

CHAIRMAN IS NOT YET SETTLED UPON

Secretary Taft Advising With All Manner of People About Appointment.

LEAVES FOR HOT SPRINGS

Will Meet Sub-Committee at Virginia Resort—Going in for Golf This Summer—Wants to Stay in Touch With the Situation.

WASHINGTON, June 28.—Secretary Taft passed the second Sunday after his nomination for the Presidency quietly at his K street home. He was much refreshed after a comfortable and restful night's sleep—practically the first prolonged and adequate rest he has had since his nomination.

Early today his brother, Charles P. Taft, of Cincinnati, arrived in Washington and joined the War Secretary at his home. They spent the day and evening together.

The coming at this time of Charles P. Taft was said to be devoid of special significance, but it is known that he is here to confer with the Secretary respecting his personal and political plans.

Neither Secretary Taft nor his brother cared to discuss for publication the question of the selection of a National chairman, except in the most general terms. No decision has been reached and it is said definitely by the Secretary none will be considered until he conferred further with the sub-committee of the Republican National committee on July 8.

While in Hot Springs Secretary Taft expects that his recreation will consist chiefly in riding, driving and playing golf.

"I expect to play golf a good deal," said the Secretary. "I am very fond of the sport, and it always puts me in excellent condition."

"For 15 years I have spent my Summers at Murray Bay, Canada. There I played golf a great deal. I hesitated to relinquish the idea of going to Murray Bay this Summer, as both Mrs. Taft and I are very much attached to the place, but in the circumstances it was not possible for us to go there. It is not easy of access and in the midst of the campaign I could not be out of touch with the political situation."

While no date has been fixed for his formal notification of the nomination for the Presidency, it is likely to be on July 28 or 29. After the Democratic National convention shall have been held he will prepare his address to be delivered in response to the formal notification. Later in the Summer he will write his letter of acceptance, which will be promulgated from Cincinnati shortly after he opens his headquarters in that city.

The deepest interest now centers around the choice of a National chairman. It is known that the matter is giving Mr. Taft the gravest of his thoughts. He is receiving advice and counsel on the question from every conceivable source. He is being deluged with letters and telegrams on the subject and personal interviews with him are being sought by those who are particularly interested in the appointment.

and public buildings of Juarez and the arrival of reinforcements is probably responsible for a rumor that the Juarez officials are informed of a proposition to attack that city. Governor Cardenas, of Coahuila, has telegraphed the Governor of Durango notifying him that a number of the men responsible for recent disturbances in his state have fled to Durango and requesting all possible assistance in apprehending the fugitives.

RICH RANCHER GIVES MONEY Aids Mexican Rebels Because of High Taxes Imposed.

EL PASO, Texas, June 28.—According to C. W. Patton, a mining expert, who arrived tonight from Torreon, funds for the uprising in Northern Mexico have been furnished by a wealthy ranch-owner near Saltillo. Patton says further: "Sympathizers of the revolutionists advance as arguments in support of the insurrection alleged over-taxation by the federal government, made more onerous by failure of crops, the two combining to make hard times. They claim discrimination in favor of foreigners and influential Mexican officials to be universal."

Business, he declared, was at a standstill and excitement intense. At stations along the line from Torreon to Juarez there were assembled great crowds of excited Mexicans. At many of the stations along the route municipal officers had been sworn in as police to guard banks and railroad stations. The policy of the government, according to Mr. Patton, is to effectually crush the uprising before it can gain any further headway, and to prevent any desertion of troops who might go over should the revolutionists develop sufficient strength to give hope of any success in their movement.

Mr. Patton said the eldest son of the President, Major Porfirio Diaz, Jr., had been quoted as saying that the government would lose no time in crushing the uprising.

Local sympathizers of the revolutionists say there are between 300 and 400 men in sympathy with the movement in such towns as Chihuahua near here and along the border within a radius of 20 miles of El Paso. Some extra deputy United States Marshals have been sworn in here and there in unconfirmed reports in circulation that United States Marshal Eugene Nott, of San Antonio, will come to El Paso in a few days.

