part of this has been paid. Keady alleges that the other 34 stockholders had paid in \$13,270 on the balance of the stock, and that, under the agreement, Larrabee, Evans and Griffiths should have reimbursed them for this amount, but that no part of it has been paid.

J. A. Wilson, a former stockholder of the Oregon Traction Company, who had paid \$300 on his stock, said on the witness stand that Mr. Larrabee made the statement to him before a meeting of the stockholders in January, 1906, that all would be reimbursed for what they had paid in. Wilson said the same statement was afterward

made in open meeting by both Larrabee and Evans.

The stock was sold, March 15, 1906, to George C. Lemcke for \$36,300. The stockholders who have assigned their claims to Keady and who are interested in the suit, together with the amounts they are alleged to have paid in to the Oregon Traction Company, are as follows:

W. E. Hackelton, \$200; Alfred H. Johnson, \$700; H. Peterson, \$100; E. F. Graham, \$100; P. H. Brater, \$200; H. B. Gould, \$200; John Thomas, \$90; W. L. Butler, \$35; Ford Woods, \$1400; H. C. Smith, \$1400; S. H. Pomeroy, \$25; P. H. Messner, \$25; W. W. Wiswell, \$200; Gus Wahlgren, \$100; F. Lavoie, \$125; F. P. Bruck, \$125; E. J. Ryland, \$100; Hyland O. Scott, \$200; Dora Moller, \$100; Mrs. N. Weidman, \$100; Marie Barbara Miller, \$100; N. P. Casavant, \$125; J. A. Wilson, \$300; G. L. Allen, \$300; John Thomas, \$90; N. McL. Conroy, \$35; J. H. Shattuck, Jr., \$100; W. J. Wall, \$300; W. C. Reipert, \$300; Ferdinand Rechten, \$90; W. P. Walsh, \$100; J. N. Horne, \$500; R. C. Senter, \$500; John A. Workman, \$35; P. H. Messner, \$35; Leah Maher, \$350.

The United Railways Company will contend that such an agreement as alleged was never made, and that, even though it were, the company could not be held responsible, as it was not organized at that time, and hence could not have had an agent or agents.

## IN REVOLUTIONARY PLOT

CROWN PRINCE OF SERBIA IMPLICATED BY ACCOMPLICES.

Witnesses Testify That He Planned Bomb Outrages Against Montenegrin Government.

CETTINJE, Montenegro, June 4.—Sensational testimony involving Crown Prince George, of Serbia, in a conspiracy against Montenegro, has been given at the trial which is now proceeding here of 32 prisoners charged with revolutionary activity in connection with the discovery of a store of bombs in Cetinje last year. Two of the witnesses stated that the bombs in question had been manufactured by Serbian artillery officers by direction of the Prince, the object being to use them against the Montenegrin government with the object of overthrowing the existing regime.

This storm testimony has caused the greatest excitement here and the interruption of diplomatic relations between Serbia and Montenegro is expected. The Serbian minister here declares that owing to the revelations his stay in Cetinje is impossible.

The Crown Prince of Serbia is an irresponsible and wild young man, whose escapades and misbehavior have attracted much unfavorable comment in Southeastern Europe.

Resigns Alaska Railroad Job.

VANCOUVER, B. C., June 4.—J. H. Rogers, of Vancouver, traffic manager of the Tanana Railway, with headquarters at Fairbanks, has resigned and is now on his way to this city.
