

MEXICAN REBELS ATTACK GARRISON

Throw Bombs at Palomas on Frontier.

DEFEATED IN HOUR'S FIGHT

Band of 50 Gathers in New Mexico at Night.

WOUNDED REBEL CAUGHT

American Troops Spread Along Border to Enforce Neutrality—Leaders of Junta in United States Discuss Plans.

EL PASO, Tex., June 30.—The first revolutionary outbreak in the Republic of Mexico beyond the borders of Coahuila occurred this morning at 4 o'clock, when the garrison at Palomas, Chihuahua, 70 miles west of this city, was attacked by a band of 50 men, who were equipped with a loss of one killed and one captured.

Throw Bombs, but Are Beaten.

According to a dispatch received here from Columbus, N. M., across the river from Palomas, Juan Correo, the Mexican general, has arrived there from Palomas, bearing dispatches to his government concerning the attack. It began when a bomb was thrown into the telegraph office, thus shutting off communication with outside points. The fight followed, in which several hundred shots were fired and many bombs were thrown at the headquarters of the officers. Owing to the fact that the bombs were limited, the officers were able to throw them away before they exploded, thus saving the building and their own lives. The fight lasted one hour, after which the attacking party fled to the mountains west of Palomas.

Gathered in New Mexico.

One man was killed, but it seems that he was a non-combatant. One of the revolutionists was seriously wounded and captured. He speaks good English and the Mexican authorities think he is a native of New Mexico.

This idea is confirmed by the report of the section foreman from Mimbros, several miles west of here, to the effect that a band of from 30 to 50 men assembled there yesterday. They would not allow him to leave the yards during the day. They had two large bundles of rifles and light provisions. They left Mimbros, a station on the El Paso & Southwestern, about midnight last night.

Fear for Money Shipment.

Some excitement was caused by the fact that the agent of the local express company received a shipment of several thousand dollars this morning. This money was forwarded by the Mexican government to pay the monthly salaries of the gendarmes located south of here and, as these shipments come regularly each month, it was thought the revolutionists might try to secure it. The money was turned over to the Mexican officials and, so far as known, they were not molested.

Another Attack Planned.

It is reported that an attack is planned for tonight at Guadalupe, in Chihuahua, near Fort Hancock, Tex., 50 miles east of El Paso.

Dynamite was Discovered under the Residence of the Mayor of Juarez today and the Mayor and his family have removed to El Paso temporarily.

HEART BLEEDS FOR PATRIOTS

Mexican Poetess in Exile Declines Against Tyrant's Rule.

ST. LOUIS, Mo., June 30.—Living in an attic of a ramshackle brick building at 1014 North Tenth street, which is mostly populated by negroes, Senora Villarreal Gonzalez, poetess and one of the leading spirits of the Mexican junta, is impatiently watching revolutionary developments in Mexico. With her family she was exiled from Mexico. Her brother, Antonio, spent four years in a Mexican prison, and is now in jail at Los Angeles because of his revolutionary tendencies. With shining eyes, clenched hands and with intense feeling she declared today:

"Tomorrow the real revolution will envelop Mexico in a whirlwind. We have 30,000 Liberals armed. Forty thousand more will join us as soon as the money seized from a bank is used to procure arms for them.

"They call us bandits," she exclaimed, bitterly, "more honest than we robbers, a bank. Where else would the poor revolutionists get money for ammunition and guns with which to win liberty and to buy food for themselves and their wives and children?

"I am a woman," she said, her mood softening, "and I hate bloodshed and violence. But if it became necessary I could subdue weak Nature and myself use the dagger or the torch. Oh, the hunger of the people of Mexico! I receive letters from them every day which make me cry. Five Generals will rally with us with their commands, for the army is disaffected."

BRIGHT EYES WIN ON POINT OF LAW

JUDGE ANNULS HIS VERDICT AGAINST SPIRITUALIST.

Vanderbilt, Who Married Medium, Given New Trial Because Jury Accepted Illegal Fees.