Mexican Consul Loemine, in an interview today, said that any further war would arise in this immediate section of Mexico.

CREELE ORDERED TO RETURN Mexico Will Ask Punishment of Americans in Raid.

CITY OF MEXICO, June 28.—Ambassador Enrique C. Creel has been directed to proceed to Washington, where he will make a report on the plans of the Ambassador, who had received a long leave of absence from his government with the intention of spending his vacation in his home state of Chihuahua, was occasioned by the recent raid on the town of Las Vacas. The Mexican State Department will make strong representations to the State Department in Washington, asking the United States authorities in every way to aid in checking the men who attacked Las Vacas on the ground that the whole raid was planned and outfitted on American soil.

The Minister of Foreign Affairs said that every American involved in the raids was subject to extradition as a common criminal, inasmuch as the acts of violence, committed by them were not directed by any revolutionary movement organized on Mexican soil.

Mexico will ask that certain of the ringleaders who may be captured on the United States soil be tried by the courts of that nation for a violation of neutrality laws.

ROADS DOING WELL

Commissioner Lane Receives Encouraging Reports From Railways of Country—Lehigh Valley Shows Increase.

WASHINGTON, June 28.—"Returns generally from the railroads show that those roads not dependent upon coal, steel and lumber industries have been doing very well recently," said Commissioner Lane of the Interstate Commerce Commission today. "Of course they have not done so well as last year. Generally, they have decided not to make any reductions either in wages or in rates of freight affecting the next three months, which is an indication that they believe that business will keep up."

"There are some curious things about prevailing conditions," continued Mr. Lane. "For instance, the Lehigh Valley the other day gave us a report of the earnings for the last month of the present calendar year together with similar reports covering the preceding five years and the showing this year was larger than that of any other year during the period indicated."

"The prospect for large crops in the West is extremely good. Railroad men do not expect normal conditions to be recovered suddenly, but look for steady improvement."

"The railroads must spend money in maintaining the road bed and equipment of their lines in order to meet the demands of commerce because they are not able to handle business offered them, and there is no doubt that there is an abundance of money in the United States which can be secured for legitimate railroad investment. This was shown by the floating of the Pennsylvania bond issue."

