

ENDS CONTESTS IN FOUR STATES

Committee Beats Record in Deciding Claims of Rival Delegates.

STOPS MCCARREN'S MOUTH

Deposed Brooklyn Boss Becomes Abusive—Bitter Contest in Pennsylvania—Dubois Wins First Round in Idaho Fight.

DENVER, July 6.—In record time today the Democratic National committee disposed of all contests before it with the exception of those of two states—Pennsylvania and Idaho—which went over until tomorrow morning.

Results Summed Up. Roger Sullivan, of Chicago, was an easy winner of the 50 contested seats from Cook County, which were disputed by Robert E. Burke and his associates.

McCarren's Abuse Choked Off. Patrick McCarren, of Brooklyn, was practically ignored in his contest against Charles P. Murphy for the 12 seats in Kings County, New York.

Joseph Howley, of the thirty-first Pennsylvania district, whose right to his seat was disputed by the Guffey people, was sustained by the subcommittee.

Bitter Fight on Keystone State.

Charles Berwood Daly, of Philadelphia, appeared before the committee and arranged Charles P. Donnelly and Thomas J. Ryan, the leaders of the Guffey faction in the districts, in the bitterest manner.

Oklahoma Case Passed Up. The matter of whether the Oklahoma delegation should be allowed 14 seats, as accorded by the National committee, or 18, as claimed by that state, was passed along to the credentials committee.

INUNCTION PLANK KNOTTY

(Continued from Page 1.) Another plank along the same lines opposes the leasing system of grazing lands as at present applied by the Forestry Service of the Government.

Tentative Tariff Resolution.

The tariff plank came in for considerable discussion today, with the result that this language was put forward tentatively as embodying the position the party should take.

Brings Bryan's Suggestions. During the afternoon Mayor P. W. Brown, of Lincoln, who is to be the Nebraska representative on the committee on resolutions, arrived with Mr. Bryan's suggestions concerning a number of planks of the platform in his pocket.

tion of Senators, which he would have by direct vote of the people; the guarantee of bank deposits by the Government, and the publicity of campaign contributions.

His View of Injunctions.

The injunction plank as drafted would prohibit the issuance of prohibitive writs without notice except in cases in which it is evident irreparable damage might be done by property. In that event the plank would permit the issuance of an injunction limited to 10 days' time, and a hearing would be required on the second presentation of the case.

Soon after arriving in the city, Mr. Brown went into conference with Mr. Haskell, who will be chairman of the committee on resolutions, and laid before him Mr. Bryan's views. Both of them declined to discuss the platform.

DUNNE'S INUNCTION PLANK

Draft Said to Embody the Views of Bryan.

OMAHA, Neb., July 6.—The following injunction plank drawn by former Mayor Dunne, of Chicago, has been given out. It was said that Mr. Bryan has requested

ROGER C. SULLIVAN (AT RIGHT), WHO HAS BEEN RE-ELECTED TO NATIONAL COMMITTEE IN SPITE OF BRYAN, AND UREY WOODSON, OF KENTUCKY.

Judge Dunne's membership on the resolutions committee, so it is believed that this plank represents Mr. Bryan's view:

"The right of a court of chancery to interfere and protect the status quo before the right is unquestioned, but no such writ should issue ex parte and without notice, except where it is clearly made to appear that irreparable injury will result unless the writ issued immediately and without notice, and in such cases the motion to dissolve such injunction should be granted, with or without notice, an ample bond shall be exacted of complainant, sufficient to cover all damages resulting to defendant from the issuance of such a writ, including reasonable attorneys' fees incurred in moving to dissolve such writ. In all proceedings for contempt for violation of an injunction enjoining the commission of any act, which by the common law or by statute is made a crime, and which is not committed in the presence of the court, the defendant shall be entitled to a jury trial on the issue of fact as to whether he has committed such crime and thus violated such injunction. We favor the passage of a law amending the chancery practice so as to secure these results."

National Committeemen Chosen.

DENVER, July 6.—The following is the list of the members of the new National Committee of the Democratic party, elected at the state caucuses held today and tonight. Quite a number of the delegations will not meet until tomorrow morning.

Bryan's Nomination Sure, Despite Antis' Claims.

PLATFORM CRUCIAL POINT

If Conservative, It Will Encourage East to Name Man for Second Place—Gearin to Second Bryan's Nomination.

