Multnomah Has Many Aspirants for Seats of Authority in Legislature.

SIX NOW LAYING WIRES

Beach, Selling, Nottingham and Balley Mentioned for President, While Orton and McArthur Would Be Speaker.

Present indications are that Multnomah County will have at least six aspirants either for President of the Senate Speaker of the House at the next session of the Oregon Legislature. The en trance of so many applicants into the contest promises to develop endless complications, dissipate the strength of the rival candidates and improve the chances of aspirants for these offices from other parts of the state. But it is yet early and there is ample time for realignments and all sorts of combinations before Fall when the Legislators will begin definitely consider the organization of the two

State Senator S. C. Beach, holdover State Senator S. C. Beach, nonlover anti-Statement Senator from this county, is a tentative candidate for President of the Senate. Wiscacres declare that State Senator-elect Ben Selling will be the choice of the Multnomah delegation for presiding officer of the Upper House, C. W. Nottingham, also Senator-elect from this county, is said to view with envious eyes the chair held by Senator E. W. Halnes at the last session and is en-deavoring to line up the Statement No. I men in the interest of his candidacy. Still another Statement man, who would yield the gavel in the Senate during next Vinter's interesting session is A. A. Balley, holdover Senator from this county, who was elected on the Statement ticket two years ago.

#### A. A. Bailey One of 29.

"From what I can learn, there will be 29 candidates for President of the Senby the time the Legislature con-es," said Senator Balley, yesterday, a facetious vein. "When the other 29 in a facetious vein. in a facetions vein. "When the other 29 have gone out for the honor I suppose probably I might also enter the contest. I would certainly be able to poll as much strength as any of the others. But I have not reached any decision in the matter yet. There is plenty of time, since things will not be getting interesting before September or October."

The report that Senator Bailey will go into the contest is taken to explain his attitude in declining recently to commit himself on the Senatorial situation. When nimself on the Senatorial situation. When asked if he, as a Statement No. 1 man, expected to vote for and support Governor Chamberlain for Senator, he replied, last week: "You may classify no as noncommittal." As a Statement No. 1 man it is presumed Senator Bailey, by refusing to line up nositively at this by refusing to line up positively at this time for Chamberlain, expects to make the most of the situation and force to himself support that he might otherwise not be able to command.

#### Campaigns for Speakership.

For speaker of the House, Multnomah County has two candidates who have already launched vigorous campaigns. A. W. Orton, Statement No. J. Representative-elect, will contest for the honor with C. N. McArthur, anti-Statement Joint Representative from Challenges. Representative from Clackamas and Multnodman Counties. Ever since the election this month, Mr. Orton has been endeavoring to have a meeting of the Multnomah delegation called. His pur-pose has been construed to mean the ingation, but thus far he has been unable to arrange for the meeting. Suspecting that Orton's candidacy for Speaker is about the only business that could be brought before a meeting of the delega-tion at this time, various others of the delegation have fought shy of the pro-posal. They insist that there will be no occasion for any meeting before Fall and disclaim any intention of calling the members together before.

Mr. McArthur is known to be doing some effective preliminary work of organization. Being elected as an anti-Statement man the question of the support, if any, he can expect from the Multnoman delegation, aside from Robert S. Farrell, the only anti-Statement Representative-elect, is a doubtful one. However, Mr. McArthur is directing his ef-forts to gain substantial support from the anti-Statement men from throughout the

# CLUBHOUSE FOR CARMEN

COMPANY COMPLETES RESORT FOR ITS EMPLOYES.

Place Where Men May Occupy Time While Off Duty or Waiting to Take Runs.

Streetcar men in the employ of the Portland Railway, Light & Power Company will hereafter have comfortable quarters where they may spend their time while off duty and while awaiting their turns to go out on runs. The first clubhouse of a number to be constructed by the company for its carmen has just been completed at Piedmont and the fit-tings are now being installed. This is a pew departure for Portland trolley companies that will be much appreciated by the men, for while there have been lounging rooms at the old barns, there has no provision for the men to se themselves and to provide healthy

The new clubhouse at Piedmont is a model of its kind. It will be opened to the men within a short time and will contain the best features of similar institutions that have been provided in other cities by traction companies for

