Phases of Industrial Growth in the Pacific Northwest

New "Yarder and Loader" in Commission Near Elma.

LOADS 200,000 FEET DAILY

Does Work of Two Donkey Engines. Besides Doing Away With Big Crew of Men for Loading of Cars.

S. E. Slade Lumber Company, a San Francisco corporation, of which W. R. Mack is local representative, owning large sawmills on Grays Harbor and extensive logging works near Elma, has installed a new combination "yarder and loader" that is attracting the attention of all loggers in this county. The company's camps have been visited by many interested in the logging business to watch the working of this new invention, and by all who have seen it handled it is pronounced a great success. The machine will easily yard up and load 200,000 feet a day; it will pick up a tenton log and land it on the car at any place as easily as a man would lay a toothpick down.

toothpick down.
One objection, however, that has been noticed, but which will be remedied, is that certain parts of the machine are ten light for this timber. The machine is the invention of an Eastern man and was made in Duluth, Minn, in a region re logs are much smaller than on the

The loader cost \$6500 and will pay for itself in a short time. It takes the plac of two donkey engines, a loader and yarder, with their crews. A piece of yarder, with their crews. A piece of track is built through a tract of timber and all that is necessary is to cut the trees down and into anwlogs; no roads are necessary to swamp out to reach the logs, but a steel cable an inch thick is run out from the loader and fastened to the log and the log is then drawn to the the log and the log is then drawn to the machine and hoisted high in the air and let down on the car. It is an exciting sight to witness the log come tearing perhaps a half mile out from the track in the woods through the brush and trectops to the machine and then go flyng in the air and down in place on the

In the opinion of well-known loggers who have watched the machine work, it is believed that it will come into general ise in the logging camps. This invention, like many others that have been made in the logging and lumbering industry, is a great labor-saving one, besides permitting rapid handling of logs. At the present rate of cutting and the means now at hand for cutting and manufacturing timber, the day of the logging industry, which has been such a great source of revenue to so many, will be

COMPLETING CONDENSERY

McMinnville to Have Plant Large as Any in Country.

M'MINVILLE, Or., June 21 .- (Special.) -The main building of the Willamette Valley Condensed Milk Company, now under construction in this city, is nearly completed. In dimensions it is 120x178 fest in the form of an "L," and 50 feet wide, having a floor space of 12,400 feet. be built, F0x120 feet. The buildings oc-cupy a plat of four and a built acres of ground which will be parked and beautified, and will be supplied with the latest improved condensing machinery, operated by Leon Chevalley, who learned his craft in Switzerland. The capacity of the plant is normally 190,000 pounds a day, producing 1,000 cases of cendensed willy. This can be increased to 1250. This can be increased to 1856 cases, consuming 125,000 pounds of milk.
Already sufficient milk has been pledged to run the institution to its capacity, and it is the intention of the company to begin operations between September 15 and October. They will commence installing the machinery in July. J. Woods Smith, of Portland, is president and Otto Olston vice-president of the company. which has a capitalization of \$100,000. These men are numbered with the heaviest stockholders. Among the other Portland stockholders are F. Joplin and F. W. Isherwood. Many McMinnville people, including both National banks, have secured stock in this enterprise that means so much for the prosperity of the town and surrounding country. It has been conservatively estimated that when the plant is running to its full capacity it will distribute from \$90,000 to \$75,000 every month to the farmers and others. It will have from 50 to 60 people on the payroll. Each can of McMinnville condensed milk will bear the label "Butterup Brand." Construction of the build-ng is under the supervision of J. G. Dietrich, the architect who has built early all of the condenseries in the

FLOURMILL FOR BAKER CITY

Promoter Well Pleased With Outlook for Grain Supply.

BAKER CITY, Or., June 21.—(Special.)— H. W. Speer, who has just finished an investigation of the conditions here regarding establishing a flouring mill, an nounces that he is pleased with the out look and will probably make arrange nents at an early date to remove from his present location in Carmi, Ill., and establish a modern mill at this point. Several times lately Baker has had men here looking over the field with a view to engaging in the milling business, but it is doubtful if the matter has ever been in such good shape and the probability so easured as now. assured as now.

