ANOTHER BUMPER YIELD OF WHEAT

Summary of Crop Conditions Throughout Northwest Is Most Promising.

O. R. & N. COLLECTS DATA

Oregon and Inland Empire Will Again Reap Bountiful Grain Harvest, According to Reports Made by Railroad Agents.

With the forthcoming crop of wheat, the most important, with the exception of last year, since the Leiter wheat corner, according to railroad men, Oregon and the Inland Empire, from present indications, will at least equal and probably surpass last year's yield, which was the biggest ever harvested in this territory. Full reports from O. R. & N. territory in Oregon, Washington and Idaho indicate that the prospects this year throughout the districts heard from are better than they were at this time last year, when a bumper crop was grown.

The general freight offices of the Harriman line yesterday received complete data from its agents throughout the Inland Empire, which are highly encouraging. Some of the localities reporting, however, show a lack of moisture, although in nearly all quarters rains have been ample and the outlook is bright.

Big Crop in Wasco.

Wasco County reports that the heavy winds during the past week have discolored the grain somewhat and have reduced the moisture in the ground, but that the winds have now died down and only a shower or two is needed to remedy the damage caused. Both grains and fruits are expected to yield a big crop.

Prospects in Sherman County continue excellent. The weather is warm and a light rain was falling Tuesday. The indications are better than at the corresponding period of last year.

Grain is looking well in Gilliam County. Some Spring-sown wheat is a little backward, but the warm weather is bringing it out in good shape. Morrow County says conditions are generally favorable to a good grain crop. Rain is needed, however, in the northern part of the county.

In Powder River Valley.

In the Powder River Valley it is estimated that the hay and grain crops will be short on account of the late cool Spring unless conditions change soon. However, it is thought the warm wave prevailing over the Northwest must have reached the Powder River country by this time and probably relieved the conditions complained of.

Slight showers were reported in the Grand Ronde Valley and the variable weather is said to be holding the crops back. Grain never looked better than that growing in the Walla Walla country. Fruit is a little backward on account of a cool Spring, but there is little, if any, damage.

Throughout the Palouse country all crops are in good condition. Rain on the Connell branch last Monday has materially helped everything. Weather is reported to be generally cloudy and cool, with light rains, in the Palouse country. Fruit is ripening slowly on account of the cool weather.

Great Northern Line Open Again.

Officials of the Great Northern received advices yesterday that the line to the East has been cleared after being blocked for some time in Montana by floods. Telegrams were received at the local office yesterday from W. A. Ross, assistant general passenger agent, and M. J. Costello, assistant traffic manager, that the Great Northern line was again open for operation and that both passengers and freight should be accepted for all points east. Floods in the Montana country have been the worst in years, and all railroads in that state have been tied up for several days past.

Cape Horn, Wash., to Go on Map.

Traffic officials of the Spokane, Portland & Seattle Railway have made arrangements to put Cape Horn, Wash., on the map and have agreed to make that place a flag station for both daily passenger trains on the North Bank road. As soon as the tariffs are prepared, two other towns which are not stations will be made flag stops for the passenger trains.

Cancel Hood River Trip.

The strawberry special train that the O. R. & N. passenger department planned to run to Hood River on Saturday, June 13, has been called off, owing to the hot weather and the fact that Hood River fruitgrowers will be entirely taken up with harvesting their crop of fruit without entertaining visitors. It is hoped to run the excursion at another time.

TAFT SURE TO BE NAMED

(Continued From First Page.)

given him 117 additional votes, or a total of 504 on the temporary rollcall.

The chief interest of the day centered in the Ohio contests of which there were four in the Third, Sixth, Tenth and Fourteenth districts. Mr. Taft was given the delegates in the Third, Tenth and Thirteenth districts, and in the Sixth District both delegations were seated with half a vote each.

Foraker Gains One Vote.

The Foraker men made a strong fight in this district, because it was the old home of the Senator and they were anxious to secure its votes for him. The Foraker delegates are Mark Shoup, of Xenia, and R. L. Gilchrist, of Lebanon, while the Taft men were H. W. Brown, of Hillsboro, and Charles H. Hildebrandt, of Wilmington. The latter faction has been recognized for the last four years as regular. The motion to divide the delegation between Mr. Taft and Mr. Foraker came from Senator Lodge, of Massachusetts, and was carried without strenuous opposition.

The contests in the third and tenth districts were based upon factional fights, both sides to the dispute being instructed for Mr. Taft. In the 13th the action of the Taft delegates in holding a convention of their own were sustained and they were seated on temporary roll call.

Finish Contests Friday.

The day's proceedings opened with the hearing of contests from the Eleventh and Twelfth Missouri districts, after these coming the North Carolina contests, which were over the delegates-at-large and seven districts.

By order of the School Board.
H. S. ALLEN, School Clerk.

These were not complicated, and were heard separately. Ohio followed North Carolina, and then came South Carolina, where only one contest—that of the delegates-at-large, was heard. This went to Mr. Taft by default, and the hearing of the cases from the First and Fifth South Carolina Districts were passed until tomorrow.

In contests in the Eleventh and Twelfth Missouri Districts were decided in favor of the Taft delegates, a motion by Senator Scott that both delegations be seated with half a vote to each man being rejected by 31 to 11. In North Carolina, the Taft men won the delegates-at-large, and in the First, Second, Third, Fourth and Sixth Districts, and in the Eighth District, the contest was withdrawn and the Taft men were seated.

