## WILL START NEW PARTY IN OREGON

Hugh H. McIsaac Here in Interests of Independence League.

## SAYS PROSPECTS BRIGHT

Declares League Stands for Principles Not Advocated by Either of Old Parties—Make Active Campaign in This State.

Hugh H. McIsaac, chairman of the executive committee of the independence party, visited Portland about six weeks ago and took the preliminary steps towards establishing this organization in this state. Before leaving for the State of Washington on a similar errand next week, Mr. McIsaac expects to complete arrangements for a general mass meeting to be held at Portland some time this month for the purpose of selecting eight delegates to attend the national convention of the independence party in Chicago July 27. This party also will have a Presidential ticket in the field in Oregon at the November election. It is the plan to select Presidential electors either by petition or nominate them at a mass meeting to which all persons interested in the principles of the independence party will be asked to participate.

**Sentiment Strong in Country.**  
"I find throughout the country a sentiment strongly favoring our organization," said Mr. McIsaac last night. "There seems to be comparative dissatisfaction among the people generally with the two old parties and they have about decided to look to another source for remedial legislation. For several months the officers of the independence league in California have been receiving letters from residents of this state, urging us to organize such a party in this state. In fact the independence forces already have perfected organizations in 25 states, the majority of which have selected their delegates to the Chicago convention. The members of this party held a state convention in California on May 15 and selected their delegates. It will be arranged so that all of the delegates from the Pacific Coast states, including Oregon, California, Washington, Utah, Nevada and Idaho, will assemble at Ogden and proceed to Chicago in a party."

**Active Campaign in Oregon.**  
"The independence party will make an active campaign in Oregon this fall. Considerable preliminary organization has been done already and our

coming into this state at this time is merely a part of the plan of the National campaign of the independence party.

"The independence party will meet in National convention in Chicago in July for the purpose of nominating candidates for President and Vice-President. Who the nominees will be cannot be foretold. There is a strong sentiment in the party for I. A. Follette. He may be the nominee, or it may be Thomas L. Higgen, who for 20 years has persistently fought the Standard Oil and other trusts in Massachusetts, and who made a remarkable run on the independence party ticket for Governor of that state. Whoever the nominee may be, he will be a man who stands sincerely for the principles the party advocates.

## Makes Creditable Showing.

"The independence forces have taken part in three state campaigns, and in each one its showing has been a revelation to the politicians of the old parties. In two elections we beat the Democrats decisively, and in the third, the California campaign, which lasted three weeks, we polled nearly 50,000 votes. In the West our organization already has developed considerable strength in California and Nevada. In the latter state at the election in November we were elected to the Legislature. We are also counting on electing a Congressman from that state. In California we have every reason to believe that we will be successful to the extent that we will elect several members of the State Legislature and perhaps two or three of the Congressmen from that state.

"We have received much encouragement from all parts of Oregon and expect to be able to organize our party here with a creditable membership to begin with. Our principles are: "Direct nomination to end boss rule and clique-controlled conventions; severe and effective legislation against trusts; election of United States Senators and judges by the people; we declare for an income tax. Our candidates are pledged to the limited referendum and the recall. These measures are popular with the people of Oregon. They will be perpetuated by the independence party."

## MAN OF TELECONI

Is Visiting Portland.

James Austin Larson, originator of Telecon, is in Portland for a few days, resting after one of the greatest campaigns of healing in the West. Mr. Larson's work is interesting because he is introducing a comparatively new system of treatment and that it is successful is evidenced by the wonderful cures he is making.

His claim that vibration is the secret of life and he has mastered its application to the treatment of human ills. Stories of cures brought about through Telecon have been published throughout the Northwest, extending as far north as British Columbia. One of the most remarkable cures ever attributed to Telecon was that of Joseph Boehm, of Seattle. Mr. Boehm, up to two months ago, was a helpless cripple, brought about through his work for the Government in Hawaii. He was unable to walk then without the aid of strong assistants and crutches. Now he walks without any assistance whatever. According to the story of himself and his friends, a single treatment by James Austin Larson accomplished this wonderful result and the formerly helpless cripple can do the work of a strong man. Mr. Larson is registered at the Oregon Hotel and is enjoying the Rose Festival while recuperating from the arduous campaign he has just completed.