The new clubhouse is roomy and is arranged with the sole view to the con-venience and comfort of the men. The main recreation room, located on the ground floor, is 27x82 feet in size and contains bowling alleys and pool tables. The office of the division superintendent is located on the main floor and the reporting room for the men to use when they come on duty and are assigned to their runs added. and are assigned to their runs adjoins this office. From a broad hallway, stairs lead to the second floor, where the reading-room is located. This from is 27 by 40 feet in size and is placed over the office and is away from the noise of bowling and other amusements on the

later, where the men may hold meetings,

gatherings they may desire. A complete lavatory is located in the basement of the building, which is finished throughout with paneled fir, so cut as to show the grain to the best advantage, and is given a weathered oak stain. The ceilings and walls are tinted attractively, and the building is lighted throughout with elec-tricity, giving the whole interior a hand-

some and pleasing effect.

Pool tables are being set up this week
and the bowling alley is already installed.

Tables and chairs for the reading-room will be put in during the coming week and a list of the best magazines will be

and a list of the best magazines will be placed on the tables each month for the men to read, in addition to newspapers and street railway publications.

About 250 men make their headquarters at the Piedmont barn and they will use this clubhouse, which will be open to them at all times when off duty.

The next clubhouse of this kind that will be built by the company will be at

The next clubhouse of this kind that will be built by the company will be at the golf links, where a new barn and carshops are to be constructed this season. The clubrooms at the golf links will probably be on the second floor of the building, and will be ready for the use of the men stationed at that barn before the Summer is ended.

# TO KEEP ST. JOHN WET

INJUNCTION SUIT BROUGHT BY SALOONKEEPER.

County Court Restrained From Declaring Precinct 91 Dry-Technical Ground Alleged.

County Commissioners Lightner and Barnes are restrained by an order issued yesterday by Judge Gantenbein from declaring Precinct 21, n St. John, dry. The injunction provides, however, that the commissioners may, upon five days' notice, move to

have it set aside.

The order is the result of a suit filed yesterday morning in the Circuit Court by Ed. Magoon, a St. John saloonkeeper, against the Commissioners. He asserts that they have no legal right to declare Precinct 91, in St. John, dry, notwithstanding that the territory cluded in Precincts 89, 90 and 91 was voted dry on June 1. On November 9, 1904, Precinct 89, University Park, de-clared at the polls for prohibition. It clared at the polls for prohibition. It was at that time known as Precinct 58. Since then no vote on the saloon question had been taken until that of the

At that time a majority of 28 voters favored prohibition in Precinct 89, and a majority of 53 in Precinct 90. But in Precinct 21 there was a majority of 57 in favor of saloons. It is contended in the complaint that because University Park voted individually on the saloon question in 1984, and no vote was taken at the following election, it cannot now be used as a whip to bring Precinct 21 into the prohibition ranks. It is further contended that in Precincts 90 and 91 there is a majority of six votes against prohibition, hence this territory cannot be declared dry. Magoon says such an order would deprive him of his personal liberty and would be to his injury. would be to his injury.

Paul Doschall put up a \$1000 bond for Magoon to insure the Commission-ers against any damage which might result from the Issuance of the tempo-rary injunction before the case comes

## "Held by the Enemy" at the Lyric

THE Blunkall-Atwood stock company has so thoroughly established itself nt the Lyric that it seems as if the or ganization had been here for months in stead of days. The second week of the engagement which opened Monday night is devoted to William Gillette's splendid Civil War drama, "Held by the Enemy." There are few American plays that pos-sess the interest of this one. It thrilis with patriotism, the lines are brilliantly written and the sentiments inspiring. The elements of romance, melodrama comedy and pathos are all present, while the situations are calculated to sustain the interest from the moment the first

curtain rises until its final fall.

Portland has seen this great old play before, but never under more favorable auspices than at the Lyric this week. where the Blunkall-Atwood company is repeating the splendid impression it made last week. All the parts are in good hands, while the production reflects the greatest degree of credit on the enterprise and liberality of the management.
Erwin Blunkall is afforded an especially fine opportunity to display his marked ability in romantite roles by his fine characterization of Colonel Prescott, the Northern hero. He is eminently fitted Northern hero. for the post and the fact that Mr. Blun-kall is a former officer in the regular Army adds to the interest when he is seen in a military role. He certainly plays it to the manney born. Fred Cantway, who plays the Confederate spy, gives a very good account of himself, while Charles Schad, as Bean, the correspondent of Leslie's Weekly, covers himself with glory.

spondent of Leslie's Weekly, covers him-self with glory.

