

STORM OF SVATS FALLS ON ANGELS

Beavers Shut Them Out by Record-Breaking Score of 15 to 0.

JOHNSON IS STAR HITTER

Makes Everything from Single to Home Run—Thorsen Driven From Box in Sixth Inning—Groom Pitches His Best.

PACIFIC COAST LEAGUE. Yesterday's Results. Portland 15, Los Angeles 0. San Francisco 7, Oakland 6.

LOS ANGELES, Cal., June 25.—(Special.) Phenomenal hitting by Johnson, fine pitching by Groom and the fearful beating given Thorsen by the Beavers were the features of the ball game today, and it has been months since the local fans saw anything like such a storm of svats. There was everything from a home run to a sacrifice, and from the Beavers' 15 hits there were one home run, two triples and five doubles and a score of 15 to 0 is remarkable from the fact that Los Angeles had but one error by Delmas and on this basis knocked the ball out of his hands on a throw down to second.

Standing of the Clubs. CLUBS: Los Angeles, Portland, Oakland, San Francisco, Long Beach, Seattle, Tacoma, Spokane, Vancouver, Butte.

Seals Defeat Commuters. SAN FRANCISCO, June 25.—San Francisco won from Oakland today by a batting rally in the last inning. Killian walked 11 of the Seals.

Break Even at Philadelphia. PHILADELPHIA, Pa., June 25.—New York and Philadelphia split even in a double-header here today. Score: First game: New York 0, Philadelphia 3. Second game: New York 2, Philadelphia 1.

Northwest League. Seattle 5; Tacoma 7. SEATTLE, Wash., June 25.—(Special.) Tacoma got a start today in the second, when, with a man on third and one on second, Doyle threw to third to catch Kellackoer. He had his man by ten feet, but Graham was sound asleep and the ball hit him on the leg, both men scoring. A two-bagger, by Franklin, a base on balls and Kellackoer's single scored two more in the third, and three hits and Bennett's error added three hits and two men were caught at the plate in the fourth. In the Seattle attack, a batting rally, four men hitting safe and Kall getting a homer with two on bases. Graham was hit by a pitched ball, and Forster's long drive brought him home. Score: Seattle 5, Tacoma 7.

Spokane 3; Aberdeen 1. SPOKANE, Wash., June 25.—(Special.) The league leaders took a game bristling with action from the champions today, 3 to 1. Jensen held Aberdeen down to five hits and was magnificently supported, being several times pulled out of a bad hole by heroics from the St. Pauls. The Indians, who have been hitting the Aberdeen pitchers savagely, kept up their pace today by hammering two triples, a double and two singles. Thompson started the two hits scored all the Indian runs. Thompson was also splendidly supported. Score: Spokane 3, Aberdeen 1.

Vancouver 10; Butte 4. VANCOUVER, B. C., June 25.—(Special.) Vancouver defeated Butte today 10 to 4.

CURTISS IS A FLYER

Aerodrome June Bug Swift Under His Guidance.

REACHES LIMIT OF GROUND

Ascends Twice in One Day and Only Fault is Too Much Power. Travels 1140 Yards in Sixty Seconds.

HAMMONDSPORT, N. Y., June 25.—Several hundred spectators just before sunset tonight witnessed the most successful flight yet of the flying machine of the Aerodrome Experiment Association here. The performance was made by G. H. Curtiss in the June Bug aerodrome No. 2. Under his guidance the June Bug flew 1140 yards in just 60 seconds. All that stopped the flight was the limited area of the practice ground, bounded by a three-foot fence. Earlier in the day the June Bug made a flight of 726 yards in 41 seconds, maintaining a speed of 26.2 miles an hour for the distance. The machine lifted sharply to port shortly after getting in the air, but was righted immediately by means of the tip controls and kept on an even keel until the end of the flight.

The surfaces had been revarnished and made completely airtight since the last trial. This so increased the efficiency of the apparatus that the motor developed too much power, even with the spark fully retarded. Mr. Curtiss finally had to move his weight forward to aid in the control. The machine, however, succeeded in climbing. Nevertheless, it reached a maximum height of 40 feet. Owing to this difficulty, however, Mr. Curtiss decided to discontinue his flight. No damage was sustained.

