NOTHING LIKE IT SEEN IN LONDON

Demonstration of Suffragettes Calls Out Crowd of 500,000.

CROWD CHAFFS SPEAKERS

Various Processions Mile in Length Wind Through Spectators, and Leaders Fight Way to Platform—Speeches Not Heard.

LONDON, June 21.—Favored by beautiful weather and again displaying totally unexpected genius for organization, the suffragettes' demonstration in Hyde Park today was an unparalleled success. Encouraged by unreserved success the suffragettes planned today's demonstration as a climax of the year's fight for women's suffrage.

It is hardly too much to say that never before was such a demonstration seen in London. Fully half a million people assembled in and around Hyde Park as active or passive participants in the great meeting, while for two or three hours in the middle of the day the whole center of the city was in a ferment. Various processions appeared, each about a mile long, and the routes through which these passed were densely crowded with spectators.

Speakers Fight Way to Platform.

The suffragettes from "The Provinces" were met at the various railroad stations by delegations from the London organizations and these forming into lines, marched from different points of the compass to Hyde Park. After arriving there the leaders and speakers of the various sections had literally to fight their way to the platform. Probably there were about 20 speakers in all, and these harangued the masses on the rights of women to vote and the necessity of forcing Parliament to adopt a resolution on the question.

The women's demonstrations are far more attractive from a spectacular point of view than those held by men.

Crowds Amusedly Tolerant.

Almost all of the suffragettes wore white dresses, with sashes of their colors, green, white and purple, inscribed "Vote for women," and the scene as viewed from the platform was a feast of color. There was much good-humored chaffing and the speeches were practically inaudible. The attitude of the onlookers was one of amused tolerance. Imbalances were kept busy dealing with cases of fainting and minor injuries, owing to the great pressure of the crowds, but no serious accidents occurred. Considerable scuffling and rowdiness occurred around the platform occupied by Mrs. Parkhurst, the leader of the suffragettes, and it finally became so serious as to need reinforcements of police. Thirty persons were treated for slight injuries as a result of the crowding and fighting in this neighborhood. Similar scenes were enacted around Mrs. Martine's platform, and owing to the general noisy interruptions, few of the speakers were able to get a hearing.

NARROW ESCAPE OF TAFT

(Continued From First Page.)

places in the Philippines, and from Cuba, Porto Rico, Panama and the Hawaiian Islands.

The Secretary is especially gratified with the cablegrams from Manila, many of which are from natives, who have been his friends since he was Governor of the Islands.

"Oh, I'll show you a fine game," said his brother, Charles P. Taft, who is immensely interested in the game, "when you come to Cincinnati later in the Summer."

"You see," remarked the Secretary to his interviewer, laughingly, "Charles is not only a baseball fan, but also a magnate, therefore I stand a chance of seeing some pretty good ball-playing."

Taft was accompanied as far as Columbus by Wade H. Ellis, Attorney-General of Ohio, who practically is the author of the tariff-revision plank of the National Republican platform. In the three-hour ride between Cincinnati and Columbus, they discussed the political situation with particular reference to the Ohio campaign, in which Secretary Taft is peculiarly interested.

TWO HOURS IN PITTSBURG

Crowd Files Through Depot and Shakes Hands with Celebrity.

PITTSBURG, June 21.—Secretary Taft was an unannounced and unexpected visitor in Pittsburg for nearly two hours today, because the train on which he left Cincinnati for New York was delayed by an accident, and the Pennsylvania refusing to hold the eastern connection here until his belated train arrived. The Secretary took the matter good naturedly, however, and when the train passed into the Union station joined the procession of disappointed passengers toward the ticket office to make the next best possible arrangement.

He and the other members of his party, National Committeeman F. B. Kellogg of Minnesota and James T. Williams, of the Secretary's political staff, were fortunate, however, in securing berths on the 18-hour Chicago to New York train which is usually crowded and got out at 12:50 o'clock.

FATAL DUEL IS FOUGHT

One Dead, Another Dying—Woman Witness to Tragedy.