Among the ladies of the cast interest Among the latters of the cast interest attractive and trailing centers in Lyllian Atwood, who appears as Rachael McCreery, the lovable Southern sirl with whom Colonel Prescott fails in love. Miss Atwood displays dramatic ability of the highest order, and after seeing her work it is easy to understand how he has attained her practice. derstand how she has attained her pres-ent position. Gracie Plaisted has a de-lightful ingenue part, while Joan Storm appears to advantage as the malden aunt. The production is one of the most elab-orate ever seen on the Lyric stage, the explosion scene being very effectively worked out. The bill continues all week, with usual matinees.

# GLOVE SALE.

Ladies' French lisie, two-snap, in black, white, tan, mode, green, navy, cardinal; regular 40e and 50c grades reduced to 25c. Best grades in rich, lustrous silk gloves, elbow lengths, all colors, \$1.19, \$1.38. Long lisie gloves, all colors, 50c. Closing out sale prices. McAllen & McDennell, the seed grade store. Donnell, the good goods store.

## Austin Sues Lawyer Tifft.

Dr. P. L. Austin, recently acquitted in the Circuit Court of practicing dentistry without a license, is suing his attorney, Arthur P. Tifft, for \$500. The complaint was filed in the Circuit Court yesterday. Austin says that counsel was employed in March last. He paid Tifft \$160 as fees, and was told that \$500 would be needed as ball money. He asserts that he paid this amount, but that Tifft converted it to his own use. Austin now wants his money

Thinks It Saved His Life.

Lester M. Nelson, of Naples, Maine, says in a recent letter; "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at Woodard, Clarke & Co.'s drug store. 53c. and \$1.50. Trial bottle free.

Hanan shoes fit the feet. Rosenthal's.

Improvement of Streets by Private Contract Opposed.

CAUSE OF MUCH CONFUSION

Action Likely to Be Taken That Will Put End to Practice-Question of Ownership of Dirt

From Excavations.

Private, street contracting, both for grading and the placing of sidewalks s to be discouraged by the City Council in the future. Yesterday morning the Council ordered re-referred 15 permits for this kind of work, which had been certified by City Engineer Taylor, and several of the members spoke against allowing any more private contracts to go fhrough. Mr. Taylor also announced himself as opposed to the system.

The question as to who owns the dirt that is taken from the etrects when grades are being made is another feature of the case, which the Council has asked City Attorney Kavanaugh to define. Councilman Cellars maintains that the soil should go to the owner of the property in front, while Councilman Baker holds that it should be used to fill in where needed along the street, or that should be used for this purpose on other streets, to improve the general ap-pearance of the city's thoroughfares. A large amount of private street work has been done in Portland, and much of it is said to have been performed in an unsatisfactory manner. Instances of gross injustice to certain property owners have come to light, and the Council intends to check up closely on all petitions.

Councilman Wills spoke against the private contract system in general, but declared that in some instances it is wise to allow it, and this is also the view of City Engineer Taylor. Another matter that is up for action is as to whether private contractors have the right to sell earth removed by them on contracts for their own gain. Councilman Kellaher has raised this point, which is to be the subject of an opinion by the City Attorney. The entire question, embracing these different phases, forms a prob-lem of much importance, because of the large amount of contracting being done

ELEVEN DEFENDANTS WILL TO-DAY ANSWER CHARGES.

J. H. Raley and Others Accused of Defrauding Government of 30,-000 Acres of Land.

J. H. Raley and ten other residents of Umatilla County, recently indicted by the Federal grand jury for alleged conspiracy to defraud the Government out of about 20,000 acres of unallotted Indian lands in Umatilla County, will probably appear in the United States Court today to answer to the charges preferred against them. Of the 11 defendants, Mr. Raley has been indicted on six of the seven counts reported by the jury, while William Slusher and William Rahe have each been indicted for two separate of-

The investigation of the Umatilla frauds probably will be concluded by the grand jury this week. Most of the 35 witnesses that remained to be examined this week have given their testimony be-fore the jurors and further indictments may be expected the latter part of the

week.

