Balloon Starts on Long Flight in New England.

SOON GOES OUT OF SIGHT

Wright Bros. Sell Aeroplane to French Syndicate, Subject to Test. Curtiss to Sail His Air-

ship for Cup.

NORTH ADAMS, Mass., June 36.—A sensational balloon ascension was made here today, when A. W. Borz and W. R. Kimball, members of the New York

R. Kimball, members of the New York Aero Club, with N. H. Arnold, of this city, as pilot, made a flight in the balloon North Adams No. 1.

A strong westerly wind was blowing, and the balloon was buffeted before the aeronauts could make a good rise. After leaving the ground, the balloon was in sight only three minutes, disappearing over the mountains to the east of the city, and heading in the east of the city, and heading in the direction of Greenfield. It was believed here weather conditions were propilious for a long flight.

WRIGHTS SELL AEROPLANE

#### French Syndicate to Pay \$100,000 if Tests Prove Satisfactory.

PARIS, June 30.—The Journal des Debata this afternoon says that the Wright Bros. of Dayton, O. have signed a contract with Lazare Wellier, who is acting for a syndicate which offers the Wrights \$100,000 for their patents, provided, first, that their aeroplane, with two persons on board, files 31 miles in an enclosed circuit, and, second, that it repeats this performance within eight days in the presence of a committee.

If another aeroplanist accomplishes this same feat within four months of the time that the Wrights make their successful flight, the contract is to become void.

#### Curtiss Will Fly for Prize,

NEW ORK, June 30.-Arrangements sere completed here last night for what were completed here last night for what It is said will be the first publicity tested flight ever made in America for a prize offered for the successful navigation of the air by heavier-than-air machines. The test will be made next Saturday at Hammondsport, N. Y., by Glenn H. Curtiss in his new machine, the "June Bug," which made its motable flight of 1149 yards last Saturday. Mr. Curtiss has challed hast Saturday. Mr. Curtiss has chal-lenged for the Scientific American cup offered last year for competition of all types of heavier-than-air machines. The conditions stipulated that the first flight be a distance of one kilometer( about 3280 feet) in a straight line. This was al-tered so that at the wish of the operator the distance may be covered in a curved line, which is really much more difficult. Mr. Curtiss' flight last week was slighty over the required kilometer distance, aving been 320 feet. He expressed con-fidence tonight that he could win the cup.

#### De la Grange to Fly in America.

NEW YORK, June 30,-Leon de la Grange, the famous French aeronaut, whose long-distance aeroplane flights have attracted world-wide attention during the last few weeks, will come to America about August 20 and give exhibition flights for three days near New York.

It is more than probable that a series of international flying contests will be held between de la Grange and G. H. Curtiss, of Hammondsport, N. Y., owner of the "June Bug." The Wright brothre than probable that a series ers have also been asked to meet de la

(Continued From First Page.) itself over the anti-injunction plank Word has come indirectly from Lincoln that Mr. Bryan is in favor of a some gave out yesterday a statement in which he favored "equal rights before the law," and used other expressions of a similar character, which were construed to mean gave out yesterday a statement in which and used other expressions of a similar that he was opposed to a strong anti-injunction plank. Mr. Sullivan denies that he intends to convey the impression that he planned to fight the anti-injunction plank, but it is generally believed that

#### he is against extreme language in this part of the resolutions. Illinois Will Not Break Away.

It is well known that between Mr. Bryan, Mr. Sullivan and other influential members of the Illinois delegation no particular amount of love is lost and reports have been circulated that, if an anti-injunction plank is adopted more radical in its character than the Illinois people feel that they can approve that people feel that they can approve, that state, when it comes to balloting for President, will break away from its Bryan instructions. Mr. Sullivan denied this emphatically today. He said:
"We were told to stick for Bryan, and

we are going to stick. I do not believe that any platform light can change our present programme. Illinois has no idea, of breaking away from its instructions."

## Against Radical Plank.

The forces opposed to a radical labor plank were strengthened today by the arrival of Charles G. Heifner, of Washington, who has the proxy of John Y. Terry, the National committeeman from that state. Mr. Heifner announced emphatically that the Facilie Coast and particularly the State of Washington was opposed to the adoption of such a plank as was recented. adoption of such a plank as was presented at Chicago by Samuel Gompers and other officials of the American Federation of He said:

The adoption by our party of such a ank would be a transparent sop to liou labor, which would be repugnant voters in all sections of the country. will be a premise that no lawmaking by would be willing to fulfill. It could

Heifner believed that the Vice-Presidency would go to the East, but he was not ready to say how his delega-

statement of the sentiment on the Pacific Coast against the proposed antiinjunction plank and the announcement in the East that Martin W. Littleton, of New York, will come here to
make a fight against the insertion of
such a plank in the platform, evidentity makes this question the most
important under discussion. New England is said to be opposed to the plank
and New Jersey and Pennsylvania aiso
are credited with pronounced antagonism to such a resolution. If the New
York delegation and the Pacific Coast
delegations should take a determined
stand against it the fight would assume formidable proportions. It is not
believed here that the opposition of
Mr. Sullivan, of Illinois, and Mr. Taggart, of Indiana, means that the entire
delegations from these states would oppose Mr. Bryan's wishes. Most of the
Central and Western and Southern
states, it is said, will be lined up to
support whatever programme Mr. Bryan's friends present.