It is the hope of the National committee that it will be able to finish its work by Friday night. To this end the members are making every possible effort to induce the warring factions to consent to the consolidation of their cases. Much important work is slated for the committee on Saturday and Monday, and it is earnestly desired that hearings may be over in ample time to allow sufficient attention to be paid to these matters.

With the end of the labor of the National committee fairly well in sight, discussion turned today to the possible make-up of the credentials committee of the convention, to which many of the contests will probably be appealed. The talk centered largely around Harry M. Daugherty, of Columbus, O., who arrived in the city today. Mr. Daugherty is slated for the credentials committee from this state and it was general gossip today that he may be chosen chairman of the committee when it is made up next Tuesday.

Talk of Vice-President.

There was a sudden cessation of activity today regarding the Vice-Presidential situation. This was largely due to the announcement made by Frank H. Hitchcock that the Taft forces would not take part in any contest for the second place on the ticket. The leaders of the allies adopted the attitude that it had not been customary to consider the Vice-Presidency until after the first place on the ticket has been filled, and that there was no present reason to depart from this precedent. What discussion was heard centered largely about Senator Dolliver, of Iowa, and Secretary Cortelyou. Lafayette Young, one of the delegates at large from Iowa, said today that the friends of Mr. Dolliver in his own state were not anxious to see him leave the ranks of the Senators for the purpose of presiding over the Senate. Friends of Governor Guild seemed today satisfied with the results of their work thus far and no announcement was forthcoming from the headquarters established yesterday for John Hays Hammond.

Would Hughes Accept?

An indefinite rumor, which could not be confirmed in any direction, but which was none the less persistent, prevailed today to the effect that Governor Hughes would not permit his name to go before the convention. This rumor, coupled with an Associated Press dispatch from New York in which Timothy L. Woodruff, chairman of the New York State Central Committee, expressed himself as believing that his state is entitled to the second place on the ticket if Mr. Hughes is not given the first place, led to much discussion as to whether or not the Governor of New York could not be induced to accept the Vice-Presidential nomination. The entire story, however, was indefinite and could not be substantiated in any way.

VICTORY FOR THE INSURGENTS

Crawford Beats Kittredge for Senator in South Dakota.

SIOUX FALLS, S. D., June 10.—Returns from Tuesday's primaries are still far from complete, but enough has been received to indicate that the insurgent Republicans, headed by Governor Crawford, have defeated the stalwart faction, headed by Senator Kittredge. It is likely that full returns will show that the insurgents carried the state by not less than 3000 to 4000. That Mr. Crawford has been named to succeed Mr. Kittredge appears certain.

Robert S. Vessey, insurgent candidate for Governor, in many precincts ran ahead of Mr. Crawford, as the Senatorship overshadowed all other issues of the campaign and no aggressive fight was made upon the candidate for Governor. That Mr. Crawford and Mr. Vessey have pulled the remainder of the state ticket to victory with them is practically certain.

ANXIOUS TO DROP HUGHES

New York Bosses Have Eye Out for Vice-Presidency.

NEW YORK, June 10.—Timothy L. Woodruff, chairman of the State Republican Committee, said today that in view of the certainty that Taft would be nominated for President at Chicago, Governor Hughes' candidacy ought not to be permitted to stand in the way of New York State getting the Vice-Presidency.

If Governor Hughes' friends, he said, should insist on the Governor's name going before the convention there would be no objection if it was understood that it would be merely a complimentary vote and that New York State had not waived notice of its rights to the second place by presenting the Governor's name.

Filipino Band to Attend.

MANILA, June 10.—The Insular Constabulary Band is going to Australia as guests of that government to participate in the receptions of the American fleet. The Philippine authorities donate the services of the band and Australia pays the expenses.

DAILY METEOROLOGICAL REPORT.

PORTLAND, June 10.—Maximum temperature, 77 degrees; minimum, 55 degrees. River reading at 5 A. M., 18.5 feet; change in last 24 hours, rise .5 foot. Total rainfall (5 P. M. to 5 P. M.), none; total rainfall since September 1, 1907, 38.33 inches; normal, 42.76 inches; deficiency, 4.43 inches. Total sunshine June 9, 14 hours, 42 minutes; possible, 15 hours, 40 minutes. Barometer (reduced to sea-level) at 5 P. M., 29.89 inches.

WEATHER CONDITIONS.

The depression noted over British Columbia this morning has developed considerably in intensity during the last 12 hours and is now of well-marked character. Thunder storms have occurred during the day over Eastern Oregon, Southern Idaho and Northern Nevada. The rainfall accompanying these storms was, however, very light. Clear skies prevailed over the entire Pacific Slope this evening. Temperatures were considerably above the seasonal average, excepting in Southern Idaho, where the occurrence of thunder storms caused a marked fall in the temperature. The indications point to fair weather over Western Oregon and Western Washington Thursday and to thunder storms over Eastern Oregon, Eastern Washington and Idaho.

THE RIVER.

The stage of the Willamette at Portland this evening at 6 o'clock was 16.7 feet, a rise of .2 foot since this morning. The Upper Columbia and the Snake are rising rapidly and it is probable that the stage of the Willamette at Portland will reach 18.5 feet by Friday, with prospects of a still further rise.

FORECASTS.

For the 28 hours ending midnight, June 11: Portland and vicinity—Fair; westerly winds. Western Oregon and Western Washington—Fair; westerly winds.

Eastern Oregon, Eastern Washington and Northern Idaho—Thunder storms and cooler.

Southern Idaho—Thunder storms.