A number of other matters are to be investigated by the grand jury before it is finally dismissed, and the chances are that this inquisitorial body will continue in session for a number of days. yet. District Attorney McCourt keeps his own counsel and refuses to give out an inkling of what awaits the consideration of the jury.

ADMITS FENCING BIG TRACT

Judge Wolverton Gives the Minimum Sentence to Dick Reckman.

Pleading gullty to an indictment charg-ing him with unlawfully enclosing 740 acres of Government land, Dick Reckman, residing near Grass Valley, Sher-man County, was yesterday fined \$50 and sentenced to serve six hours in the Sherman County jail by United States Judge Welverton. There were extenuating cir-cumstances in the case, which accounts for the minimum sentence that was im-

imprisonment in the Sherman County jail was directed by Judge Wolverton that Reckman might be spared the ex-pense of a trip to Portland, where he would have been required to serve the short time in the Multnomah County

## Charged With Rifling Mails.

The Federal grand jury yesterday suspended its investigation of the Umatilia land frauds long enough to inquire into the charge of rifling the United States the charge of rilling the United States mails, which had been preferred against Mrs. Nellie Bauer-Ragan and her husband. Mrs. Ragan was formerly assistant postmaster at Royston, a small station near Klamath Falls, and was arrested on charge of abstracting certain matter that came like her rossession. Mrs. mail that came into her possession. Mrs. Ragan is a young woman who was married only recently, and for years has enjoyed the title of the "cowgiri belie of

# Amusements

What the Press Agents Say.

"Lovers' Lane" at the Baker. Clyde Fitch's delightful comedy. "Lovers' Lane," never falls to attract large audiences, and the Baker Stock Company is presenting it this week to the usual crowded houses. It is one of the most pleasing plays in stock and contains more hearty laughs than any of the numerous other successes by this foremost American playwright. It will be the Baker hill all the rest of the week. Mailnes Saturday.

"Held by the Enemy" Matinee. The Blankall-Atwood Stock Company will this afternoon and tonight repeat its spiendid success in Gillette's great war drama. Held by the Snemy." During the week it has attracted to the Lyric large audiences of delighted spectators, who are unanimous in praising both the performance and production.

Musical Parce. Three acts of musical farce are given at the Star Theater under the name "Brown's Vacation." It is a mixture of funny situa-tions, comical dialogue and songs and dances. The chorus girls are pretty and musical, the conredians lively and enter-

The most beautiful and attractive place in the Northwest is Portland's great amusement park. The Oaks This summer weather is bringing out the crowds as never before. The afternoon symptony concerts, under the direction of Herr Lind, and the performances of the Allen Curtis Company in the Airdome at night are the stellar attractions.

#### COMING ATTRACTIONS.

Howard Russell's Play.

A wave of unusual interest is felt by all Portland theater-goers in Howard Russell's plas, which the Baker Stock Company will gresent for the first time on any stage for the week starting next Sunday matines. Mr. Russell is a very popular member of the Baker Company and has been in this city so long that he can well be called a Portlander. The title of his new play is "The Swindier," and it promises to be a great

"General Mixup" is a military comedy which is to hold the boards at the Star Theater all hoxt week, commencing Sunday aftersoon. It will be presented by the Armstrong Company, for which it was especially written and will be supplemented with vaudeville numbers.

"Capital Against Labor." The next bill of the Blunkall-Atwood Company at the Lyric will be that powerful present-day drama, "Capital Against Labor." one of the most important plays of the age. It deals with such vital questions and strikes so deeply at the root of the struggles of labor.

Trained Birds. The Marzella troupe of trained birds, the prettiest act of the kind in vaudeville, will be the headline act at the Grand next week. The special added attraction will be the Romalo troupe of nevelty acrobats

AT THE VAUDEVILLE THEATERS.

Robert Fitzsimmons, the famous retired pusilist in a dramatic sketch is drawing big crowds at Paninges this week. He needs no introduction as a fighter, but it is something new to see him as an actor. Barnett Brothers and Miss Sylvis have a great knock-about comedy act, and the rest of the bill is full of interesting things.

"The Seamstress."

"The Seamstress" is a dramatic playlet presented by Franklyn Gale at the Grand this week. It is the special added attraction. The dancing Glessons and Houlthan are recognized as the headliners on their branch of the business. To these are added half a dozen other attractive specialities.