## SHERIFF KILLED, RACE WAR BEGINS

Negroes Open Fire When Attempt Is Made to Arrest Murderer.

## LARGE POSSE TAKES TRAIL

Battle at Hitchcock, Okla., Starts Hostilities—Oklahoma City Sends a Small Army to Run Down the Murderers.

OKLAHOMA CITY, Okla., June 5.—Sheriff George W. Garrison, of Oklahoma City, was shot and killed, an unknown deputy wounded and a negro was shot in a battle that took place three miles east of Hitchcock at 7 o'clock this evening.

According to reports received in Oklahoma City by the local Police Department, seven negroes were in a party that opened fire on the Sheriff when he attempted to arrest Alf Hunter, alias James Kingsbury, who killed Susie Pride in Oklahoma City on the evening of May 19.

A long-distance telephone message from Hitchcock is to the effect that a posse of 50 has gone in pursuit of five of the negroes, who escaped.

## Taft Announces Changes

Appoints Lieutenant H. F. Hodges Member of Canal Commission.

WASHINGTON, June 5.—After today's Cabinet meeting, Secretary Taft announced the appointment of Lieutenant-Colonel Harry F. Hodges, Corps of Engineers, and chief purchasing officer of the Isthmian Canal Commission, as a member of the commission, vice Jackson S. Smith, resigned. Colonel Hodges will retain his status in the Army.

Secretary Taft also announced the appointment of Major Carroll A. Devol, quartermaster in the department, who has been on duty in Washington as a member of the general staff, to be the head of the Department of Labor, Quarters, Subsistence and Commissary, with headquarters on the Isthmus. He will be assisted in his work by Major Eugene F. Wilson, of the Artillery Corps.

The position of chief purchasing officer made vacant by the appointment of Colonel Hodges on the commission will go to Captain Frank C. Boggs, Corps of Engineers, who at present is the assistant purchasing officer.

Captain J. B. Collins Transferred.

WASHINGTON, June 5.—Captain J. B. Collins has been transferred from com-

mand of the Brooklyn to that of the Indiana.

## GETS AFTER THE DRUGGISTS

Government Begins Seizing Cigars Not Properly Stamped.

WASHINGTON, June 5.—The Internal Revenue Department has planned a series of prosecutions for alleged infractions of the internal revenue laws all over the United States. Officers of that department made seizures yesterday at two local drugstores on the ground that they were selling cigars in contravention of the internal revenue laws. The tops of boxes to which the majority of the first stamps were affixed have been removed, thereby leaving the packages unprotected by proper stamps.

## First Meeting in July.

WASHINGTON, June 5.—The Senate committee on finance, which was authorized to make an investigation of the tariff during the recess of Congress to be in readiness to take up a review of the tariff next winter, will hold its first meeting for this purpose about the middle of July. It has not yet been decided whether hearings will be held. Sometime next November probably will be fixed for that purpose.

## MAN PUT WINGS ON MAN

ENGLISH AERONAUT SAYS MAN MAY YET FLY ALONE.

Alexander Predicts Possibility of Rivaling Birds—Finds Serious Defects in Airships.

NEW YORK, June 5.—Patrick Y. Alexander, the wealthy Englishman, who inclines strongly to aeronautics, was a passenger on the Mauretania, having arrived in this city last Saturday morning on the Campania for "just a few days of rest." Before leaving the city, Mr. Alexander said:

A man in rowing a boat pulls 70 or 80 pounds in fact, with the same kind of an arrangement as a rowing machine in a gymnasium, one man is able to pull or lift 400 pounds. Might not be possible, with suitable surfaces of wings, for a man to propel himself through the air by his own power? We are now lifting in a 15-mile wind nearly three pounds to the square foot.

Speaking of flying machines generally, Mr. Alexander said: "They are being built too light to be practical. The lighter the machine the more easily it is cast about by the wind puffs. The trouble abroad is the procuring of motors which will run without overheating. Gasoline motors are being built so light that they cannot be kept cool. The machines are not perfected to such a degree that a motor of mere weight can be carried. There is no reason why machines should be built so light—there must be a better form than that generally followed.

