NEWBRO'S HERPICIDE

Miss Clutter's Hair

BENEFITED

Read Her Letter About It:

"I herewith inclose you one of my latest photo-graphs, which will show you what Newbro's Herpi-cide has done for my hair. Since using your remedy my hair is much longer than it was, and it has that luster to it that one's hair always has when the scalp is in a healthy condition."

(Signed) MISS MADELINE CLUTTER. 3953 Michigan Avenue, Chicago, Illinois. Flat 210.

The immense popularity of Newbro's Herpicide, particularly among the better class, is due to the fact that it never disappoints. It does all and more than is claimed for it.

Its delightful fragrance, perfect clearness and freedom from grease or oil, appeal to the discriminating, and its cleansing, refreshing and health-giving effect upon the scalp is immediately apparent.

Herpicide makes the hair light and fluffy and gives it a silken gloss.

Extraordinarily long hair is a gift of Nature that relatively few possess, but not many would complain if they could save Nature's head covering in its original beauty and luxuriance.

The dandruff germ is the greatest enemy of abundant hair. This is on account of the highly contagious nature of dandruff, which makes it almost impossible to escape the disease without the occasional use of a germ-destroying solution. Newbro's Herpicide is the ORIGINAL remedy that "kills the dandruff germ."

It promptly eradicates dandruff, stops falling hair and (except in chronic baldness) restores the hair to its former health and activity. Herpicide stops itching of the scalp almost instantly.