## Pupils' Piano Recital at the Heilig.

lossoming young planist annually plays the remainder of the family, and retires off the stage almost smothered in reses. Last night I dropped in the Heilig Theater and found it jammed to the doors in honor of a piano recital given by the upils of Miss Marie S. Soule. Eleven of Miss Soule's pupils played on the grand plane so well that they henored themselves and their teacher. Some of the little pianists were so small in stature that their feet didn't reach the pedals and people whispered to each other, "Isn't that cute enough for anything?" One very little girl dressed in white made a pretty, demure picture mixed with

I don't wish to single out any juvenile artist for special mention, because I want to be fair to all. Suffice it to say that generally speaking the playing was really intelligent and above the average, much attention being paid to expression and ngering. The selections, of course, were

mainly well known.

Every performer was deluged with floral bouquets, mostly of roses, and the noral nouquets, mostly of roses, and the ushers worked overtime in this pleasant duty. The young planists were: Beatrice Evelyn Wilson, Edna Wennenberg, Charles Dundore, Vora Kaufmann, Helen giebbie, Louise Ingmann, Lorna Ganong, Thora Larsen, Pearl Barde, Daisy Chalmers and Ethel Barksdale.

### LECTURE ON STREET WORK Engineer Thomson Will Speak at

Empire Theater Tonight.

R. H. Thomson, city engineer of Seat-tie, arrived in Portland yesterday and was met by a committee from the Realty Board, President H. W. Fries and Sec-retary J. O. Rountree. Mr. Thomson, who is here on invitation of the board to deliver a lecture on "Good Streets and How to Make Them," will be heard content at the Empire Theater. His adand How to Make Them," will be heard tonight at the Empire Theater. His address will be illustrated by stereopticon views, an assistant having come with him from the Sound with the apparatus. On his arrival yesterday Mr. Thomson was escorted to the Commercial Club and during his stay to Parland will be stay to parlan

was escorted to the Commercial Club and during his stay in Portland will occupy the honor-guest chamber of the club, being the first occupant of that handsome aulte of apartments. During the day Mr. Thomson was taken to different districts of the city by members of the entertainment committee of the Realty Board and called at the City Hall on the Mayor. City Englieer, Building Inspector and other officials.

The lecture tonight gives promise of being attended by a large audience composed of property-owners and representative business men of the city, officials and hundreds of others who are interested in the subject that is to be discussed by Mr. Thomson. He is a recognized expert on street-making and preservation, and has had large experience in his profession.

DEFENSE OF BARNES WILL LIKELY BE INSANITY.

Prisoner Makes Powerful Struggle to Conceal Emotions When the Bloody Exhibits Are Shown.

WALLA WALLA Wash, June 10.

(Special.)—Twenty witnesses, all for the prosecution, took the stand in the Barnes murder trial today and gave testimony tending to establish the guilt of the young man, which counsel for the defense has thus far made no attempt to deny. Barnes sat in the crowded courtroom and though he did not entirely give way was forced to keep up a con-stant struggle to conceal his conotions. give way was forced to keep up a constant struggle to conceal his emotions. With his face deathly white, his hands clenched and his whole body rigid as a bar of steel, the young man remained immovable while the story of the awful crime was being told, piece by piece, by the various witnesses. The exhibition of the blood-stained clothing and of the matteck handle with which the bloody deed is supposed to have been committed, affected the prisoner severely, though he managed to retain his composure.

Counsel for the defense are apparently

Counsel for the defense are apparently making no effort to clear their client, as their cross-examinations are used merely to strengthen the story of the prosecu-tion with the probable intention of show-

ing insanity on the part of Barnes in committing so crude a deed. Among the main witnesses today were Jeff Doggett, divorced husband of the Jeff Doggett, divorced husband of the murdered woman, who was working for her at the time she was nurdered; Jack Barnes, John Barnes, brothers of the defendant; Mr., and Mrs. W. E. Abbey, parents of Mrs. Barnes; George Bailey, son-in-law of Mrs. Aldrich, and Shelley Aldrich, nephew of the murdered woman. Thirty-four witnesses have been sum-moned to appear tomorrow.

