COOLER WEATHER STAYS THE FLOOD

Columbia River Is Rising at a Much Slower Rate Than During Previous Week.

CREST IS NOT IN SIGHT

Thermometer Falls 20 Degrees in the District Around Kamloops. Snake River Nearly at a Standstill at Lewiston, Idaho.

The Willamette River at Portland reached a stage of 18.1 feet yesterday, .4 of a foot short of the prediction made by the local Weather Bureau on the preceding day. The forecast for tomorrow morning is for a 19.5-foot stage. While the Weather office will not predict for a greater period than 48 hours in advance, Forecast Official Lodholz anticipates a much greater stage than 20 feet.

The temperature in British Columbia and the eastern sections of Oregon, Washington and Idaho has dropped from 5 to 20 degrees, and the rise in the mountain streams which feed the Columbia is not nearly as great as during the days of the previous week. At Kamloops the mercury fell from 92 degrees to 72 degrees, and at Lewiston the thermometer dropped to 84 degrees. The Snake River at Lewiston is nearly at a standstill and the rise incident to the Montana floods is practically at its crest.

All the lower docks will be covered by this evening. The Oregon & California Coast Steamship Company vacated Couch street dock yesterday afternoon and the steamship Alliance will sail this evening from Greenwich No. 2. The offices at the foot of Oak street were moved to the upper deck. Front street merchants have moved all perishable stuff from the basements of their respective stores and waterfront men predict better than 25 feet before there is any change in the situation.

TWO GRAIN VESSELS FIXED

Balfour, Guthrie & Co. Charter Craft for September Loading.

Balfour, Guthrie & Co., have chartered the British barks Andorinha and Lydgate to carry new crop grain from Portland to the United Kingdom. The rate at which the vessels were secured has not been made public, but it is reported to be better than 27 shillings and 6 pence.

The Andorinha is a craft which measures 3187 net tons. This is larger than the average tramp steamer. Some idea of the size of the windjammer can be gained from a comparison with the Portland & Asiatic line steamship Arabia, which measures only 2868 net tons. The Andorinha has been in Portland harbor before and at present is at Iquique on the west coast of South America, at which port she arrived early in March. She will be ready to sail for the north soon and will be due off the river the latter part of August.

The Lydgate is en route from Hamburg for Santa Rosalia and is about due at the Mexican port. She sailed from Hamburg, February 5, and on March 21 was spoken in latitude 6 north, longitude 24 west. The Lydgate is an old-time carrier out of Portland and has made some famous voyages from the Pacific Coast to Europe.

PLATT WILL NOT ATTEND

Alternate Going to Chicago Instead of Deposed Boss.

NEW YORK, June 12.—When the Republican National Convention convenes at Chicago there will be missing one of the old "war horses" of the party, one of the men who has been a figure in National conventions for many years. United States Senator Thomas C. Platt will not go to Chicago. Instead he will remain in his lonely apartments in 110th street, and there will hear of the first important Republican meeting from which he has been absent for years. For more than a score of years the ruler of the Republican organization in New York State, for nearly 30 years a dominant actor in the party's deliberations in the Nation, the aged Senator has now put politics behind him, and, broken in health, his power gone, he has withdrawn to his apartments, where he sees only a few friends.

"No, I'm not going to the convention," he said to a reporter. "I have other things to do."

Although not one of the "big four" of the state, Senator Platt was chosen as a delegate from an up-state district. Some weeks ago he notified his alternate that he would not be able to serve. "I don't want to talk politics," he said to the reporter, nervously opening and closing his eyes. "I haven't anything to say. The days are past when the public or politicians care anything about what I say."

"This is the first time in a good many years you have stayed away from a National convention of your party," was observed.

"Yes, I went to a good many conventions—a good many of them. But those days are all passed. They are all passed."

JURY NOT SECURED

Chinese Murder Case Up Before Judge Bronaugh.

WAR OF TONG FACTIONS

Defendant Accused of Killing Lee Dai Hoy, Chinese Merchant. Malarkey Special Counsel for the Prosecution.

Not even one juror was secured in an hour last night, after the murder trial of the state against Lem Woon, an alleged Chinese highbinder, went to trial. The case is up before Judge Bronaugh, in the Circuit Court. Mark W. Gill, the first juror examined, was excused because he said he could not convict a man as readily of murder in the first degree as of another crime because the death penalty would follow. The second juror was being examined when the hour came for adjournment.

Dan J. Malarkey has been employed by District Attorney Manning as special counsel, while Deputy District Attorney Stevenson also represents the interests of the state. Curiously enough, Attorney John Logan, usually yoked up with Mr. Malarkey in the prosecution or defense of suits, is the attorney for Lem. Associated with him is Frank F. Freeman.