ARMY'S NEW AIRSHIP READY. Baldwin Dirigible Balloon to Be Tested in July. NEW YORK, June 25.—Captain T. A. Baldwin announces that the trial trips of his new dirigible balloon, the first to be built for the Government, will be made at Fort Myer, Washington, about July 1. The balloon is completed except for a few finishing touches, said Captain Baldwin, and will be forwarded to Washington next week. It has taken under the terms of the Signal Corps Department of the Army and will make several trips during the test.

War Balloon Given Test. SOISSONS, France, June 25.—The new dirigible balloon belonging to the War Department, the Republic, has made a successful initial flight here. The airship, carried a cargo of 2000 lbs., including its crew, and remained in the air 35 minutes, traveling at an average height of 300 feet.

Smithson in Fine Condition. NEW YORK, June 25.—Forrest C. Smithson, representative of the Multnomah Amateur Athletic Association, arrived in New York today and reported to Secretary James E. Sullivan of the A. A. U. Smithson is in the best of health and is confident of his being able to hold his own at the London games next month. Several other athletes from different parts of the West have also arrived at the American team is expected to assemble here by Saturday.

Eiberfeldt to Succeed Griffith. PHILADELPHIA, June 25.—Norman Eiberfeldt, of the New York baseball club of the American League, was today named manager of the team to succeed Clark Griffith, who resigned yesterday. President Farrell told the players that, if necessary, he would spend money to secure one or two good players to strengthen the team.

SPEAKS ON GREATEST SIN. Rejection of Christ is Unpardonable Offense, Says Dr. Riley. The attendance at the evangelistic meetings conducted in the White Temple by Dr. W. B. Riley is growing each day. This morning at 8 o'clock he will finish the series of sermons on "Jonah" under the special subject "Jonah Under the Gourd." These early morning sermons are being well attended and many business men are seen in the audience. This afternoon Dr. Riley will speak at the Central Baptist Church, and tonight at the White Temple he will preach on the subject "What is to Be Told at the Confessional?" This is the last in the series of sermons on "Portland Sinners."

CIRCUITS MAY BE SEPARATED. President Josselyn Says Possibly Evil Will Be Done Away With. That the direct and alternating circuits may be separated so that the evil complained of will be done away with is regarded as a possibility by President Benage S. Josselyn, of the Portland Railway, Light & Power Company, now that the unusual source of supply of electricity from the Cazadero water power station is shut off. With the bulk of the electricity furnished the city coming from the steam plant, it is likely that some change may be made that will give immediate relief. Otherwise, it will be a year before the change in current does that the unpardonable sin, the only sin that will doom a man, is the rejection of Jesus Christ.

INSURANCE RATES RAISED. (Continued From First Page.) buildings and that the alternating current is invariably recommended. The advance in rates means that if a policy for \$100,000 is carried on a business structure and the rate is 1 per cent, the present premium of \$1000 per year will be arbitrarily advanced by the ruling made yesterday to \$1250. That this move of the fire underwriters will not be very popular in this city goes without saying. The ruling affects practically all fire insurance companies doing business here, matters

No interest. No taxes while paying for this property. Cement walks, graded streets, Bull Run water, building restrictions and every convenience that a growing city can afford.

of this kind being regulated directly by the Board of Underwriters of the Pacific. Some affected by the new ruling blame the Portland Railway, Light & Power Company in the strongest terms for not changing the character of the current supplied here, advocating the holding of a mass-meeting to force the company to comply with the restrictions advocated by the underwriters and thereby secure a return to the old rates. They point out that if this is not done, the policy of the city of thousands of dollars every year that must be spent needlessly because the electric corporation does not make the improvements to its system that are needed.

Take Board to Task. Others, who are equally interested in the advance of rates, are inclined to blame the insurance companies, saying the underwriters are taking advantage of a condition here to reap a harvest for the different companies carrying the risks. They point out that for years no general conflagration has followed the burning of any one building or damage to electric wires at one point and that such a thing is not likely to happen.

Cottolene Shortens your food Lengthens your life. Cottolene is a clean, wholesome product. It is made from cotton-seed oil, in a thoroughly modern and hygienic manner, and is just as pure as olive oil. It, moreover, makes palatable, digestible, healthful food which will agree with the most delicate stomach. Lard food on the contrary, is indigestible, and will cause trouble if its use is persisted in.
