COREANS ARE BUTCHERED

Japanese Troops Kill 113 Insurgents Within Four Days.

TOKIO, June 9.—A dispatch from Seoul dated today (June 9) received at Army headquarters reports that from June 3 to June 7, the government troops had 26 engagements with the insurgents. In these engagements 113 insurgents were killed and 26 taken prisoners. The recent transfers of Korean Cabinet Ministers were due to the fact that during a conference of provincial Governors a number of cases of negligence of the Governors to present the actual facts concerning the attitude of the Korean government towards the insurgents were overlooked, also neglect in failing to correct false and malicious reports concerning Japanese policy, thus tacitly encouraging the insurrection. In consequence the Minister of Agriculture was transferred to the Home Department, and today the new Home Minister announced the removal of seven provincial Governors, showing a determination to effect many sweeping changes in local officials.