NEW YORK, June 30.—The verdict by which Edward Vanderbilt, a retired and well-to-do business man of Brooklyn, was declared incompetent to manage his own affairs was set aside by the Appellate Division today and a new trial was ordered on the ground that the jury had accepted illegal fees.

Mr. Vanderbilt, several months ago, after he had married Mrs. Pepper, the spiritualist medium, according to his daughter, had given a large amount of property to his wife. Witnesses testified that Mr. Vanderbilt had received communications through Mrs. Pepper from a spirit she called "Bright Eyes," and which was supposed to be his deceased wife. As a result of the finding of the jury's declaring Vanderbilt to be incompetent, Mrs. Pepper-Vanderbilt was indicted on a charge of larceny of his property and action was begun to annul her marriage to Vanderbilt.

The Appellate Division ruled today that the Sheriff's jury, which heard the case, had not a right to accept a fee of \$1 a day each from the counsel for Miss Minerva Vanderbilt and, therefore, ordered a new trial. This decision is believed to quash the indictment against Mrs. Pepper-Vanderbilt and to act as a stay to the action to annul the marriage.

HARRIMAN RESUMES WORK

Extensions of Lines in West to Be Completed.

OMAHA, June 30.—Official announcement was made by Vice-President Mohler today, that extension work on the Harriman lines will begin July 1, where it was stopped several months ago because of financial unrest which threatened the country. Work will begin on the Athol Hill cutoff in Colorado, and extension of the branch line up the North Platte River from North Platte to Northport. Large gangs of men have been sent to both places and will begin work at once.

CLOSED BANKS PAYING UP

Wreckage of Panic in New York Being Cleared Away.

NEW YORK, June 30.—Eight months after the passing of the financial troubles of last Fall, the depositors of the dozen banks and trust companies, which closed their doors, have received their money, at least in part, or in the case of the few which have not yet reopened or have gone into liquidation, are about to receive it. The Hamilton Bank has already anticipated all of its deferred payments, which, under the original plan, were to have extended into November. The Knickerbocker Trust Company anticipated the first two deferred payments on June 1. The Oriental Bank paid its depositors full preliminary liquidation. The National Bank of North America has paid depositors 50 per cent in dividends, and the New Amsterdam National has paid 25 per cent.

Big Cities Hardest Hit.

NEW YORK, June 30.—S. J. Landers, of the National account committee of the United Garment Workers of America, who was sent to the principal cities to find out the present state of the clothing trade, has returned. He says that there is a marked improvement in the demand for men in Boston and Providence, and an improvement in Buffalo and Cincinnati. The cities worst hit by the business depression, he says, were New York and Chicago, and while there is a slight improvement in these cities, it is not so pronounced as in the other places.

EDUCATION FOR NEGRO

Booker T. Washington Addresses Teachers in National Convention.

CLEVELAND, O., June 30.—At the session of the National Educational Convention held today, Booker T. Washington talked on "Negro Education and the Nation." The election of the next president will take place tomorrow noon. Those prominently mentioned for the presidency are Dr. W. O. Thompson, president of the Ohio State University, Columbus; J. H. Phillips, Monominee, Wis. The nominating committee named at the close of the general session tonight will tomorrow place in nomination one or more names for the various offices.

At the meeting of the new board of directors Thursday afternoon, the next convention city will be selected. Denver and Atlantic City are the only favored candidates.

New Forest Service Appointees.

OREGONIAN NEWS BUREAU, Washington, June 30.—The forest service announces the following appointments on National forests: T. F. Cadie, assistant forest ranger, Fremont National forest, Oregon; E. E. Ping and Tony Locke, forest guards on Clearwater National forest, Idaho.

SECOND PLACE IS GRAY'S FOR ASKING

Bryan Wants Him as Running Mate.

BUT HE COVETS PRESIDENCY

Boom Launched at Denver by Delaware Men.

INJUNCTION FIGHT IS ON

Opposition to Radical Plank Gains Momentum Through Declarations From Pacific and Atlantic States and Middle West.

