SAN FRANCISCO, June 18.—(Special.)—Truck Eagan's old batting eye shone brightly this afternoon, and his mighty home run over the right-field fence in the third inning chased Haley in ahead of him and won the game for Oakland. This long wallop came in very handy for the Commuters, because Portland made three runs in the next two innings, and came within shouting distance of tying it.

DINE WINNING BALL TEAM

WILLIAMS-AVENUE BOYS ARE GUESTS AT DINNER. Celebrate Victory in Grammar League and Are Presented With Cup as Trophy.

Table with columns for American League, Chicago 6, Boston 5, Detroit 0, and Cleveland 3, Philadelphia 2.

Members of the Williams Avenue baseball team, champions of the Grammar School League, Professor Downes, Professor Robert Krohn, Miss Munroe, Miss Whitney and the sporting editor of The Oregonian were the guests of the Brady, G. W. Harris and James Gleason, at a most delightful banquet given in honor of the Williams-avenue team's victory of last Monday over the Chapman School. The banquet was a result of a promise made by Messrs. Brady, Harris and Gleason to the boys in case they should win the championship of the school league.

The banquet was served in one of the rooms of the new Commercial Club and the student ball players of the Williams-avenue school thoroughly enjoyed the repast. None of the boys were bothered with speech-making. They were very busy with the one plate that half players never step away from. Instead of making speeches, the boys gave a yell for each of their hosts, the teachers and principal present, for their mascot, Master Hesley, who turned the cart wheel when that big ninth inning rally took place, and for the East Side merchants who subscribed the money with which the baseball uniforms were purchased.

Professor Downes gave a brief and interesting account of the way in which the team was organized and of the ready response of the business men of the East Side gave to the team when called upon. Professor Downes reminded the boys that they owed a great deal of their success to the teachers and the girl students of the school, who from the very beginning had taken a keen interest in the team. Professor Krohn told the success of the Grammar School League and announced that the drill recently given on the Multnomah Club Field had placed at the disposal of the athletic committee \$1,000 with which to purchase baseball equipments, footballs and basketballs.

Professor Krohn assured the boys that the athletic work would be kept up, opening in the Spring with baseball, track and field meets, in the Fall football, and basketball in the winter.

At the conclusion of his remarks Professor Krohn presented the team with the Grammar School League trophy, a very handsome loving cup. When the boys saw the cup they sent up a yell that rattled the rafters. The cup is suitably engraved with the names of each member of the team, its substitutes and coaches. Professor Downes will take a picture of the cup and each member of the team to receive one.

The guests were: Claude Harris, William Gleason, James Brady, James Gleason, Harry Miller, Frank Nelson, Merle Wolfer, Philip Lind, Everett Robnet, Guy Brace, Waldo Stout, Earl Arthur, Theophil Serr, Irving Healy.

CHIT-CHAT OF SPORTING WORLD BY WILL G. MACRAE. WHAT'S THE SCORE? Heh, why, 702 for big Bill Tart. Where was Jonathan Bourne? What's the use of asking foolish questions?

There is a woman living in Houston, Texas, who says she will not marry the best man living. It's a cinch she's not a baseball fan.

Instead of kicking the cat just because Portland does not win all the games, just remember that during the Summer months flies are just waiting to be killed.

Willis Britt, who has broken into the fight manager game with a couple of dead ones, is trying to talk life into a fourth meeting between Stanley Ketchel and Joe Thomas. Britt has Battling Nelson and Thomas in his morgue. Strange that he did not grab Bob Fitzsimmons.

Larry Piner blames his release on the fact that Danny Long caught him grabbing one of the 13 bats that the Seals had one day when they were playing. This is a mean advantage to take of the silent old bug number.

Los Angeles fight fans are looking forward to the Paaky McFarland-Velch fight. Jim J. Jeffries thinks he will cap 'em in on the night of the fight.

Mike Lynch is another Lucas player that played the rowdy to the tune of \$15. He was driven out of the lot for coaching, and then had a fight with a policeman.

Pitcher W. K. Roosevelt, who pitched great ball for Butte last year, has been canned for betting on Tacoma to win last Sunday's game. Even if the Northwest League officials will stand for rowdiness, they have shown by the prompt dismissal of Roosevelt that they will not tolerate gambling on the ball games, especially among the players.

A lot of mean things have been said about umpires, but it remains for the Washington Herald paragrapher to say the meanest. Here is what he says: "A Baltimore lad with only half a brain has just died at the age of 6. Too bad; he might have made an excellent umpire had he lived to be a man."

The Portland Hunt Club has started its preparations for its annual Horse Show. The first show was great, but President T. S. McGrath says the coming Horse Show will have finer horses and better equipments than last year.

Ash Houston, the Portland lad who is playing third base for La Grande, is making good. The other day Ash slammed out a home-run that won the game for La Grande. Lots of luck, kid.
