NEGRO IS WANTED

Savage that he was arrested and his accomplice convicted for this crime. Soon after his release, Savage was implicated in the robbery of a mail-car, containing money, from the union station in this city. He is also said to have been connected with the robbery of the Postoffice at Salt Lake City and was convicted, serving a term of three years in the Federal prison at McNeil's Island. Since his release from that prison, he has been employed in the East and until very recently worked in Kansas City.

Federal officers positively refuse to discuss the Kansas City robbery and also refuse to state whether or not Savage is suspected. However, it is known that they are searching for Savage and that they have evidence which convinces them of his guilt. Various officers in Western cities have been notified to be on the lookout for him.

Savage, at the time of his alleged complicity in the robbery at the Portland Hotel, was 22 years of age. He has a deep scar across his face, the relic of a brawl with a woman, who slashed him with a razor while living here.

There is a large reward offered for the arrest of the man who succeeded in making a haul of \$50,000 from the mail-car near Kansas City, and officers in this city believe that the reward will be earned here. They predict Savage's arrest within a few days.

PLAN BIG SEWER SYSTEM

Residents Want Pipes Laid Along Sullivan's Gulch.

Another big sewer system is projected for the East Side. It is to cover the main portion of Mount Tabor, Montavilla, Center Addition, Rose City Park and the territory along Sullivan's Gulch. It will be known as the Sullivan's Gulch sewer system. Frank J. Perkins, of Mount Tabor, an engineer, started the agitation for this sewer system, not with the thought that it will be built for several years, but to have plans adopted. Before the plans can be completed a vast amount of field and detail work is necessary.

The scope of territory will have to be decided on by numerous surveys. It took ten years of agitation before the contract for the Brooklyn sewer was finally let and work actually started, but it is not expected that it will be that long before work will start on this new system. Mount Tabor, north from the Base Line road, and Center Addition needs sewerage now, but in other portions of that district there is yet no great demand for a general system.

CROWDS HEAR BAND

De Caprio Opens Season at City Park.

Perfect weather and the opening band concert of the season drew immense crowds to the City Park yesterday. Early in the forenoon small parties strolled in through the Washington-street gateway. By 3 o'clock there was a steady stream of people pouring in at both entrances.

The park was never more attractive. Long before the opening musical number was given every bench in the vicinity of the bandstand was occupied and all the shady places on the grass were crowded with music-lovers.

The week of warm weather had brought out the roses and other flowers in profusion, the garden near the reservoir being one mass of variegated color. Though not a cloud was to be seen in the sky, the people who visited the point on the drive which affords the best view of the city were disappointed to find that the mountains were not visible.

During the afternoon large numbers of people visited the zoo. The lion overcame his wonted restlessness and by stretched out magnificently in the front of his cage and gazed out through the bars at his admirers apparently in the best of humor. The monkeys nibbled their crusts in entire contentment and viewed the passing species with only mild curiosity. Yesterday was a memorable day for the bears. Throughout the afternoon they were treated to

showers of peanuts and cherries and showed their appreciation with all a bear's power of expression. A little further away their brother from Polar seas attracted large crowds with peculiar antics.

Signor De Caprio showed excellent judgment in his choice of selections for his opening concert. The programme was made up of classical and popular numbers and obviously calculated to appeal to all musical tastes. It included the grand march from Verdi's "Don Carlo" and Godfrey's "Reminiscences of Scotland." Wagner's splendid "Rienzi" overture was given with fine effect and showed the thoroughness of Signor De Caprio's excellent leadership during the long practice period. Signor Blangone's clarinet solo, a nocturne by La Bancha, was one of the novel features of the concert. A new composition by Signor De Caprio, called "The Quartet of the Roses," also earned the applause of the large audience. Hall's ever-popular "Wedding of the Winds" was much appreciated and after prolonged applause an encore was given.

Following is the complete programme:

1. Grand march from opera "Don Carlo"..... Verdi
 2. Waltz "Wedding of the Winds"..... Hall
 3. Overture, Rienzi..... Wagner
 4. Clarinet solo—Nocturne..... La Bancha
 Signor Blangone.

SCHOOL ELECTION TODAY

H. C. Campbell, Incumbent, Is Only Candidate for Director.

Today's school election in District No. 1 will be largely a ratification meeting. Though such an election is required by law, there is only one candidate to vote for, and the casting of ballots for H. C. Campbell to succeed himself will be wholly a perfunctory matter. Mr. Campbell, when his tenure of office was drawing to a close, was reluctant about seeking another term, and in fact informed a great many people that his business affairs would make it a deep self-sacrifice to be elected. He was, however, prevailed upon by his own interests to act further in the capacity of a member of the Board of Education. At the same time so strong was the pressure brought to bear upon him, reinforced by a petition signed by hundreds of the leading business men and citizens, that he agreed to allow his name to be used. General satisfaction was expressed at this and no other candidates appeared.

The election in District No. 1 covers the first 17 precincts in the city and the polls will be open from 2 to 6 P. M., and under the law only taxpayers will be allowed to vote. This, however, includes both men