DENVER, Colo., June 30.—Although candidates for the nomination for Vice-President on the Democratic ticket are numerous and despite the fact that their number is likely to be largely increased before a choice is actually made, it is the general opinion among such leaders of the party as are now here that, if George Gray, of Delaware, will declare his willingness to accept the second place on the ticket, he can have it.

Joshua Marvel, of Wilmington, Del., the manager of the Gray Presidential campaign, who arrived in Denver tonight, will not, however, give his consent. He insists that the Delaware man is a candidate for first place, and when it has been settled that he cannot have first place, it will be ample time to place him in running for the secondary position, provided he cares to take it. Mr. Marvel denies, however, that Judge Gray will be satisfied with anything less than the head of the ticket.

Bryan Prefers Gray.

It is well known that Mr. Bryan would be pleased to have Judge Gray for the Vice-Presidential candidate, and the only thing that prevents the latter from becoming a leading candidate for that position is the simple, but all-powerful fact that he will not declare himself to be a candidate at all.

The Gray Presidential boom was formally launched today and headquarters were opened in the Savoy Hotel. They were arranged some hours in advance of the arrival of Mr. Marvel, and during the early part of the afternoon a corps of expert bill-stickers was going about the hotels putting up lithographs of the Delaware candidate.

Strong Fight on Injunctions.

It is certain that there will be a strong fight in the committee on resolutions and possibly on the floor of the convention

(Concluded on Page 4.)

WOMEN BESIEGE BRITISH COMMONS

ENRAGED BECAUSE ASQUITH REFUSES AUDIENCE.

Suffragettes Attempt to Break Police Cordon and Invade Parliament House—Many Arrests.

LONDON, June 30.—The women suffragettes assembled in great numbers in the vicinity of the House of Commons shortly before 8 o'clock this evening. They made several ugly rushes on the police cordon and refused to disperse when ordered. A number of arrests were made. The Parliamentary buildings are surrounded by several hundred police, mounted and on foot.

The women suffragettes assembled in Caxton Hall this afternoon and sent a deputation to the House of Commons to interview Premier Asquith in the matter of the immediate granting of the franchise to women. The deputation was met by a solid body of police and refused admission.

The Premier, in a curt message, declined to see the deputation, which then returned to Caxton Hall and a noisy demonstration ensued and a decision to collect the full force of the suffragettes for subsequent demonstrations at the House of Commons. Hundreds of police guarded the House in view of the projected raid.

Contrasted with the recent orderly and impressive suffragette gatherings, today's demonstration was a comparative failure. Nothing like the number of suffragettes anticipated appeared upon the scene. The real leaders in the attack on the House of Commons, in fact, remained behind at Caxton Hall, reserving themselves, as they now explain, for another projected invasion of Parliament on Thursday.

STAND BY THE COMPANY

Employees of Lime Company Address Resolutions to President.

ROCHE HARBOR, Wash., June 30.—At a meeting of the employees of all departments of the Tacoma & Roche Harbor Lime Company, resolutions were passed expressing their gratification at the termination of the litigation which has been carried on for the past two years against Mr. McMillen, president and general manager of the Roche Harbor Lime Company, by the Cowlitz Lime interests. The resolutions attest the high character and ability of Mr. McMillen and express sympathy with him in the distress incident to the false and malicious charges against him, which have just been dismissed. The signers of the resolution further declare their continued confidence in Mr. McMillen, and offer their hearty congratulations to him on the occasion of the successful termination of the suit. A committee in charge of the meeting and preparation of the resolutions was made up as follows:

William M. Taylor, L. M. Harper, Alexander Hall, William Gilmore, Birt Chevalier, R. M. Johnson and George Westerman.

DEFEAT MAY COST HEARST HEAVILY

Mayor McClellan Plans to Sue Editor.

GOOD ACTION FOR DAMAGES

Based on Verdict for Defense in Election Contest.