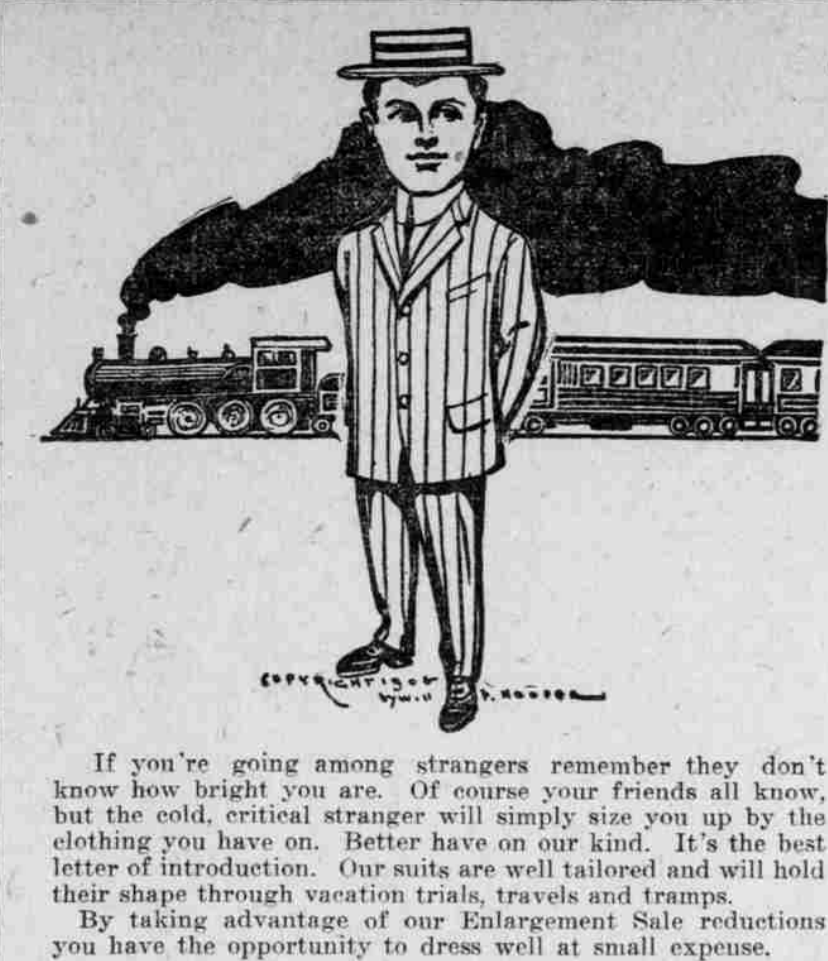

"The railway rate act is admitted by candid railroad men themselves to have been of inestimable value. The effect of the law against rebating and our tenacious purpose to stop discrimination have held them up to a conformity to the law that is without precedent."

HUNDREDS VISIT MR. BRYAN Democrats Make Pilgrimage to Commander's Home in Lincoln.

LINCOLN, Neb., June 28.—The party of Illinois Democrats traveling in automobiles from Chicago to the Democratic National convention at Denver arrived at Lincoln shortly after 10 o'clock tonight, following a trying day on roads between here and Omaha that were almost impassable on account of mud and high water.

SHAH PROCLAIMS AMNESTY Makes Further Attempt to Secure Peace in Teheran.

WASHINGTON, June 28.—In a further effort to restore tranquillity to the City of Teheran, the scene of the recent riots in Persia, the Shah has proclaimed a general amnesty, according to a cablegram received tonight by General Mortessa, the Persian Minister.

GLOOMY TIMES IN TEHERAN People in Despair and Half Starved Soldiers Eager for Loot.

LONDON, June 28.—A dispatch to the Times from Teheran paints a gloomy picture of the situation. It says that general uncertainty exists and that the feeling of insecurity is increasing. The people are driven to despair and half-starved soldiers eager for loot commit flagrant acts of violence and plunder.

MORMONS ROTTEN EGGED Then Hose Is Turned on Them to Break Up Meeting.

ROLLA, Mo., June 28.—Twenty-two Mormons who arrived here yesterday to preach Mormonism on the streets were "egged" last night and afterwards drenched with water from a fire hose. The water was not turned on the preachers until the organ, a band of music and preaching of a Salvation Army corps failed to break up the meeting.