STURGIS, S. D., June 21.—E. H. Baldwin and Edward Graham, both of Swamp Creek, shot each other on a ranch north of Sprink Creek this morning. Baldwin was killed and Graham is not expected to live. The men had been on bad terms and met in the road as Baldwin was coming to town and Graham was going home. Graham was accompanied by Baldwin's divorced wife, who was a witness to the tragedy.

TAFT SPEEDING TO NEW HAVEN

Will Spend Commencement Week at Yale and Attend Reunion of '78 Class.

IN CINCINNATI IN AUGUST

Presidential Nominee to Make His Home With His Brother Charles. Selection of National Chairman Still Unsettled.

CINCINNATI, June 21.—Secretary Taft tonight is speeding to New York on the Pennsylvania flyer, en route to New Haven, Conn. He left Cincinnati this afternoon at 3:10 o'clock, accompanied by James P. Williams Jr., of his political staff, and expects to reach New York tomorrow at 2:10 A. M. He will be in New Haven by noon. He will remain at New Haven until after the commencement exercises of Yale, his alma mater. Incidentally he will attend a reunion of his class, '78, and witness the Yale-Harvard boat race at New London on Thursday. It is probable he will not reach the National capital before next Saturday.

Taft's removal to Washington will after the session of the subcommittee of the Republican National committee, which is to be held there on the first of July.

Only tentative plans thus far have been made by Secretary Taft for the Summer months. He probably will go accompanied by Mrs. Taft to Hot Springs, Va., for three or four weeks, beginning early in July. He would enjoy, above all else, going to Murray Bay, Can., where for the last 16 years he has spent his Summers, but this will be impossible this year.

Spend Summer in Cincinnati.

It will be necessary for him to be in Cincinnati about the 20th of July to receive the formal notification of his nomination for the Presidency. It is his intention now to pass three or four days here about that time. He will then return to Hot Springs for the remainder of his Summer outing. Plans have been practically effected by which after the first of September Secretary Taft will be continually in Cincinnati. While he will reside with his brother, Charles P. Taft, he will make his headquarters at the Hotel Sinton. It is not expected that the National headquarters will be located in Cincinnati. As heretofore the headquarters of the party organization very likely will be in New York and Chicago. It has not been determined yet in which city the chairman of the National committee will have his principal office.

Chairmanship an Open Issue.

Practically no new facts were developed today regarding the committee's inaction yesterday on the National chairmanship. While the discussion at the conference took a wide range, it can be said authoritatively that several names of possible appointees were considered. It was the consensus of opinion among Secretary Taft's advisers that the selection of a chairman should be postponed, at least for a time, in order that so momentous a matter might receive thorough consideration. Secretary Taft received yesterday telegrams from important party leaders throughout the country, urging him not to be hasty in decid-

ing the chairmanship question. One of these messages came from Secretary of State Root, who pointed out the undesirability of undue haste, and suggested the advisability of postponing action until the present atmosphere has cleared.

With this view, Secretary Taft was in cordial agreement and it was on his suggestion that the committee determined to defer definite action until July 1. It can be reiterated that the proceedings of the committee yesterday constituted in no sense an elimination of any man who has been cleared for the position, and was equally positive that no determination of the matter could be reached before the meeting of the subcommittee on the first of July, in Washington.

The Secretary, prior to his departure for the East, passed a quiet day at the residence of his brother. Accompanied by Mrs. Charles P. Taft, he attended the 11 o'clock services at Christ Episcopal Church and listened to an excellent discourse on "The Successful Man," delivered by Rev. W. H. Poole, one of the assistant rectors of the church. Mr. Poole's text was the fourth verse of the seventeenth chapter of St. John: "I will remain in the world, that I may do good." The sermon was in no sense directed at Secretary Taft and no reference was made to his presence in the church. At the conclusion of the services, the Secretary greeted cordially many of his friends and neighbors of Christ Church parish.

GREAT TEMPERANCE RALLY

Feature of International Sunday School Convention.

LOUISVILLE, Ky., June 21.—A great temperance mass meeting at the Armory, sessions of the superintendents and teachers congress this afternoon, 15 missionary mass meetings throughout the city tonight and sermons in 100 Louisville pulpits by eminent visiting ministers were the features of today's work of the International Sunday School Association, which is holding its 12th triennial session in Louisville.