CHARGES PROVED FALSE

Judgment Against Yellow Journalist Places Him in Line to Pay Cash for Slanderous Attacks on Opponent.

AWAITS HEARST'S RETURN.

NEW YORK, June 30.—(Special.)—The wtdup of the recent trial, which demonstrated conclusively that George B. McClellan did not steal the Mayorality chair, the property of William Randolph Hearst, is believed to be the signal for other interesting court proceedings. The Mayor and his advisors are now contemplating the advisability of bringing a suit for damages. Eminent lawyers agree that a good sized verdict is more than a possibility as the plaintiff would be in a position to prove that he had been mentally and financially injured. Discussing the case today, a leading member of the bar said:

"McClellan would be justified in suing for \$250,000, and a verdict of that amount would, I believe, be upheld by the highest courts. From election day until the present time, the Hearst papers have alluded to McClellan as the 'Fraud Mayor.' He has been assailed in the news columns as well as editorially. In addition to this, McClellan has been fighting all sorts of proceedings, in all sorts of courts. I understand that he claims to have paid out over \$75,000 for legal expenses, but I would not be surprised if his bill was double that amount. As all the allegations of fraud have been found to be incorrect, it would seem no more than right that Hearst should reimburse him."

AWAITS HEARST'S RETURN.

No action has been taken in the case as yet, owing to the fact that Hearst is still in Europe. He has promised to return to the United States by July 15, and his followers are waiting anxiously to hear from him, as the "National convention" is scheduled to meet in Chicago on July 27. And what would an independence League convention be if William Randolph Hearst failed to occupy the center of the stage?

Politicians who are generally well posted doubt if the League will cut any

(Concluded on Page 3.)

FLOOD OF MONEY TO BE LET LOOSE

BIG CORPORATIONS TO PAY \$195,000,000 DIVIDENDS.

Widespread Investments and Business Revivals Will Follow—Much Money in Big Cities.

CHICAGO, June 30.—(Special.)—There will be distributed throughout the United States tomorrow a total of \$195,000,000, made up largely of semi-annual payments by public corporations such as railroads, large industrial concerns and banks.

This immense volume of money, cut loose from one end of the country to the other, will, it is believed, start a great business revival. It is expected to lead to widespread investments and general improvements, and will have a beneficial and bracing effect in many ways. One important feature is that railroads will have no trouble in getting funds for improvements and work is in sight for thousands of idle men.

At the present time the situation is peculiar in that not only in the United States but in all great monetary centers of the world, money has never been more plentiful. A large part of the money is in gold. The excess reserves in all the large cities are now the highest in the history of the country. Money rates are exceptionally low for any good collateral and any enterprise that is honest can easily be financed.

CLASPS FATHER'S LETTER

Dying Wish for Missive From Convict Parent Gratified.

LOS ANGELES, Cal., June 30.—Charles Green, a 15-year-old colored boy, who has been dying for several days at the Detention Home in this city, passed away today clasping a letter from his father, who is serving a five-year sentence at San Quentin. Several days ago Judge Curtis D. Wilbur, of the Juvenile Court, was informed that the boy, who was suffering from tuberculosis, had begged for a letter from his father. Judge Wilbur communicated with the San Quentin officials and the letter was delivered a few hours before the boy's death.

COMES DOWN TOO QUICKLY

Doomed Building Collapses, Killing Two Workmen, Injuring Others.

MINNEAPOLIS, Minn., June 30.—Two men were killed and three were seriously injured this afternoon in the collapse of a brick fly stable, at Forty-seventh street, South, which was being torn down.

The dead: C. W. Hardy, 22 South Eighth street. George Johnson, Wilmar, Minn. The injured, Joel Benson, whose skull was fractured, may die. Seven others were slightly hurt.

PINCHOT COMING TO COAST

Will Spend Two Days in Portland on Western Tour.

OREGONIAN NEWS BUREAU, Washington, June 30.—Gifford Pinchot, chief of the forest service, left Washington today on his annual trip over the West. He will visit Portland in the latter part of July for two days and then go to Seattle. He expects to make a short stop at Spokane.

