

WRAPPING PAPER TRUST IS FINED

Every Member Pleads Guilty to Violation of Sherman Law.

MANAGER IS A FUGITIVE

Judge Hough Shows Leniency Because Guilty Confess—Enormous Advance in Price—Testimony Before Congress Is False.

NEW YORK, June 22.—Twenty-four companies manufacturing Manila wrapping paper were fined \$2000 each by Judge Hough in the United States Circuit Court today. They pleaded guilty on Friday last to maintaining an illegal combination in restraint of trade. They were members of the Manila and Fibre combination.

The companies arranged to pay their fines through their counsel. The cases against the companies were instituted through the instrumentality of the American Newspaper Publishers' Association, for which John Norris, of this city, acted as agent.

Why Leniency Was Shown.

The companies composed almost of the entire membership of the circle of paper manufacturers which was organized by John H. Parks, on complaint of Mr. Norris. The Federal grand jury began an investigation of the combination two months ago, and on Friday returned indictments against Parks and 25 companies. District Attorney Stinson, who had charge of the cases, stated in court that in view of the fact that the companies had saved the Government expense by pleading guilty he was willing that light fines should be imposed. Counsel for the companies declared that the combination was formed two years ago to save them from bankruptcy because of the methods of agents for consumers, who, he alleged, favored first one group of paper mills and then another in order to cut prices. Counsel also declared that the combination was dissolved when it was learned that the association came within the provisions of the Sherman law.

Raised Price Enormously.

In September, 1906, 25 fibre and manila mills formed the Manila & Fibre Association, of which John H. Parks was made manager. Immediately the production of paper dropped from 84,000 to 50,000 tons per year, and the price of paper was advanced \$5 a ton. Other advances followed until the price had been raised \$18 a ton. The annual profit of the companies was \$3,000,000 annually.

Organizer a Fugitive.

The Petersky Fibre Company, another member of the association, prohibited by the Federal court from joining any pool or agreement to restrict trade at the time of the dissolution of the General Paper Company, of which combination it was a member. The company did not file in today's verdict. It is alleged to have been referred to the Attorney-General on a complaint of John H. Parks, the manager of the Manila & Fibre Association, also ran four other pools of paper.

GOLDEN GATE CITY WINS

Defeats Attempt of New Orleans to Stampede Convention.

LOUISVILLE, Ky., June 22.—The International Sunday-school Convention late this afternoon decided to hold its next convention in San Francisco in 1911.

The entire afternoon session was taken up with the selection of the next meeting-place. It appears that at the last convention, held in Toronto in 1905, an agreement was reached to have the body meet in Louisville in 1908, with the understanding that San Francisco would get the gathering in 1911. However, T. V. Ellzey, of New Orleans, secured the floor, and in one of the best speeches heard at the convention, tried to upset this arrangement and strongly advocated the claims of the Crescent City to the next general meeting.

TEST OIL IN THE NAVY

Ten New Torpedo-Boat Destroyers Will Burn Liquid Fuel.

WASHINGTON, June 22.—Oil-burning furnaces are to be installed on the 10 torpedo-boat destroyers authorized by the last Naval appropriation bill. This will be the first test of oil-burning boilers in the Army and Navy.

DEATH RECORD FOR DAY

Brigadier-General A. Hartsuff.

DETROIT, June 22.—Brigadier-General Arthur Hartsuff, U. S. A., retired, died suddenly today from heart disease. He was a brother of the late Major-General George Hartsuff and the late General William Hartsuff. He served in the medical department during the Civil War and added in putting down the yellow fever epidemic at New Orleans at its close, and then went West and took a

RIFLED SACK FOUND

Mailrobber Took Money, but Left Much Jewelry.

CHICAGO, June 22.—Christian Burlicky, one of the pioneer restaurant-keepers of Chicago, died yesterday at his residence. He attained something more than local fame as "the man who quit when his pile was made."

POLICE LET HIM GET AWAY

Had Negro Suspected of Theft in Jail, but Allowed Escape—Federal Officials Lose Trace of Him at Denver.

KANSAS CITY, Mo., June 22.—The registered mail pouch which contained \$50,000 in money and \$100,000 worth of diamonds and jewelry stolen from a mailcar at the Union Station here on the night of June 6, was found this afternoon by a switching crew in the yard of the Rock Island Railway in Kansas City, Kan. The pouch still contained a number of valuable articles of jewelry, but empty envelopes which had contained the \$50,000 in currency showed that the thief had made good on the smaller part of his haul.