BY FREDERICK V. HOLMAN DENVER, Colo., July 6.—(Special.)—There was a thunder storm at Denver last night, which lasted for several hours, accompanied by heavy rain and some hail. Today is cloudy and cool. While the temperature has decreased,

the enthusiasm has greatly increased. This evening all is excitement. The Johnson club arrived from Minnesota today, full of enthusiasm and having a large and excellent band. It has marched through the streets and visited the principal hotels several times, and tonight is again making the rounds.

Antis Cling to Last Straw.

Although W. J. Bryan's opponents still assert that he has not two-thirds of the delegation, still the opposition organization and cohesion. "I believe Bryan will be nominated. The crucial point will be the platform. If the platform is fairly conservative, the Eastern Democrats will probably be satisfied and try to agree on a candidate for Vice-President. In such an event, Gray may be the nominee, although New York has several active candidates. If the platform is radical, the Eastern Democrats will probably lose interest and make a strong effort to name a candidate for Vice-President.

Gain to Second Bryan.

The Oregon delegates are endeavoring to have California yield to Oregon when the Presidential nominating speeches are made. California will give the answer tomorrow. If this is done, ex-Senator John M. Gearin will make the second or third speech in seconding the nomination of Mr. Bryan. In a quiet way, the Oregon delegates are doing some effective work. M. A. Miller was anxious to do almost everything, but the rest of the delegates thought it too much for one man, and elected C. K. Henry as chairman and will personally perform their work on committees and vote. They have not yet determined on their candidate for Vice-President. They are waiting, so that their votes may be effective, if possible.

Georgia Solid for Johnson.

DENVER, July 6.—The Georgia delegation went into caucus at 2 o'clock. They are unanimously for Johnson and expect to cast 26 votes for the Minnesota candidate.

Talk With Ships at Sea.

SABLE ISLAND, N. S., July 6.—The steamer Kronprinz Wilhelm, from Bremen for New York, is in communication by wireless telegraph with the Marconi station here when 850 miles east of Sandy Hook lightship at 12:20 A. M. She probably will dock about 4 o'clock Tuesday afternoon.

POLITICIANS PURSUE TAFT

CANDIDATE FINDS LITTLE REST IN MOUNTAINS.

Nearly Entire Day Taken Up by Conferences Over Chairmanship.

HOT SPRINGS, Va., July 6.—With the increasing number of conferences and the chairmanship of the National committee, it is apparent that Mr. Taft desires to have a chairman whose selection shall be as nearly unanimous as possible, but his own preference for Frank H. Hitchcock seems to be generally conceded.

Early this morning a dozen big boxes of records were delivered to his office and his secretary superintended the work of arranging their contents in the file room, where they will be accessible during the next two months. A mass of correspondence is coming to him, necessitating his personal attention and the dictation of many letters. But insisting upon dividing his time between work and recreation he accepted a challenge made by Frank B. He has signed all the work of getting in the mountain links. The Presidential candidate and the "trust buster" started out very soon after breakfast.

Mr. Taft's horses have arrived and hereafter he will alternate golf with riding over the mountain paths. Mr. Taft feels that he is a subject for congratulation because his action of the convention as to the Fairbanks delegates and his acknowledgements to letters of congratulations received after his nomination. He brought over 1500 of them from Washington and has stuck closely to the task of reading and signing them. His mail is arriving with great regularity and letters needing his personal consideration are constantly increasing in number. Today he had another conference with Senator Crane, who expects to leave here tonight accompanied by Representative Lawrence of Massachusetts, who came with him. Mr. Crane's visit was at rest suggestions that he will be enlisted in the active work of the campaign in an important way. He has talked over the situation in New England in great detail and his suggestions have been carefully noted by Mr. Taft.

Senator Beveridge, of Indiana, and Representative McKinley of Illinois, had an interesting discussion today with Mr. Taft. Senator Beveridge's talk concerned the difficulties stirred up in his state by the action of the convention as to the Fairbanks delegates and McKinley concerning the treasurer's position of the National committee. The coming of Senator Beveridge a day ahead of Senator Eismenway and Representative Watson permitted Mr. Taft to get information on the Indiana situation before the coming of the men who directly represent the Fairbanks faction. This state is regarded as of such importance that Mr. Taft considers it highly important that there should be assurances of harmony there over the chairmanship, whoever may fill that position.

Representative McKinley is talked of for the treasurership, but Charles M. Dawes, of Chicago, former Controller of the Currency, is still in mind for that office. Mr. McKinley's visit here today will do much to clear up the situation in this respect.

Representative James F. Burke, of Pennsylvania, arrived today.