The question of tickets continues to
divide the members of the committee
on convention arrangements and the
committee of Denver citizens which is
looking after the Denver end of the
convention. As is usually the case, the
local people would like to receive a
greater number of tickets than the
committee feels that it can spare.

The hospital here will be patterned
after the temporary hospital at the
Chicago Coliseum. The contracts for
equipment and supplies and the matter of securing the attendance of compotent physicians and nurses will be
disposed of tomorrow.

The friends of Urey Woodson, secretary of the Democratic National Committee, are pushing him for chairman
of the committee. Mayor James C.
Dahlman, of Omaha, has also been
mentioned as a fitting choice, but he
does not desire to be considered, as
he has decided to enter the race for
Governor of Nebraska.

Notice was today received by the
National committee that the seats of
the entire delegation from Idaho will
be contested. The delegation, headed
by ex-United States Senator Dubios,
now has the credent

committee will not hear evidence until July 6.
All the available space in the hotels already has been reserved and the Denver Convention League has volunteered to provide quarters in all sections of the city. A bureau of information has been established at the Union Depot, where all rooms, with the price and other particulars concerning them are listed.

Applicants, upon calling at the bureau, are directed to quarters. The rates are established by the Convention League, and not by the owners of the houses.

## NEW ENGLAND'S CANDIDATES

#### Douglas and McNeil Suggested for Vice-Presidency.

NEW HAVEN, Conn., June 30 .- On the eve of his departure for the West as dele-gate to the convention at Denver, Alexander Troup, one of Mr. Bryan's closest friends in the East, today made a statement concerning the part Connecticut and New England will play at the convention.

He said:
"New England will have two candidates for the Vice-Presidential nomination, Former Governor Douglas, of Massachusetts, and Archibald McNell, of Bridgeport, this state. The Connecticat delegation will be united for Mr. McNell. My position is that the Vice-Presidential nomine about the processing the processing of most the processing the proc ince should be a man who can be of most service to Mr. Bryan. Mr. McNell is one of the men of means and business who were loyal to the Democratic ticket in

"Mr. McNeil has had assurances of support from representative men in the New England States. His business interests outside of Connecticut are largely in Pennsylvania, New Jersey and New York, and many of his business acquaintances in those states have assured him of support in his ambittions. Assurances also come from friends of Liquitenant-Governor Chanler that if Mr. Chanler should drop out, much influence would be left diverted to Mr. McNeil.

to Mr. McNeil.
"On the Presidential vote my poll of the New England States is as follows: Massachusetts, 32 for Bryan; Rhode Island, Bryan 4; Johnson, 2; noncommittal, 2; Vermont, Bryan 8; Maine, Bryan 4, Johnson, 4; Connecticut, Bryan 10, John-son, 2, noncommittal, 2."

son, 2, noncommittal, 2."
Mr. Troup, who will probably discuss the platform with Mr. Bryan, said his own idea of a platform is that it should not be long. It should declare the is-Swiss Balloon Crosses Alps.

BRIGO: Switzerland, June 30. — The Republican platform, he said, should have been blue penciled. As to the injunction plank in the platform, Mr. Troup believes that the one presented by Governor Aligeld in 1898 should be reiterated. He thought Mr. Bryan sound-ed the keynote on injunction long before Gompers and the others thought anything about it

## VEBRASKA MEN FAVOR GRAY

#### Belleve He Would Please Labor Vote in Second Place.

LINCOLN, Neb., June 30.-The Netion will approve any man on whom the convention can unite for Vice-President. Falling in this, Nebraska will vote solidwhat radical plank, and it is certain that such men as Roger C. Sullivan, National committeeman from Illinois, and Chairman Taggart, of the National committee, are strengly opposed to it. Mr. Sullivan

> Josiah Marvel, of Wilmington, Dela. manager of the Gray campaign, has ac-centuated the belief that the Delaware centuated the belief that the Delaware man is persona grata with Mr. Bryan. Mr. Marvel visited at Fairview with the candidate some time yesterday, but has not given out any statement further than that Judge Gray will be nominated for Vice-President. The tariff plank will be very similar to those of the platforms of former years. The attitude of Nebraska Democrats on the tariff has not changed, and there will tariff has not changed, and there will be no revision. It is probable, accord-ing to the programme, that a special ses-sion will be called next Spring if Mr. Bryan is elected.

REVERSES JUDGE DUNNE RUL-ING ABOUT BONDS.

Appellate Tribunal in Another of Cooper's Opinions Decides in Favor of Ex-Boss.

SAN FRANCISCO, June 30 .- The District Court of Appeals this afternoo ferred to Superior Judge James M. Sea-well, the matter of passing upon the sureties on bonds offered by Abe Ruef in his effort to secure his release in ball of \$750,000. By the decision in the habeas corpus proceedings the court took the matter of ball out of the hands of Judge corpus proceedings the court took the matter of ball out of the hands of Judge Dunne, before whom it was pending.

The court questions the rulings of Judge Dunne in refusing to accept the sureties who could not qualify with San Francisco real cetate and also the decision that relatives of Ruef, particularly his father and sister, could not quality. It is ordered that the matter be referred to Judge Seawell to hear testimony as to the qualifications of sureties; to approve the bonds, if sufficient sureties are produced; and that upon sufficient sureties being produced and the bonds being approved in the amounts fixed, Ruef be discharged from custody.

The decision holds it is the duty of a judge to follow the law in the matter of sureties, regardless of his personal opinions; that relatives may act as sureties and that ownership of real estate is not the sole qualification for a bondsman, other security being acceptable.