# CLUB TO OPEN NEW HOME

Members Only Will Be Admitted to Reception Tomorrow

The handsome new quarters of the Commercial Club will be officially opened bers only. Even the wives of members will be excluded, it being thought that the club quarters will be fully taken up by the members. The affair promises to be a most pleasant one. There will be music and light refreshments, and the club's home will be handsomely decorated for the event. Elaborate rose decorations of

the rooms will be a feature.
Former club presidents have been invited to deliver addresses, and at least seven officials will make talks along the lines of a greater future for the organization. W. B. Glafke is chairman of the re-ception committee and has the affair in

# JAMES AUSTIN LARSON

SCIENCE OF VIBRATION KNOWN AS TELECONI

a famous healer. He did me much good, and naturally when again suffering and unable to sleep I read in the Tacoma newspapers of the work of James Austin Larson and Teleconi, the science of vibration, I was interested. From what I read I imagined that Teleconi was not unlike the other treatment with which I was familiar, and I was not mistaken.

"I was treated by Mr. Neville, the associate of James Austin Larson, and I do not hesitate to say that Teleconi gave me the relief I sought. The action of the heart, which had been badly impaired, immediately grow better and the first night after trying Teleconi I also like a child and sweets in the I slept like a child and awoke in the morning refreshed and in good spirits. After the second treatment I came home and did a full day of hard housework. and again slept well. For six years I was in Hot Springs, Ark., seeking relief in the healing waters. Nervous exhaustion

#### All Run Down Again.

"After leaving Missorul and stopping vital treatments—and I took them only two weeks—I again found myself running down, and when I happened to see the announcement of the presence of James Austin Larson in Tacoma, I was prac-tically a physical wreck. As I have said, I have taken two Teleconi treatments and feel like a new woman. I consider the treatment marvellous. It is so quick in results that the patient is startled with the change in feeling. Is there any wonder that I should gratefully subscribe to the efficiency of this marvellous resto-ation of life to the deadened human

Is Not a Skeptic.

"I am not a skeptic. I have in my practice accomplished cures where oth-ers have given up the patients to die. I ers have given up the patients to die. I know what is possible and as a professional practitioner, I do not hesitate to say that Teleconi is all that Mr. Larson, its originator, claims for it, but more. I think he is modest in his claims. This I say from my own knowledge of the human body, gained in years of practice in the medical profession. I have come to realize that medical profession. Mrs. Dr. Marie Fiske, 611 South | fession. I have come to realize that med

## Teleconi No Guess.

"And that is why I so heartly in-dorse Teleconi-because it is a science -the science of vibration, of which I profess to have considerable knowledge. One of the medical colleges from which I graduated was an electric school. I think more of it than of the other. I know just what Teleconi will help-having in-vestigated— and I can cheerfully recom-mend the treatment to any person suf-fering with rheumatism, stomach trouble. constitution, indigestion—and above all nervousness, to which women are so often subject. I say this for the benefit and information of my sex. Since taking the Teleconi treatment I have studied the selection of

Results of Inquiry.

Results of Inquiry.

"Permit me to explain. Telecont is the science of vibration. An example: Let there be mental derangement and harmonious vibration of the nerves of the body is disturbed. A great calamity will cause the vibrations of the human system to become harmful in sympathy. The information transmits to the body the vibrations of Ill, and the human being suffers mentally and physically-for there can be no bodily suffering without its foundation in the mental. It is the vibrations that do the damage or the good. Presume instead of hearing of disaster and calamity you receive information that you have suddenly come into a great fortune. You are overjoyed. The thrills of delight are transmitted to the nerves, and you are exhibitated. You nerves, and you are exhibitated. You cannot fall to be benefited physically, because you are mentally elated and the transmission of the vibrations are har monious and nerve-resting.

"Someone on the Wire."

"Compare the theory of vibration—the science, if you like—Teleconi— with the telegraph and telephone, and you will understand more readily. Take the telephone. You call a number and can get no response. Then there is someone on the wire. When the functional parts of the body refuse or fall to work, then you may depend upon it, there is also something on the wire that should be heeded. Establish harmonious vibration in the human system and you have ease in the human system and you have ease not disease; concord, not discord; rest, not nervous lack of interest in life.

## Belief in Teleconi.

'In gratitude to James Austin Lar-son and Teleconi the science of vibra-tion, I want to say, in conclusion, that
