LOUIS EPPINGER IS DEAD

FAMOUS AS HOTEL MAN IN THE EARLY DAYS OF PORTLAND.

Furnished Banquet to Villard. Became Manager of Yokohama Hostelry and Friend of Mikado.

SAN FRANCISCO, June 16.—A private cablegram has been received here announcing the death at Yokohama of Louis Eppinger, manager of the Grand Hotel in that city and one of the best-known hotel men on the Pacific Coast and in the Orient.

Mr. Eppinger enjoyed the confidence of the Japanese government and was decorated by the Mikado for having sent all his employees to the army in the Japanese-Russian war on full pay and for other assistance rendered to the government.

Mr. Eppinger came to San Francisco in March on a visit and had but recently returned to Yokohama.

Louis Eppinger was at one time a well-known restaurant and hotel proprietor of this city. He came to Portland in 1878 from San Francisco, where the panic of that year ruined him financially. Soon after his arrival in this city he opened a restaurant in the Leonard block at First and Ankeny streets. In its service and appointments it was much superior to anything of its class in existence at that time.

Mr. Eppinger then took charge of the Gilman Hotel and later assumed the management of the Esmond Hotel. In 1885 he removed to Salt Lake, where he had charge of the diners for the Union Pacific. In 1888 he went to Yokohama

and later took charge of the Grand Hotel in that city. On account of age and failing sight he relinquished the management of that hostelry, but continued to reside there.

SAFECRACKERS AT MILTON Smash Combination, but Are Unable to Secure Any Coin.

MILTON, Or., June 16.—(Special)—An unsuccessful attempt was made last night to burglarize the safe at the O. R. & N. depot at this place. Tools secured from a blacksmith shop were used to break the combination knob from the safe. The robbers were either scared away or were unable to get into the safe, but they left it in such a condition that it will require the services of an expert to open it.

American Auto's Progress. NERTCHINSK, Asiatic Russia, June 16.—The American motor car in the New York-to-Paris automobile race, passed through here at 9 o'clock this morning. The German car left at 9:30.

COPELAND CASE REVERSED

Supreme Court Overrules Demurrer Granted by McBride.

SALEM, Or., June 16.—(Special)—Two appealed cases were decided by the Supreme Court today, the lower court being reversed in each instance. The most important case was that of Richard Willis and others against the Nehalem Coal Company and M. S. Copeland, from Clatsop County. This suit was the outcome of a coal-mining project promoted by W. H. Copeland. Mr. Copeland secured an option on a tract of land believed to contain coal, the price being fixed at \$12,000. He then organized the Nehalem Coal Company with a capital stock of \$15,000, he subscribing for shares to the amount of \$100, and his wife, M. S. Copeland, \$7500, so that they controlled a majority of the stock. They then sold stock and used the proceeds to buy the land, but took it in the name of M. S. Copeland, who transferred it to the company at a consideration of \$57,000, she taking as pay the 750 shares of stock and a note for \$12,000. Four years later this suit was brought to either have her stock canceled or compel her to pay for it. In the lower court Judge McBride sustained a demurrer to the com-

plaint, but on appeal the Supreme Court, in an opinion by Commissioner Slater, holds that the complaint states facts sufficient to entitle plaintiffs to relief. The case is therefore remanded with instructions to overrule the demurrer.

Louis Sommer, N. C. Haskell and Herman Fuchs, respondents, vs. Charles A. Compton and W. F. Compton, appellants, from Baker County, William Smith Judge, reversed and remanded; opinion by Justice Eakin.

This was a suit to secure possession of certain real property. The case is reversed because of errors in the court below in admitting evidence and in giving instructions to the jury.

Georgia Beats Coaling Record. WASHINGTON, June 16.—A report received at the Navy Department states that the battleship Georgia has made the world's coaling record, taking on board 1779 tons of coal in 5 hours and 12 minutes. In the best hour, 458 tons were taken on board. The ship is on the Pacific Coast.

Edmund Old Hotel Doomed. NEW YORK, June 16.—The third of New York's old hotels to capitulate within two months, the Everett House, at Fourth and Seventeenth streets, closed

its doors at 8 o'clock last night. It will move to a 20-story office building. The Everett was built and first occupied as a hotel in 1851. It was named after Edward Everett, then at the height of his fame. The most notable person ever entertained in the hotel was King Edward VII, then Prince of Wales, and his quarters on the third floor have since been known as the "Prince's suite."

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Mother's Friend
