# HYDE

**THE INSURANCE CLAUSE**  
There is no way to lose in **HYDE PARK**, if you die before paying for it. Your widow or heirs have the choice of continuing the payments or receiving back all you have paid with 6 per cent interest.

The **HYDE PARK** of Portland, like the Hyde Park of Chicago, is destined, beyond all peradventure of a doubt, to become the popular, profitable residence center of the biggest city of the Northwest. You will have the same improvements in the Portland **HYDE PARK** that the Chicago Hyde Park has, and better. For instance, in Chicago, the property-owners had to build their own cement walks, pave their own streets, stand the expense of laying their own water mains. In **HYDE PARK** of Portland, all these improvements are included in the price of the property. More than that, our **HYDE PARK** has Bull Run water, as against the questionable Lake Michigan water of the Chicago suburb. Furthermore, it takes almost 15 minutes' less time to get to the Portland **HYDE PARK** than it does to get to Hyde Park in Chicago. You will have an electric carline; they have a cable line. You will be only a little over three miles from downtown; they are nearer six miles away.

**GENERAL BELL IS FIRST**

Heads List of Officers in West Point Hall of Fame.

WASHINGTON, June 23.—The work of preparing sketches of the career of army officers covering the last decennial period for the memorial hall at West Point is now in preparation in anticipation of the bringing of the archives of that collection up to the year 1910. Many people, not of army circles, are not familiar with the liberal bequest of the late General Cullom of the army, who left a fortune for the building of what is

deemed by most people who have seen it to be the most beautiful memorial hall ever erected. It is the resting place of tablets commemorating the deeds of officers who died in battle, and in it are preserved the records of all graduates of the military academy. A long time is required to gather the information deposited in the memorial hall every ten years. Men who are now engaged in this work declare that among all the officers of the army, few, if any, will show such a record of having been under fire during the last 10 years as General Bell, chief of staff. General Bell, it is said, during his service in the Philippines, was under fire in 51 battles or skirmishes. Many other officers have extensive records of

striking careers, as the past ten years have been eventful in military circles, and the biographical collection to be deposited at West Point will be filled with incidents worthy of study by the cadets who look to that hall of fame for inspiration. **Leslie Carter Sued Again.** NEW YORK, June 23.—Mrs. Leslie Carter-Payne, who has had many and various troubles of late, is being sued by a contractor named Hodging for payment on court alterations made by him in the Seventeenth-street house recently occupied by the actress. Among the alterations was the installation of a special bathtub for Mrs. Carter-Payne's pet dog.

**REBEL AGAINST PORTUGAL**  
Natives of Guinea Surround and Slaughter Oppressors.

LISBON, June 23.—News has been received here of a serious condition of affairs in Portuguese Guinea. The natives everywhere are reported to be in revolt. Even on the island of Timor several interior posts have been driven in, settlements have been destroyed and Europeans have been killed or carried off into captivity. The Portuguese troops have taken refuge at Bissau, where they were surrounded. A French warship has arrived for the protection of French sub-

jects. Troops here attribute the revolt to the cruelties practiced by the troops while collecting the "hut tax." It is their custom frequently to levy heavy sums and if payment is refused to flog the natives, burn the villages and sometimes capture the wives or children of rich chiefs and hold them for ransom. A chief of the Coullage tribe started the revolt by setting a sergeant and seven Portuguese troopers, decapitating them and displaying their heads on poles. Anxiety is felt for the Europeans captured, as the natives are cannibals. After a front engagement the troops observed the natives devouring one of their own dead. **Tani! Tani! **CLIFFORD ADMITS GUILT**  
Former New York Alderman Will Plead Guilty to Bribery.

NEW YORK, June 23.—William Clifford, a former Alderman of this city, announced to Justice Goff in court today that he intends tomorrow to plead guilty to the charge of bribery. He was accused of having received \$6000 for distribution among Aldermen elected by the Municipal Ownership League to secure the election of Judge Cowling as Recorder. **Henry Clay Peters, a former Alder-**

man, was put on trial today on a charge of perjury, alleged to have been committed in the Clifford case. Peters testified at that hearing that there was no agreement among the Municipal Ownership Aldermen to elect Cowling. **Swell tan shoes at Rosenthal's.** **Vacation Money for Stenographers** We want to know what you think of Kee Lox Ribbons and Carbons and offer two liberal prizes for the best letters dwelling upon the merits of these goods.