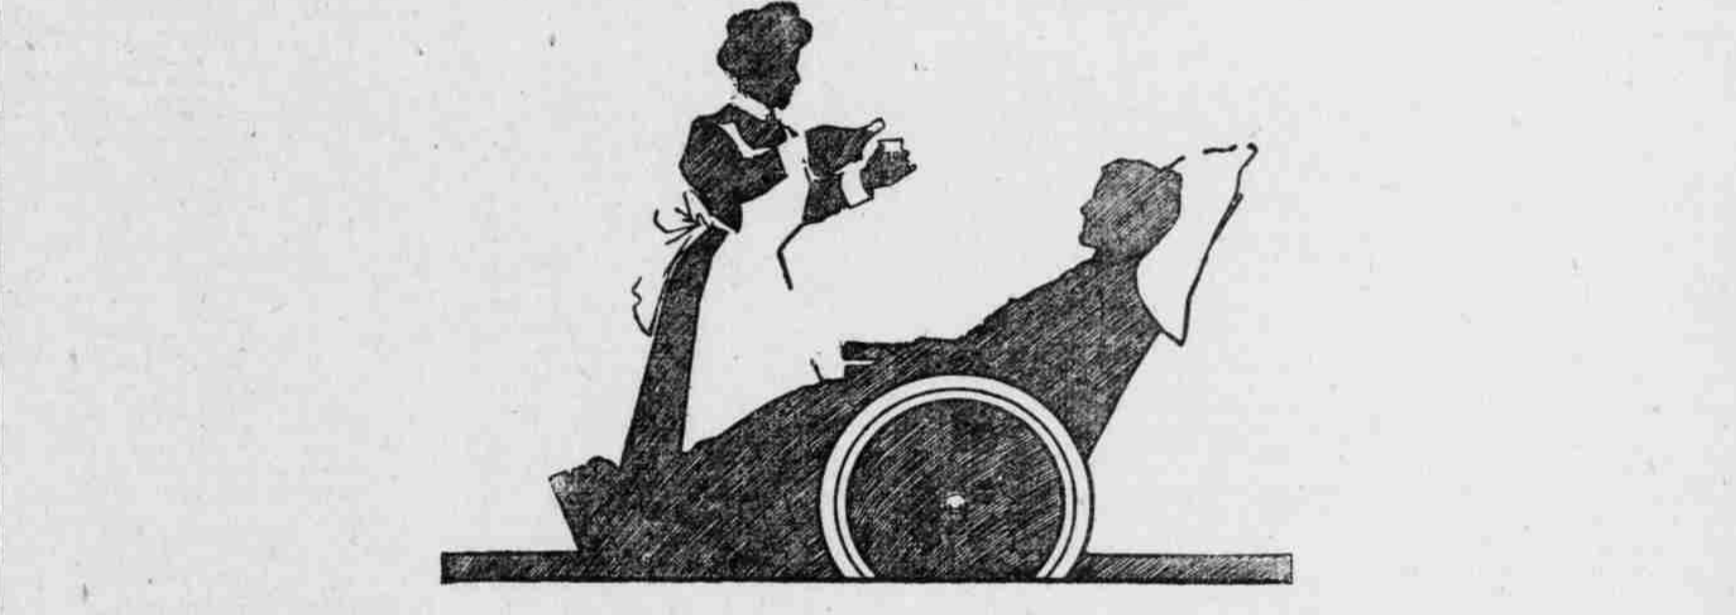

An egg was broken on the head of one of the Mormons while he was praying. The water caused the Mormons to take to their heels. One of the Mormons made a short address in front of the Grant Hotel this morning. He

Can It Be Done? What? Cook With Electricity

Since "Seeing is Believing" You can see the above question answered by attending the practical demonstrations that will be made at the Supply Department of the Portland Railway, Light & Power Co., 147 Seventh Street, for a week, beginning Tuesday the 30th. An expert demonstrator has been engaged for this purpose.

THE DOCTOR says "drink beer" to the weak and the convalescent. To those who need strength—need a food and a tonic. If it is good for them, isn't it good for you?

The virtue of beer does not lie in the alcohol. There is only 3 1/2 per cent. of that.

It lies in the malted barley—a digested food. And in the hops—a tonic and an aid to sleep.

It lies, too, in the fact that the drinking of beer flushes the system of waste. So would water, of course, if one drank enough of it. But you don't drink water like beer.

When beer is pure there is nothing more healthful. And Schlitz beer is pure. It brings no after-effects, no biliousness.

But better go without beer than to drink the wrong beer. That is why the Doctor generally says "Drink Schlitz."

Schlitz

Ask for the Brewery Bottling. Common beer is sometimes substituted for Schlitz. To avoid being imposed upon, see that the cork or crown is branded Schlitz.

quartered with their men in readiness to respond to an emergency call.

Two hundred of the Eighteenth Battalion, Mexican Infantry, commanded by Colonel Luis Ballasteros, arrived tonight in Juarez, across the river from here, and will be distributed in the vicinity of that town. These reinforcements make an aggregate of 500 soldiers stationed in Juarez. Mayor Mateos, in an interview this evening, declared that no trouble in Juarez was anticipated and that the Eighteenth Battalion had been sent to the border simply as a precautionary measure.