GREATEST GRAIN EXPORTING YEAR

Northwest Ships More Than Ever Before.

PORTLAND'S PLACE ASSURED

Already Close to Combined Puget Sound Points.

COMING SEASON LARGER

While Total Crop Will Not Be So Heavy as Last Year, More Will Be Sent Out by Way of Portland Because of New Roads.

Portland's greatest grain-exporting year ended last night. Never before in the history of the Pacific Northwest has so much wheat been sent afloat from the local harbor and the Puget Sound ports as during the cereal year ending June 30. All previous seasons have been left far behind, the greatest prior year being 1905-1906.

Portland's shipments for the year just closed exceed the preceding season by more than 6,000,000 bushels. The great increase shown by the port during the past 12 months is remarkable and insures a prominent place for this city among the leading grain-shipping ports of the world.

Export More Coming Year.

Although the present crop will not approach the record-breaker of the season just ended, which harvested approximately 58,000,000 bushels, there is every reason to believe that much more wheat will be handled at Portland during the coming year than during the season just ended and will give the port a lead over the combined ports of Puget Sound. This is expected on account of the superior transportation facilities, which will admit Portland-exporters to territory that has been barred to them in the past. The new North Bank road and the tributary feeders being built in the interior will bring down vast quantities of grain that has heretofore gone to Puget Sound.

Totals of Past Season.

Shipments of wheat from Portland during the cereal year just ended totaled 15,366,962 bushels, while the total sent away by Puget Sound was 16,979,423 bushels. Shipments from Oregon and Washington ports combined amounted to a total of 46,757,156 bushels, including flour reduced to bushels.

During the best previous year, the cereal shipping season of 1906-07, the total sent away from the Northwest was 57,672,477 bushels of both wheat and flour. In that year Portland shipped 9,944,558 bushels and the combined Puget Sound ports 11,898,621 bushels.

In addition to the wheat exports, over 1,000,000 bushels of barley have been shipped from Portland during the year, this being the first season that barley shipments have exceeded the 1,000,000 mark.

Ahead in California Trade.

Portland was far ahead of the Puget Sound ports in the California wheat trade, the shipments from this port being 2,416,236 bushels of wheat and 232,617 barrels of flour, while the Puget Sound ports sent 1,519,057 bushels of wheat and 193,969 barrels of flour.

The Oriental, wheat trade, which gave promise of assuming large proportions early in the season, fell off, the total from Portland and Puget Sound being 3,500,000 bushels, which is less than 300,000 bushels more than the previous season. Australian wheat, which was cheaper, and unfavorable financial conditions in Japan are responsible for the falling off during the season.

Slump in Orient.

The Oriental flour trade suffered a heavy slump during the season, shipments from Portland being nearly 500,000 barrels less than during the preceding 12 months, while from Puget Sound the decrease in Oriental flour business was over 1,000,000 barrels. The Oriental flour shipments from both ports total 2,335,388 barrels, compared with 4,161,197 barrels for the fiscal year ending June 30, 1907.

A portion of the shortage in the Oriental flour trade was made up by the larger shipments to California and South America. Portland also dispatched 101,047 barrels of flour to Europe, compared with 10,000 barrels during the preceding season.

Totals for Past Ten Years.

Compared with the total of 46,757,156 bushels, shipped from the Pacific Northwest during the cereal year just ended, the totals sent away during previous years seem small. Water shipments from Portland and the Puget Sound ports for the past ten years are as follows:

Season	Bushels
1906-07	58,000,000
1905-06	57,672,477
1904-05	48,546,711
1903-04	21,202,014
1902-03	31,000,833
1901-02	35,490,303
1900-01	31,729,129
1899-00	21,809,151
1898-99	25,823,249
1897-98	39,078,959

Lumber Exports Smaller.

Lumber exports (foreign) are a little less than for the season of 1906-7. The valuation holds up to about the same