Investigation shows that the wheat acreage has increased in this vicinity remarkably in the last two years, and since the dry lands have been farmed and proved beyond a question that they will produce wheat, it is thought there can be an ample supply raised here to can be an ample supply raised here to keep a flouring mill busy. Business men look on the mill project as one of great-est importance, and all encouragement possible has been given Mr. Speer.

Bulld Hospital at Baker.

BAKER CITY, Or., June 21 .- (Special.)-Ground has been broken here for the new Catholic hospital, which is to be erected at once. The building is to be of cut stone. Work on the bishop's two-story stone residence is progressing rapidly.

Place for an Oregon Man.

WASHINGTON, June 21-O. G. Whit-low, of Albany, Or., has been appointed bookkeeper in the treasury department, Washington, D. C.

NEW BUILDING OF FLANAGAN & BENNETT BANK, AT MARSHFIELD, OR.

MARSHFIELD INSTITUTION HAS FINE NEW HOME.

Concrete and Coos River Blue Sandstone Form Material Used-Upper Floors for Offices.

MARSHFIELD, Or., June 21 .- (Special.) The new building of the Flanagan & Bennett Bank, of Marshfield, has just been completed and the occupants are moving in. The structure is at the corner of Front and A streets and is one of the new modern buildings of the city. It is regarded as one of the most handme and substantial business blocks in some and substantial business oncas in this part of the state. It is built of con-crete and Coos River blue sandstone. The banking firm occupies the main part of the lower floor. Large marble columns are at each side of the corner entrance. Inside the banking fixtures are of mahogany on onyx bases with oxidized copper grill work. There are two large vauits, one for the bank and the other tited with safety deposit boxes. At the rear of the bank on the first floor are the offices of the Marshfield Water Company and the Water Vieley Television. pany and the Western Union Telegraph

ompany.

The second floor of the building is cupied entirely by physicians, and the third floor by lawyers. The woodwork on the upper floor is Oregon fir, especially selected for its choice grain. D. C. Lewis, of Portland, was the architect who constructed the building.

who constructed the building.

The Flanagan & Bennett Bank, while
the first to occupy a new and modern
building, is the oldest bank on Coos
Bay. It was established in 1889 by J.
N. Bennett and the late P. Flanagan
and for some years was the only bank
in the county. and for some years was the only bank in the county. The present officers are: President, J. W. Bennett; vice-president, J. H. Flanagan; cashier, R. F. Williams; assistant cashier, George F. Winchester, C. R. Sheridan, of Roseburg, is one of the directors. The bank has a subscribed capital stock of \$50,000, a paid up capital of \$40,000 and undivided profits, \$48,000. This bank, like the others in Marshfield, did not close its doors at any time during i not close its doors at any time during the series of bank helidays in Oregon

EUGENE TO SHIP CHERRIES

Fruit Association Prepares to Send Dark Varieties East.

EUGENE, Or., June 21,—(Special.)— The Lane County Fruit Growers' Asso-ciation is making extensive arrangements to ship a considerable part of the cherry erop from this county this year. An expert packer from California will soon be on the ground to take charge of the

work The cherries to be shipped will be principally the darker varieties, which are so much in demand as fresh fruit in the city stands—the Bings, Lamberts and Black Republicans. These varieties do not bring as good prices for canning as the Royal Anne, but they are more in demand as fresh fruit. The association thinks it can ship the

darker varieties east and realize as well on them as they are able to do here on the Royal Annes. If this experiment

year will be given to the darker varie-

state are said to be the best raised anywhere and it is the hope of the Lane County Fruit Growers' Association to get the same recognition for other varieties of cherries if possible, and build up a special reputation for this section of Oregon as the great cherry country.

Good Crops in the Palouse.

COLFAX, Wash., June 21 .- (Special.)-Indications are this season will be a profitable one to farmers throughout this section. Although the Spring has been extremely cold and rainy, the crops are in splendid condition, but harvest will be somewhat later than usual. Farmers are not through plowing their Summer fallow out expect to finish by the last of the

menth.