The main event was of course the temperance rally at the Armory this afternoon. Mrs. Lillian M. Stevens' address entitled, "The Two Oars of the Temperance Movement," was accorded an enthusiastic hearing by the audience that filled the main floor of the Armory. The Rev. P. A. Barker, National superintendent of the Anti-Saloon League, told of the beginning of the "new crusade against the saloon." Dr. Alex. Allison, of New York, general secretary of the National Temperance Society, was heard with keen interest, as he spoke of the "Dual Problem" that confronted the temperance workers.

BRYAN CRITICISES INJUNCTION PLANK

"Transparent Fraud" Is Commoner Editor's Characterization.

PARTY DECEIVING LABOR

Denies Any Attack on Courts—Republicans Building Man of Straw. Assails Stand Taken by Taft on Labor Question.

LINCOLN, Neb., June 21.—Following up his expression of yesterday in criticism of the Republican platform in general, William J. Bryan tonight gave out a statement in which he assails in particular the anti-injunction plank of the Chicago platform, describing it as a "transparent fraud." The statement which will appear under the heading, "Republicans deceiving Labor," is the next issue of Mr. Bryan's Commoner, says in part:

"The anti-injunction plank of the Republican platform, as finally adopted, is a transparent fraud; it is possible that the members of the committee were lured by some trust lawyer that is the only charitable view that can be taken of it. Those who advocated the plank claimed to be doing so as a concession to the wage-earners and yet, if one will read the plank, he will see that it is, in fact, an announcement that the Republican party is unalterably opposed to the laboring-man's position.

Creates Man of Straw.

"The plank assumes that somebody is attacking the courts and that the courts are in danger of losing support or having their powers weakened. There is no attack upon the courts; there is no thought anywhere of interfering with any legitimate function of the court. The Republican convention puts up a man of straw and then proceeds to demolish it; it suspects an unhealthy assault upon the judiciary and its unrighteous indignation finds expression in a boastful assertion of its innocence of participation in any such suspected assault."

Continuing he said: "Secretary Taft is known as the father of government by injunction and his speeches in Oklahoma last year gave conclusive proof of his adherence to the position taken by him on the bench. He is still in favor of the use of the writ of injunction in labor cases and he is opposed to trial by jury.

Unstable in His Position.

"In a speech delivered in New York last Winter he said in response to questions, that the law ought to be so amended as to give a hearing before the injunction was granted, and even consented that the hearing for contempt should be held before a different judge from that who granted the injunction, but when he came to prepare a plank for the convention he did not go so far as he went in his speech. The plank that went before the convention, as his plank was so weak that it amounted to nothing, but it was even then too strong for the convention, and the convention adopted a plank which not only does not grant any concession to the laboring man, but really emphasizes the position taken by large corporate employers by hurling anathemas at those who are suspected of a desire to modify the law

HURT IN AUTO ACCIDENT

A. H. Payson, of San Francisco, Escapes Death Under Wheels.

SAN FRANCISCO, June 21.—Hurled from his auto in collision with a San Mateo car, A. H. Payson, president of the Spring Valley Water Company, escaped death Saturday night by the narrowest chance. Mr. Payson was driving his own touring car on his way to his home in San Mateo and when crossing the tracks at Mission and Amazon avenue the car crashed into the machine with terrific force, plowing halfway through the side. Payson was severely bruised by the first force of the collision, but was thrown from the seat and landed in the street. His injuries are not of a serious nature.

TWO MEN KILLED IN DUEL

Cattlemen Quarrel, Draw Guns and Fire Simultaneously.

ALBUQUERQUE, June 21.—R. M. Sailer and Edward Jones, cattlemen, were both killed in a duel this evening. The fight took place near St. Francis, N. M., 200 miles east of here. The men were neighbors and quarreled over a cattle trade. Guns were drawn and fired simultaneously. Both men were instantly killed. The quarrel is said to have been the outgrowth of an old feud. Both men were wealthy and highly respected.

He and Miss Sadie Baker, of this city, were out in a small boat when the furious storm swept down upon them.

For two hours they were tossed back and forth between life and death, but Burns, powerful athlete and swimmer, finally succeeded in getting his half-drowned companion ashore.
