## MEAT INSPECTION

All the meat you see at Smith's is inspected before and after slaughter by Frank L. Smith himself, acknowledged by everyone—even his giant competitors—as the most brilliant meat man on the Pacific Coast. Smith's meats have got to be good and they are bound to be absolutely fresh. Use your own judgment and decide in your own mind which is the better—the fresh "home killed," city dressed Oregon meats that Smith gives you or meats that are brought to the city in ice-cars—sometimes from other states.

## RUN DOWN BY AUTOMOBILE

EX-SENATOR SIMON'S CAR INJURED SALESMAN.

J. H. Donnelly Struck by Machine in Control of Citizen Who is Taking First Lesson.

J. H. Donnelly, a representative of the Sproengly Jewelry Company, of Chicago, who has been stopping at the Portland Hotel for several days, was run down and injured yesterday morning at 10:45 o'clock, as he was leaving the hotel, by an automobile owned and driven by ex-United States Senator Simon. With Mr. Simon in his automobile at the time of the accident was his chauffeur, Roy Harrington, who was teaching his employer the science of automobile manipulating.

Mr. Simon was rounding his "first corner" when, at Sixth and Morrison streets, his car struck Mr. Donnelly, knocking the latter down and throwing him under the wheels of the car. Mr. Donnelly was taken into a nearby drug-store until an ambulance was summoned, when he was removed to the Good Samaritan Hospital.

At the hospital it was discovered that the injured man was suffering from a fractured arm and minor bruises. It is also believed that his collarbone is broken. Mr. Simon says that he will hereafter practice on the country roads

## MILLS START UP AGAIN

Cottage Grove Appreciates Ruling of Commission.

COTTAGE GROVE, Or., July 5.—(Special.)—The recent rulings by the Interstate Commerce Commission upon the freight rates, is proving to be a stimulus to the milling and lumbering industry in this section, one of the heaviest timbered and heaviest milled parts of the state. The mill men are now much encouraged, and feel that within the next 90 days conditions will be materially improved. Already inquiries from heavy buyers are coming in and some orders have been placed. This is of vital interest to Cottage Grove, as the burden of her payroll depends upon the lumber industry.

## COUNCIL'S POWER IN DOUBT

MAY ORDER PROSECUTION OF NOTTINGHAM DROPPED.

City Attorney Put in Embarrassing Position as Result of Controversy Over Special Permits.

Does the City Council have authority to order the City Attorney to suspend proceedings for alleged violations of city ordinances? This question has been presented in the controversy between Building Inspector Dobson and State Senator Nottingham over the erection by the latter of a frame building inside the fire limits on the East Side.

In the first place, the Council granted Mr. Nottingham a permit, which is said to have been unlawful. Later, on complaint of the Building Inspector, City Attorney Kavanaugh filed a complaint against Mr. Nottingham in the Municipal Court. At its meeting Friday the Council committee on health and police decided to recommend to the City Council at its meeting Wednesday that the further prosecution of the case against Mr. Nottingham be suspended.

Mr. Kavanaugh has not been advised officially of the committee's action; neither has he been instructed to drop the suit. The report and recommendations of the committee on health and police are merely advisory to the Council and it will not be until after the Council has finally acted on the matter that the City Attorney will be advised.
