before midnight Tuesday night for annoying women, and while Patrolman Richards was telephoning for the patrol wagon, Godfrey drew a knife from his pocket and endeavored to make his escape from custody.

The policeman dropped the telephone receiver and pursued his prisoner, overtaking him in a few strides. Godfrey turned on him and threatened his life, but the policeman seized him. Godfrey fought desperately and made frantic efforts to stab the officer. He did succeed in cutting him once slightly on the left hand and slashed two places in his clothing. Godfrey was finally completely subdued. A large crowd collected and followed the pair to the police station. Here the policeman explained that he had arrested Godfrey on the complaint of a married woman residing in the Cambridge building, corner of Third and Morrison streets, who represented that Godfrey had forced her to her room several times and tried to force an entrance into her apartments.

Godfrey was evidently under the influence of liquor and a dangerous weapon was placed against him.

HERE I AM AGAIN

with your favorite breakfast food

FORCE

It was always good enough, but it's better than ever now. Get the "happy habit" by eating the food that's full of sunshine and strength.

FORCE has all the muscle-making material in the whole wheat combined with barley-malt—the "pre-digested energy" of the two great life-giving cereals.

"FORCE" is made of the best white wheat, steam-cooked, rolled into thin flakes, combined with the purest barley-malt and baked. Always "crisp" it before serving it by pouring into a pan and warming it in even. Then serve in large dish with cream, placing the flakes in one side of the dish and pouring the cream in the other side, dipping the flakes as eaten.

Your grocer sells it. No other Flaked Food is "just as good."