MILD CRIME TO KILL JEWS

LIGHT SENTENCE ON BIALYSTOK MASSACRE AUTHORS.

ST. PETERSBURG, June 22.—Sentences were handed down today in the case of participants in the Jewish massacre at Bialystok when 33 Christians and 23 Jews were killed and 23 Christians and 82 Jews were wounded. One of the prisoners was sentenced to three years penal servitude, 12 others were condemned to from six months to a year's imprisonment, and 15 were acquitted. Four of the condemned were found guilty of actual participation in the killing of Jews.

The witnesses for the prosecution, including army and police officers and members of the orthodox clergy, ascribed the excess to an attack of a Jewish agitator on a church procession. They emphasized the activity of the Jewish self-defense organizations, whose attacks on the police and soldiers during the trouble, they asserted, prevented the authorities from bringing about an early restoration of order.

The case against the companies was instituted through the instrumentality of the American Newspaper Publishers' Association, for which John Norris, of this city, acted as agent.

GIRLS ATTEND LECTURES

Despite Enticing Balm Weather, Seaside Delegates Work.

SEASIDE HOUSE, June 22.—(Special.)—Monday at conference was a beautiful, busy day. The delegates from the various sections of the Oregon Federation of Women's Clubs, in spite of the fact that the meetings were all well-attended, for the girls have come with a purpose and are marshaled into the hall for the afternoon. The girls have definite aims. Everybody is jolly, everybody wants to talk, but when the word went out for the quiet hour at 8:30 they all silently stole away. Bible in hand, for the morning watch. Emerging from their rooms, the busy buzz began again.

Rev. Dr. Brooks, of Oakland, lectured on the "Relation of Student and City Associations." At the close of the service the girls rose, and, joining hands in a great circle within the tent, with the roar of the ocean and the sighing of the pines within their ears, sang "Auld Lang Syne."

The city conference was addressed by Miss Hayes, of the National board. The hotel parlors were converted into a bower of green and lemon yellow, the colors of the University of Oregon, for the reception in the afternoon. The guests as they entered were introduced by Miss Ruth Baldwin, and the girls of the college associations of Oregon, Washington, Idaho and Montana were made acquainted with the leaders of the conference, many of whom have come from afar to be present at the conference.

FULTON FOR CABINET JOB

Washington Post Says Oregon Man's Chances Are Good.

WASHINGTON, D. C., June 22.—The Washington Post in speculating on prospective cabinet changes, says: "Senator Fulton has been a consistent Taft booster, and the secretary likes him. The Pacific Coast will have a seat somewhere around the cabinet table, and the chances of Senator Fulton for appointment as Attorney-General or Secretary of Commerce and Labor are as good as those of any man who has been named."

LIN M'LEAN.

This story of the cowpuncher appearing in the July Sunset, by Owen Winter, author of "The Virginian," is notable among Western stories. The cowman is a fast passing type as the great West becomes fenced and civilized. The novel, which began in the April number of Sunset, appears in installments, each practically complete in itself.

PARASOLS REDUCED.

Every parasol in the house now reduced in price. A complete line of all the latest novelties in colors and white. Select yours now and save.—McAllen & McDonnell, Third and Morrison.

National Bank for Harrington. OREGONIAN NEWS BUREAU, Washington, June 22.—The application of Harry Ochs, Grant McCann, T. A. Hansard, August Timm, C. A. Pegle and E. J. Hilschman to organize the First National Bank of Harrington, Wash., with \$50,000 capital, has been approved by the Controller of the Currency.

ONLY TWO GUILTY

Hyde and Schneider Convicted of Land Fraud.

BATON ROUGE, La., June 22.—One killed and about 15 injured, some of them seriously as the result of the wrecking of a Baton Rouge & Hammond passenger train at the crossing of the Red River Valley road today. Dr. G. W. Jones, Benham Springs, Livingston Parish, La., a member of the

BENSON AND DIMOND FREE

Jury Reaches Agreement After 75 Hours' Deliberation and After Once Reporting Disagreement to Judge Stafford.

WASHINGTON, June 22.—A verdict was reached by the jury in the case of F. A. Hyde, J. A. Benson, J. H. Schneider and Henry E. Dimond last afternoon. Hyde and Schneider were found guilty and Benson and Dimond not guilty.

The jury had been out almost 75 hours. Benson and Dimond were acquitted on all of the 42 counts in the indictment. Hyde and Schneider were convicted on all but ten of the counts. Benson and Dimond were immediately released from custody. All four men have been under \$10,000 bail. Hyde's bail was increased under the jury's verdict to \$20,000 and Schneider's to \$12,500.