Orchards are in fine condition owing to the fact that the fruitraisers are taking better care of the trees than formerly. The fruit trees have been carefully pruned and sprayed, and give promise of an abundant yield.

YAKIMA PROUD OF SPLENDID \$70,000 STRUCTURE.

Fund Raised by Popular Subscription-Auxiliary Society Pledges Money for Furnishings.

NORTH YAKIMA, Wash., June 21 .-Special.)-The officers of the Y. M. C. A., of this city, have formally accepted the \$70,000 building constructed for the association, from the contractors, and nothing remains to be done but to furnish the building for the occupancy of the young men who belong to the association. This will cost about \$12,000 and the accomplishment of the work of raising this money has been assumed as an obligation by the women of the various charitable and religious organizations, who have appointed a women's auxiliary to the association for that purpose.

The officers of this auxiliary society are nothing remains to be done but to fur-The officers of this auxiliary society are Mrs. J. L. Hughes, president; Mrs. L. O. Janeck, treasurer, and Miss Jeanette

Bridgman, secretary. The auxiliary will appoint subcommittees of ten members each and these will devise and carry out schemes for raising the funds required.
The building itself has been paid for
by public subscription. It is built of local
stone and measures \$8 feet in front and 120 feet in length, being three stories high and with a basement. The accom-modations include a swimming pool, gymnasium, manual training room, Winter track, auditorium, class rooms, two bowl-ing alleys and all of the usual rooms and offices, besides 27 bedrooms for the

WALK 2450 MILES IN ONE PAIR OF SHOES

REMARKABLE FEAT OF WM. JACK-SON AND R. T. HAY IN THEIR SEATTLE TO CHICAGO TRAMP.

shoes Worn by These Pedestrians Were the Product of the F. Mayer Boot and Shoe Company, Manufacturers of the Renowned Mayer Milwaukee Custom Made Shoes.

CAPTURE A \$1,500 PURSE

Over mountains and through snow through wet, slush and mud, freezing at times and oppressed by heat at others. William Jackson and R. T. Hay, two sturdy Scotchmen, walked every mile of the way from Scattle to Chicago, just arriving within a few hours of the time limit, thereby winning a purse of Fifteen Hundred Dollars purse of Fifteen Hundred Dollars given by the Seattle Athletic Club for accomplishing this feat within the pre-scribed time.

Jackson and Hay left Seattle with

but Five Dollars in money and were obliged to earn their way as they went and leave no unpaid bills, and complete the journey in ninety days.

An interesting fact in connection An interesting fact in connection with this walk was that but one pair of shoes was worn by each of them on the 2450-mile journey, and that they never ripped or lost a stitch during the entire trip. The shoes worn in this contest were made by the F. Mayer Boot and Shoe Company, Milwaukee, who have osuablished a great reputation throughout the rountry as manufacturers of the highest type of quality shoes; in consequence of which the business of this house has had a phenomenal growth. Nine thousand pairs per day is the present capacity of the Mayer factories.

As a matter of contrast, and to show

As a matter of contrast, and to show that there is a marked difference in the quality of shoes, while Hay and Jackson completed their 2450-mile trip in a single pair of shoes that were practically intact at the end, J. T. Sutherland, another pedestrian, who had reached Owesso, Mich., on a coast to-coast walk, had worn out thirty-one pairs of shoes on his journey up to the time of his arrival in Owesso. to the time of his arrival in Owosso Leading brands manufactured by the F. Mayer Boot and Shoe Company are the Honorbilt for Men; Leading Lady.

work on this building was not started un-til after crest of high-priced labor and material had passed. This will mean a saving of several thousand dollars to the taxpayers, and the building will be erected and unished for less money than was at first contemplated.

At the request of the County Court the

commercial organizations have appointed a committee of three business men to meet with the court as an advisory board when contracts are to be let on the build-

TENNIS TOURNAMENT OPEN

Splendid Play Marks Games for Ladd Cup.