Even with the present forms it might be possible to generate artificial currents of air against the planes. These artificial currents of air would assist in lifting the machine, would reduce the power necessary to drive them, and would ward off outside eddies and currents which tend to deflect the course of a machine. The plan would not be difficult to try out.

## HE HELPED PARKER

Not Necessary to Buy His Support in 1904, Says Bryan.

## DENIES WORLD'S CHARGES

Nebraskan Says He Had but Remote Personal Interest in State Campaign That Year—Challenges His Accusers.

LINCOLN, Neb., June 5.—In a statement given last night to the Associated Press, William J. Bryan replies to an article that appeared a week ago in the New York World, charging that Mr. Bryan was the beneficiary of a campaign contribution made by Thomas F. Ryan. Mr. Bryan declares if Mr. Ryan made the contribution, it was without his knowledge or consent, and he repeats his former statement that when it is proven to him that Mr. Ryan did make the contribution, he will see that the money is returned to the donor. Mr. Bryan says:

"I have just read the World's story charging, first, that my brother-in-law, Mr. Allen, chairman of the Democratic committee, had a conference with Mr. Sheehan in 1904 in regard to the campaign funds.

"Third, that Mr. Ryan made the contribution to secure my open and unqualified support of Judge Parker.

"Fourth, that to disguise the source of the contribution, Mr. Ryan gave the check to Mr. Sheehan and that Mr. Sheehan gave his checks to Mr. Allen.

"Chairman Allen and Mr. Dahlgren, the Nebraska member of the National Democratic Committee, have already denied the World's charges and stated that the only money received came from the National committee, but I desire to add the following statement:

"Mr. Allen says he never saw either Mr. Sheehan or Mr. Ryan, and I have no reason to doubt his word. If Mr. Ryan contributed to the Nebraska campaign, it was not with my knowledge or consent. While I had but a remote personal interest in the Nebraska campaign that year, I am interested in Nebraska politics, and am so interested in National politics that I am not willing to be in the slightest degree obligated to any favor-seeking corporation. If, therefore, the World will secure either from Mr. Sheehan or Mr. Ryan a statement, or prove in any other way that Mr. Ryan gave to Mr. Sheehan or to any one else or to the National committee, any sum whatever with the understanding that the sum would be used in the Nebraska campaign, I shall see that the amount is returned to Mr. Ryan.

Gave Parker His Support.  
"As to the charge that my support of Judge Parker was purchased, I need only say that I announced my support of Judge Parker immediately after the St. Louis convention, and that support was open and unqualified from the convention until the polls closed. I had opposed his nomination, but he had no more loyal sup-

porter during the campaign. I was in correspondence with him and both on the stump and with my pen rendered all the assistance I could. While the World was selling its columns to the Republican committee to be used in caricaturing Judge Parker, my paper was urging his election."

## MONEY WAS SPENT FOR BERG

Thomas H. Tibbles Comes to Defense of Bryan.

OMAHA, June 5.—Some additional light is thrown on the disposition of the now famous \$15,000 "slush fund" raised in New York in 1904 and spent in the Nebraska campaign, by a statement given out today by Thomas H. Tibbles, the Populist nominee for Vice-President, in 1904.

At that time Mr. Tibbles was editor of the Independent at Lincoln, and Bryan's Commover was printed by the Independent plant.

Bryan's editorial desk was in the Independent office. Mr. Tibbles says: "I know right where \$5000 of that fund went. It went into a special edition of 90,000 copies of the Independent which was put out for the purpose of eulogizing Governor Berg for Governor. The entire paper was given up to his candidacy in that edition. The Independent was Populist and Berg was the fusion candidate for Governor. This amount was handed us by Tom Allen, James C. Dahlgren and Colonel G. Maher, and they secured the funds from the Democratic National Committee on a trip which they made to New York. The day after Bryan returned from the St. Louis convention he dropped into the Independent office, sat down at his desk and began writing an editorial. The first words were, 'I shall support Parker.' We put that editorial in type and ran it in the Commover the following week. All that was done long before there was any talk of needing money in the Nebraska election, and should dis-

pose of the ridiculous tale about Bryan being paid to support Parker."