Attorney Logan strenuously objected last night when Mr. Malarkey asked a juror whether he thought it would have been wiser had the Legislators provided a milder penalty for murder in the first degree. Mr. Logan said he knew this was a hint against his brother, because he was a member of the Legislature when this law was passed, but that he would object to such a question in any circumstance. He said it was not a proper question. Mr. Malarkey contended, however, that it was proper in establishing the attitude of the juror toward the law, that the prosecution might challenge him peremptorily if it chose. The Judge will decide the question this morning.

The trial of Lem Woon involves a feud between two factions of one of the tongs here as a result of which, it is said, Lee Tai Hoy was shot with a revolver March 7. Lee was a Chinese merchant. Yee Gueng is also charged with Lem Woon with murder in the first degree, but his trial will not commence until Monday, and not then unless amid the congestion of the courts there is a place for it.

While awaiting the trial this Spring it was necessary for the state to put two Chinese witnesses to the crime under heavy bonds to prevent their being taken from the state. A Deputy Sheriff from California came to Portland to take them South, it being asserted that a charge had been made against them there. It is said this charge was trumped up only to get them from the state.

WALTON UP FOR SECOND TRIAL

Man Accused of Holding Up Car Again Faces Jury.

Charles Walton is being tried a second time before a jury in Judge Cleland's department of the Circuit Court. It is now three years since the first trial, when he was convicted of highway robbery and of assault on Policeman Ole Nelson. By a strange coincidence he is being tried before the same Judge who sentenced him three years ago to serve 20 years for holding up the Wallamette Heights car, and to serve five years for the shooting. The Supreme Court granted a new trial because Walton did not enter his plea.

G. A. Bingman, the motorman who was running the car, and Officer Nelson, who was on the car and clubbed Walton into insensibility, will be among the state's witnesses. It is almost certain that Bingman will be able to positively identify Walton as the highwayman who halted the car on the outskirts of the city, and punching him in the stomach with a sixshooter, commanded him to throw up his hands. Bingman said yesterday that he was on the Portland Heights line a short time before the Willamette Heights streetcar holdup, when Walton appeared, armed with a revolver, and held up his car.

Henry St. Rayner, attorney for Walton, made his opening statement to the jury last night. He said that it will be proved that Walton had no sixshooter at the time of the robbery; that he had had one before, but had disposed of it. He said that it will be contended that Walton was only a passenger, and that as he boarded the car, the real highwayman alighted, making his escape, while unlucky Walton received a shower of blows at the hands of Nelson and the passengers. He was afterward taken to the hospital, where his wounds were dressed. The hold-up took place September 1, 1904.

During the impanelling of the jury yesterday afternoon Walton sat within the rail, beside his mother, intent upon all that transpired. Her arm rested affectionately upon his shoulder.

Mark W. Gill was excused because he had formed an opinion by reading the newspapers. He then reported to Judge Bronaugh, where the Lem Woon murder trial was in progress, and was again excused because he said he does not believe in the death penalty.

It was found upon questioning C. G. Bunte, that he could not give the state a fair trial. He said he did not believe in the veracity of one of the witnesses against Walton, with whom he was acquainted. The attorneys immediately made an effort to learn who the witness is, but they were compelled by the Court to desist. W. E. Brooks was peremptorily challenged by the defense, and J. H. Barton by the prosecution. The jury as finally chosen is as follows:

E. H. Deery, H. B. Dakin, Charles L. Diven, P. J. Neuberg, William J. Ferrell, F. M. Austin, James Bell, C. W. Hurst, Edwin W. Capin, F. W. Carroll, William O. Fouch and Michael P. Cannon. Deputy District Attorney Adams and Bert Haney appear for the state. George Cameron, District Attorney-elect, was in the courtroom yesterday afternoon.

Walton comes of a good family and is an excellent musician. Since his imprisonment the violin has been his constant companion.

Verdict for One Dollar.

One dollar for repairing a building which a tenant had vacated was the verdict of a jury in Judge O'Day's department of the Circuit Court, read yesterday morning. The Union Trust & Investment Company brought suit against Archer-Schanz & Company to recover $200, the cost of repairing two basement walls of the Oak street block. It was alleged that the druggists, who were the tenants, cut two holes in the walls, which were left unrepaired. The second floor of the building is occupied by the Y. W. C. A.

Widow Made Executrix.

