Railroads Will Make No Advance in Near Future.

CONDITIONS NOT SETTLED

Presidents and Operating Officials Fear Stagnation Would Be Increased by Move-Better Business May Remove Necessity.

WASHINGTON, June 8 .- No general increase in freight rates is likely to be made by the railroads of the country in the near future, if it is to be made at all. At a recent meeting of presidents and operating officials of important railroads in New York, it was the consensus of opinion that it was undesirable to put

Only two methods are suggested—an increase of free ht rates and a decrease in wages of employes. It is quite certain that neither will be resorted to before the first of next October, and some of the officials believe it will not be necessary even then to resort to either of the methods named.

In some unaccountable way, the report became general among shippers, especially in the Middle West and the South, that the President and the Interstate Commerce Commission had given their approval to the suggested in-crease in freight rates. Illinois Creameries Will Fight Increase in Rail Rates.

CHICAGO, June 8 .- Sixteen of the largest manufacturers of butter in this state will open the fight against the pro-posed advance of freight rates on cream and milk before the Interstate Commerce Commission next Wednesday. The advance in tariffs is from 66 2-3 to 125 per cent. A butter famine is promised should the fight fall. Commissioners Prouty and Harlan will hear the testi-mony and argument. The raffroads will contest the claims of the butter makers, declaring the schedule to be fair. Should the buttermakers fail in their recourse to the Interstate Commerce Commission to prevent the establishment of new tariff they say they see no al-ternative other than to stop business.

MURDEROUS FORTUNE-TELLER TO HANG FRIDAY.

BUTTER FAMINE THREATENED Dencen Refuses Clemency to Man Who Killed Whole Family in Chicago.

> SPRINGFIELD, III., June 8 .- Governor Deneen today, on recommendation of the State Board of Pardons, decided not to interfere in the case of Herman Billek, under death sentence in Chicago for murder. The execution is scheduled to take

der. The execution is scheduled to take place next Friday.

Billek is a Bohemian fortune-teller, whose conviction was declared from the pulpit of St. Mary's Church by Rev. P. J. O'Callagham, of the Paulist Fathers, of Chicago, to be the result of perjured testimony due to suggestion and intimidation on the part of the prosecuting attorney and police. The accusation against Billek was that through the agency of a Mrs. Varal, who afterwards committed a Mrs. Vzral, who afterwards committe suicide, he murdered, in Chicago, the woman's husband and four of the Vzral children. The alleged motive was to get life insurance money.

BILLEK WEEPS OVER NEWS Says Principal Sorrow Is for Wife

and Children. CHICAGO, June 8.—When the news of the decision of the Pardons Board and Governor Deneen was taken to Billek he collapsed and cried bitterly.

"Well, if they are going to hang me, let them go ahead," he said, drying his eyes. "I am ready. I don't care so much eyes. "I am ready. I don't care so much for myself, but I do care for the sake of my wife and children."

All efforts on the part of Judge Davis to calm the prisoner met with slight result, and Billek, after being taken back to his cell, threw himself on his cot and wept bitterly.

Assistant State's Attorney Popham, who prosecuted Billek, declared:

"The decision of the Governor and the

Board is eminently just. Billek is a cold-blooded murderer if there ever was one."