Splendid tennis marked the opening of the play for the Ladd handicap cup on the Multnomah Club courts Saturday afternoon. The new courts pleased BAKER CITY, Or., June 21.—(Special.)— the tennis cracks, for they are light-with the foundations in place and almost ning fast, and in spite of the ball on them as they are able to do here on the Royal Annes. If this experiment is successful it will give cherry raising, which is already a big industry here, an added stimulus. The association will also ship Royal Annes and other varieties of

Make Your Money Pay

The wealthy men of Portland will all tell you how. Ask any of them and the answer will be, INVEST ALL IN REAL ESTATE

REAL ESTATE

OPENS UP FOR YOU a new field of effort; teaches economy, if you buy on easy terms; makes you appreciate the value of business rules and initiates you into the greatest source of profit in the world.

INTERESTS YOU IN A HOME, a subject of fascinating interest and one that should, sooner or later, command the entire attention of every man and woman born into the world.

BRINGS YOU IN TOUCH with successful business men and compels your interest in municipal affairs to a far greater extent than ever before.

GIVES YOU SOMETHING to live for, something to leave behind, something to anchor to in times of distress, something upon which to found a business of your own.

PROFITS

COMMAND INVESTMENTS-

Without them, there would be no investing. Real estate is the basis of all value and is, consequently, the most popular investment for men of means, both large and small. These profits are better than savings in-

APPEAL TO EVERYBODY, regardless of the amount to be invested. The larger the investment, the greater the profit, but the percentage remains practically the same. This gives you a chance.

IN REAL ESTATE, depend solely upon the movement of people. Wherever people are willing to go and live, profits are as certain to follow as night follows day.

DEPEND UPON LOCATION to a very large extent. A growing city is a gold mine to realty investors. They buy early and hold the delinquent up

BUT REMEMBER, THIS IS NOT ALL

HYDE PARK property is easy to buy, easy to pay for, easy to sell at a profit and always worth the price.

HYDE PARK is located on the highest point of the peninsula HYDE PARK has graded streets, cement walks and curbs and city water

HYDE PARK Overlooks the Columbia and Willamette Rivers HYDE PARK is within the restricted district of the great East Side

HYDE PARK is a delightful place to live for the rest of your life HYDE PARK is to Portland what Hyde Park is to Chicago

HYDE PARK is a success, all over the civilized globe

The Jacobs-Stine Company has made a long and diligent study of Portland real estate conditions. It would be folly for them to buy, plat and improve a piece of residence

property that their expert judgment pronounced unfit or undesirable for residence purposes. On the other hand, it would be to their everlasting credit if they selected and offered to you a property that bore

out their excellent judgment in every particular. When this firm tells you, therefore,

COUPON NO. 2-A-O

POLICE WIN ANOTHER GAME Pitcher Evans Strikes Out 15 Men

on Gibson Nine. In a close and exciting contest the police yesterday won their fifth straight game of baseball by defeating the Gibsons of the East Side on the grounds at East Thirteenth and East Davis streets, by a score of 7 to 5. Larry K. Evans, twister for the police, struck out 15 memtwirler for the police, struck out 15 mem bers of the Gibson nine and didn't allow a single hit. Had Evans had better sup-port it is probable that the police would have scored a shutout. Clouts that should have scored a shutout. Clouis that should have been fielded were allowed to go by, with the result that the Gibsons managed to bring home almost as many men as their opponents. In addition to his star twirling. Evans brought in two of the seven runs made by his team and allowed but two men to walk, although he twice hit Left Fielder Walsh, of the Gib-

Sons.

The line-ups follows: Police-Evans, pitcher; Burchell, catcher; Mallett, short-stop; Wendorf, first base; Hippner, second base; Epps, center field; Rupert, third base; Murray, right field, and Rob-

son, left field. Gibsons-Lightner, third Zertser, first base; Engrand, right Bedan, catcher; Goddard, short-Walsh, left field; Harper, center field; Prodford, second base, and Varders,

The police are willing to play any ama teur team in the Northwest. They have so far failed to lose a game this season. Wednesday they will play the carmen at the league grounds.
