GOOD PLACE FOR BURTON

Wise Ones Slate Him for Secretary of Taft—Everybody Has Place for Fulton—Kellogg Named for Attorney-General.

OREGONIAN NEWS BUREAU

Washington, June 29.—It will be unnecessary for Secretary Taft to bother himself over the tentative selection of Cabinet officers, for the cabinet-makers are already busy. There is much difference of opinion, but on one point there is general unanimity, namely, few members of the Roosevelt Cabinet will sit at the Council table of the next administration.

BURTON MAY SUCCEED ROOT.

Those cabinet-makers who pick Mr. Burton for Secretary of War, do so for good reason. Mr. Burton wants the place; he is peculiarly equipped to fill it; he is very close to Mr. Taft and the latter is under many obligations to his friend.

WOMEN NAME OFFICERS

Spirited Fight for President Between Boston and St. Louis.

BOSTON, June 29.—Balloting for officers was the chief business transacted at tonight's session of the American Fed-

eration of Women's Clubs in this city. Announcement of the result will not be made until tomorrow.

The nominating committee made its report during the afternoon and for President placed before the convention the name of Mrs. May Alden Ward, of Boston, but that the choice was not made unanimous was evidenced by the nomination from the floor of the convention of Mrs. Phillip N. Moore, of St. Louis.

Each candidate had many supporters and there was much friendly enthusiasm in the balloting tonight.

The other names placed before the convention by the nominating committee are:

President, Mrs. Alden Ward, of Boston; vice-president, Mrs. Josiah Evans Cowles, of Los Angeles; second vice-president, Mrs. John Dickinson Sherman, of Chicago; recording secretary, Mrs. Henry H. Dawson, of New Jersey; corresponding secretary, Mrs. G. M. Schick, of Wyoming; treasurer, Mrs. G. O. Welsh, of Minnesota; auditor, Mrs. Rudolph Black-eburg, of Pennsylvania.

Chicago, San Francisco and Atlantic City are contesting for the next convention.

Much time was devoted to the progress of the Federation's movement for civil service reform, a committee which has had the matter in charge for the last two years reporting upon its work through Miss Anna Lewis Clarke, its chairman. Mrs. Julia P. Berry, of Beloit, Kan., described the work of the Girls' Industrial School.

MISTAKES SON FOR RIVAL

JEALOUS HUSBAND KILLS WIFE AND WOUNDS BOY.

Fires on Couple From Ambush as They Are Leaving Church Social in Illinois Town.

ST. LOUIS, June 29.—(Special.)—Julius Turner, a wealthy farmer of Clay City, Ill., last night shot and killed his wife and fatally wounded his own son, in a little village a few rods from the door of the village church, where his wife was attending a social. He had expected her lover to meet her there, and seeing the young man enter at the door of the church when the social was over, without investigating fired on the couple when they passed his hiding place.

After seeing his victim fall Turner attempted to kill himself, but inflicted only a trifling wound. He was arrested and a few moments later learned of his horrible deed. He expressed no remorse for the murder of his wife, but wildly lamented the shooting of his son, begging to be allowed to kill himself, and declaring that he would starve himself in jail. He was locked up.

Turner is an old man and a Union veteran of the Civil War. His wife, from whom he had been separated for about four years, but of whom he was still insanely jealous, was 39 years his junior. Turner admits that he shadowed her during the entire evening of the shooting, expecting some man whose name he refuses to divulge to meet her at the social. Without his father's knowledge young Turner, who is large for his age, had arranged to take his mother home from the entertainment, and thereby walked into the ambush arranged for the other man.

Extradition Treaty Does Not Cover Crime Charged.

WASHINGTON, June 29.—Bailey and his associates, it is said, are wanted on the charge of conspiracy to use the mails of the United States to defraud. Their surrender to the American authorities is purely an act of comity on the part of the Honduran government, there being no extradition treaty between the countries. The steamer Goldsborough, on which the men sailed, reached Honduran waters late in the afternoon and since that time the American authorities have been making efforts to secure the men and the return of the vessel and cargo.

DEMAND TRIAL OF REBELS

Creel Ordered to Washington. Chasing Fugitives Into Hills.

CITY OF MEXICO, June 29.—In view of the latest developments in the revolt in the Rio Grande and are now on United States soil will be extradited on the grounds that they are guilty of common crimes and not political offenses.

Foreign Minister Mariscal declared today that those manifestants who crossed the Rio Grande and are now on United States soil will be extradited on the grounds that they are guilty of common crimes and not political offenses.

It is the belief of the Mexican government that the revolutionary movement now in progress was fomented by a band of agitators who have long made their headquarters in the United States. It is believed Ambassador Creel will appeal to the United States authorities to assist in apprehending some of the revolutionists, recently thought were concerned in the attack on Las Vacas. The request will be made also that if any of the ringleaders in the movement are captured in the United States they are to be turned over to the courts of that country on charges of violating the neutrality laws.

At Las Vacas, where the first serious attack was made, the government has gained the upper hand. Troops are now in complete control of the situation in that important section. The rebels and bandits who composed the attacking force have been driven back to the mountains. A large force of cavalry has been sent into the hills on the heels of the fugitives and it is not probable that they will be able to escape.

It is the view of the Mexican government that Mexican citizens who were concerned in the recent raids are completely ignorant of the situation. It is to the contrary on the ground that their acts were committed in furtherance of a revolutionary movement will not hold.

A representative of the shipping company is now making arrangements to have the vessel returned to the United States. After sailing from New York the name of the vessel was changed to Atlanta.

BOOSTS RAILROAD TAXES

VALUES TREBLED BY WASHINGTON COMMISSION.

Corporations Must Pay on Values Used as Rate-Making Basis in Recent Investigation.

OLYMPIA, Wash., June 29.—(Special.)—The State Board of Tax Commissioners today fixed the valuation of the operating property of the three chief railroads in this state for taxation purposes at 90 per cent of the value of such property just found by the State Railway Commission. The roads will, therefore, be assessed for this year's taxes on the basis of 90 per cent of the following values: O. R. & N., \$18,500,000; Great Northern, \$28,000,000; Northern Pacific, \$11,000,000. This 90 per cent for these three roads aggregates a gross assessment of \$111,900,000.

Similar assessments of the other railroads of the state, also on the 90 per cent basis, will probably swell the total assessment of railroad property this year to \$125,000,000, as against but \$44,000,000 assessment last year. These assessments do not include railroad land grants nor coal mines or wharves or tide lands and other commercial property not used for operating purposes. Under the new law the assessments of the various counties solely on the operating property of the several roads and County Assessors will fix the assessments of the other property just as was done in the past. The Tax Commission will at once take up the matter of segregating these assessments into the various classes, and later will certify the assessments to the various counties to be spread on the county tax rolls.

In the event the railroads object to paying taxes on this greatly increased assessment, the roads will be met by the fact that the sworn testimony of their officials given the Railway Commission hearings were to the effect that the value of railroad property for rate-making purposes was greatly in excess of the values here given. Of course, under the law, the roads have the right to a hearing before the Board, seeking reduction of assessment, but it is not believed any change will be made from these figures. The Tax Commission members are a majority of the members of the State Board of Equalization, so any change by that body is also unlikely, and the result will be the railroads operating in Washington will this year pay nearly three times as much taxes as in past years.

INSANE PATIENT ESCAPES.

The police have received a report from the Mountain View Sanitarium of the escape of Edward Nodie, one of the inmates of the institution, and are conducting a search to locate the runaway insane patient. He is described as 27 years of age, about 6 feet 2 inches in height, 160 pounds in weight, with gray eyes and light hair and was clean shaven.