Hyde and Schneider immediately furnished the increased bail. Sentence in the case of Hyde and Schneider was deferred, and, when it is imposed, the two men immediately released from custody. The maximum penalty is imprisonment of two years or \$10,000 fine or both.

Benson, one of the two men acquitted, was convicted some time ago in California with Dr. Perrine under another section of the conspiracy law in connection with public land matters. He was sentenced to ten months' imprisonment and his appeal from that sentence is now pending.

The four defendants were indicted more than four years ago for alleged conspiracy to defraud the United States out of large tracts of public lands in the West. The jurors reported in the Criminal Court this forenoon that they had not reached an agreement. The court instructed them to make one more effort to reach an agreement, and if they could not agree he would discharge them from their responsibilities.

Justice Stafford spoke of the importance of the case to the Government and to the defendants and asked the jurors if they would not go back to their room and lay aside all of their previous opinions and listen to each other's views and see if they could not reach an agreement. The judge said that he did not wish to modify or take back any part of his instructions to the jury. The jury made its report at 11:22 o'clock. Immediately after receiving the court's instructions, the jury again retired in a further effort to come to some agreement. The jury had been out since 1 o'clock Friday afternoon. The case has attracted widespread attention, and the evidence included a mass of records from land offices in California, Washington and Oregon.

MUST GIVE GOOD SERVICE

Court Orders Same Fare to Cleveland Suburbs as Within City.

CLEVELAND, June 22.—Judge Phillips, in Common Pleas Court, today granted a mandatory order compelling the Municipal Traction Company to give good service and the same rate of fare to the town of East Cleveland, a suburb, as is enjoyed by the City of Cleveland. Judge Phillips held that the Municipal Company had a legal right to increase its fares on lines where it was found cars were operated at a loss, but if increases in the fare were given within the city limits on the line running to East Cleveland, the latter town must have the same rate.

FIRES DESTROY TIMBER

Damage in Colorado Forests Is Estimated at \$125,000.

BUFFALO PARK, Colo., June 22.—Two destructive forest fires are raging west of Buffalo, in the western part of Jefferson County and the extreme northern central part of Park County, the latter being known as the Mount Evans district. The value of the timber already destroyed by both fires is estimated at from \$100,000 to \$125,000. Both fires are said to have been started by careless camping parties.

Amusements

What the Press Agency Say.

"The Swindler," Last Time Tonight. Tonight at the Baker will positively be the last opportunity to see the dramatic hit of the season, Howard Russell's fascinating play, "The Swindler," which was such a success last week that it ran over into this. Seats may still be had for tonight's performance.

Star Musical Comedy. "Charley's Uncle," the musical comedy at the Star Theater this week, is the last attraction which will be presented by the Armstrong Company in this city. "Charley's Uncle" is a scream and a hit. Every song is a hit and carries catchy music.

COMING ATTRACTIONS. Collier's Seat Sale Today. Seats are now selling at box office of the Helix Theater, Fourteenth and Washington streets, for the dramatic comedian, William Collier, who will present his latest comedy success, "Caught in the Rain," next Thursday and Saturday nights, June 25, 26, and 27, with a special matinee Saturday.

May Robson, Next Sunday. The charming comedienne, May Robson, supported by an excellent company of players, will present the musical comedy, "The Rejuvenation of Aunt Mary," at the Helix Theater, Fourteenth and Washington streets, next Sunday night, June 28. This will be one of the most delightful treats of the season.

PROJECT FOUND FEASIBLE

But Government May Not Water Portneuf, Idaho, Lands.

OREGONIAN NEWS BUREAU, Washington, June 22.—Preliminary investigations just completed by engineers of the Reclamation Service of irrigation possibilities of Portneuf Valley, in the vicinity of American Falls, Idaho, and of the feasibility of diverting the waters of Blackfoot River into the Portneuf drainage canal, shows that about 50,000 acres lying partly in the Fort Hall reservation can be irrigated at reasonable cost. Owing to the present condition of the reclamation fund, it is extremely doubtful if the Reclamation Service will be able to assist in the construction of the work, but if it is found feasible, settlers may be able to organize and do the work themselves. The water supply is controlled by the Indian Office.

RAWHIDE AND ITS GOLD

Under this title, J. H. Cradabaugh contributes to the July Sunset an article on Rawhide as the newest record-breaker among the wonderful treasure towns of Nevada. Rejuv'n aids digestion. At all saloons.