Elly Closset, widow of Emile Closset, Jr., was appointed by the County Court yesterday executrix of her husband's estate. The personal property is worth $20,000, the deceased having been a partner in the spice firm of Closset & Devers. The widow is to serve without bond. Closset died May 17, in Wasco County. A. J. Derby and Leslie Butler are the subscribing witnesses to the will.

To Foreclose on W. O. W. Hall.

Suit to foreclose an $800 mortgage against the Woodman Hall Association of Orient, Or., has been filed in the Circuit Court by Peter Vetsch against Andreas Vetsch. The plaintiffs also ask to recover $100 attorneys' fees. The property involved is located on the Powell Valley road.

FIVE WIVES FREED

Desertion and Drunkenness Grounds of Divorces.

BEFORE JUDGE GANTENBEIN

Spencer H. Lyons, Daniel Susick, Trifton Van den Heede, George E. Sammons and Percival E. Harris Are the Defendants.

Judge Gantenbein, in the Circuit Court, granted five divorces yesterday afternoon to as many wives. Julia C. Lyons told of being deserted by Spencer H. Lyons. One day, nine months after the wedding, which took place at Prineville, October 12, 1904, Lyons went to the stable where his horse was kept saying he would need the animal for about an hour. He never returned to his home, but was seen, it is said, about Prineville on one or two subsequent occasions. The wife said he never supported her, and that he went on frequent sprees. She now lives in Gresham.

Minnie M. Susick, of Montavilla, obtained a divorce from Daniel Susick. They were married at Vancouver, Wash., May 17, 1905. Two months later she was left alone, and was compelled to support herself. Her husband returned a year later, paying a visit to his mother-in-law, but did not see his wife. She was permitted to resume her former name, Shrader.

Marriage evidently did not agree with Trifon Van Den Heede, for witnesses testified yesterday afternoon that he was a "nice man" before the wedding. Pauline Van Den Heede secured a divorce on the ground of drunkenness. She was awarded the custody of one child, Clarence. They were married March 30, 1907.

May Sammons obtained a divorce from George E. Sammons, a railroad man. She said he deserted her in December, 1902, sent her a few dollars afterward, and at last failed to write. They were married May 7, 1887.

Lillian M. Harris, a waitress, was allowed to resume her maiden name, Bennett, besides being given a divorce from Percival E. Harris. She said he came home drunk one night and told her he was going away. She had seen him several times since, but he never supported her. They married at Cove, January 11, 1902, and he left her March 1, 1904.

Polk Saloon Men Fight.

DALLAS, Or., June 12.—This morning an injunction was served on County Judge Coad, restraining him from issuing his proclamation declaring Polk County dry. The prosecutors are two saloonmen of Dallas, who declare in their complaint that the local option law is unconstitutional. The saloons of the county will probably not be allowed to run after July 1 if the case is not decided before then, as counter injunctions will be served on all of them in the county.

MEN CURED

DR. TAYLOR, The Leading Specialist.

The vast multitudes of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that the patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life and on them all my faculties are concentrated.

I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as **Spermatorrhoea, Lost Vigor, Varicocele, Hydrocele, Gonorrhoea, Syphilis, Stricture and "Weakness"** can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

Temperance Advocates Praise The Great Tonic Stimulant

MR. AND MRS. J. E. TREAT.

Mr. and Mrs. J. E. Treat, of Meriden, Conn., both suffered from severe stomach trouble. Both are completely cured and restored to health and strength by the use of Duffy's Pure Malt Whiskey.

Read what they say. Mrs. Treat, in a letter March 30, 1908, wrote:

"I take pleasure in informing you of the great benefit derived from the use of Duffy's Pure Malt Whiskey. Before using this grand medicine I suffered from severe stomach trouble, could retain no food on my stomach and was subject to vomiting spells. I had no strength in my limbs and was much discouraged.

"I began to improve after using the first bottle, taking same in small doses as per directions, and now, after three months' use, my stomach is all right, I have a good appetite and have regained my health and strength entirely. My husband also suffered with his stomach, had no appetite and was so weak and run down that he had to give up his work. He was induced to use your Malt Whiskey, with the result that he is now able to attend to his work every day and has a hearty appetite.

"We do not approve of the improper use of any liquor, but Duffy's Pure Malt Whiskey, used as directed, has done much for us, for which we are extremely grateful.—Mr. and Mrs. J. E. Treat, 91 Camp St., Meriden, Conn.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It cures nervousness, typhoid, malaria, every form of stomach trouble, all diseases of the throat and lungs, and all run-down and weakened conditions of the body, brain and nerves. It is prescribed by doctors and is recognized as the great family medicine everywhere.
