### CONCERN ALLEGED BANKRUPT

Petition Against Pacific Mail Order Company in Federal Court. The Columbia Milling Company, the Honeyman Hardware Company and the Portland Seed Company yesterday joined in a petition to Judge Wolverton, in the United States Court, asking that the Pacific Mail Order Company, of this city, be adjudged bankrupt. The petitioners hold claims aggregating \$133,922 against the alleged bankrupt concern which is charged with having committed an act of bankruptcy last May, when it executed a chattel mortgage to C. T. Toose, of Gladstone, covering 23 buggies of the value of \$104,79 to secure the claim of Toose against the company for \$1000. This transaction, it is charged, was made to protect Toose at the expense of the other creditors.

### Ordinances Taxing Hawkers and Regulating "Nickelodions" Held Inequitable by Executive.

Mayor Lane yesterday vetoed the ordinance recently passed by the City Council, fixing a rate for street hawkers that is said to be prohibitive. It is said the object of the measure was to drive the peddlers from the thoroughfares, but Mayor Lane, in his message, says that, if this is the desire the Council should pass an ordinance so stating.

### Once in a while comes a hot day when the aroma of the frying steak seems too heavy and pronounced.

Well, at Smith's you can find dozens of different cuts of meats which, if given the correct method of cooking and a little forethought, will tempt the appetite and be eagerly relished these warm days. Is there anything better than Roast Beef sliced cold? It's delectable the year round. Smith can give you Prime Rib Roast Beef at 10c and 12 1/2c per pound. The Beef Trust markets charge from 18c to 25c for the identical cuts. If you want cheaper cuts of beef you can have them at 6c, 7c and 8c. They are cheap in price only, for the quality of Beef that Smith is serving nowadays is superb and cannot be found outside of Smith's four markets. We are selling Beef for soup at 3c per pound. It makes nourishing meat jellies. Corned Beef sliced cold is a general favorite. Smith sells Plate Corned Beef and Brisket Corned Beef at 6c per pound and Rump Corned Beef for 8c. Let us tell you of an appetizing tid-bit. Take a Brisket of Beef at 5c per pound or a neck of Beef at 5c per pound; cook slowly and when very tender put the meat through the grinder. Season with salt, pepper, onions and either dill pickles or your favorite variety, and you have the most delicious sandwich filler you ever tasted. No porch party or picnic lunch will be a success without it. Remember, in buying these meats, you must come direct to Smith's. The market just to the right of us on Alder street belongs to our opponents and does not carry our fresh Oregon meats. See that Smith's name is on the door and then come in.

### tion or alteration of buildings to be used for nickelodion, moving pictures or mechanical show purposes, and the regulation of the operation of the same, etc.

### This ordinance is intended to provide for the betterment and safety of such places of public gatherings and the most of its provisions should be enacted into a law, section five (5), however, exempts all buildings which have been in use for one year prior to its passage.

It seems to me that this is not fair, and the law should be made to apply to all alike, and if there are any buildings in which such amusements are being conducted which are not safe for the visiting public, they should be required to conform to the law to the same degree that is required of others. There should be no exemption from a dangerous condition wherein human lives may have to pay forfeit to such special privilege, and for this reason I return the ordinance to you for your further consideration. Respectfully,  
HARRY LANE, Mayor.

### Barn and Four Horses Burned.

A barn south of Sellwood containing four horses, 30 sets of harness and several tons of hay was destroyed by fire shortly after midnight Sunday night. The property was located on the grounds of the Golf Links Association south of the links and was leased by Joe Fignini. He discovered the fire when the barn was in flames and succeeded in getting out two of the six horses, but four perished in their stalls. There was no water at hand. The fire is supposed to have been caused by a tramp.
