LEAVE FOR LONG TRIP.—R. W. Parker and wife leave for a long trip this morning in their wagon. They will drive over the Cascade Mountains by way of the Barlow road and return by way of Santiam, and will be two months on the way. Mr. Parker has fitted up his wagon with special references to comfort. They will travel each day as far as can be done comfortably and then camp for the night, or several days, as fancy dictates. They will be provided with fishing tackle, photographic outfit and guns, and expect to have an ideal vacation trip.

VALERIE BURSTS INTO FLAMES.—Matches carried in a valise almost started a conflagration at the Union Depot yesterday. To the surprise of baggage men at the depot, flames started from a grip in the baggage room without any apparent cause and the valise burned furiously. The men on duty tried to get the fire outside where the hose was turned on it and the fire put out. The grip was opened and was found to contain matches. In handling the valise, it is thought the matches became ignited and started the fire.

OUTING FOR COURT WARD.—Twenty-five of the wards of the Juvenile Court yesterday for a fishing and camping trip to Trout Lake, near Mount St. Helens. The journey to White Salmon was made on the Bailey Gatzert, the boys taking with them a camp wagon in which they will make the rest of the trip. They are in charge of Probation Officer Krum. This is the first outing the East Portland wards of the court have had for two years.

BOYS ROLL STONE; HURT LABORER.—Albert Yandusky, a laborer employed by the City Water Department, was seriously injured yesterday afternoon while laying a pipe line at Council Crest. Several mischievous boys on the hillside above the road set a large boulder rolling and struck Yandusky, hitting him to the ground. He was taken to his home, where he was said to be resting comfortably last night.

COULDN'T ENJOY THE SCENERY OF THE Columbia River; the beautiful water falls and the famous old land marks such as Castle Rock, Rooster Rock, Bridge of the Gods and other points of great interest except from the train. COMMITTEE CALLS ON MANAGER O'BRIEN.—A committee from the East Side Business Men's Club, C. A. Bigelow, H. H. Newhall, W. L. Morgan and H. Mitchell, held a conference with General Manager J. P. O'Brien, of the Southern Pacific and O. R. & N. Companies, yesterday regarding the proposed passenger and freight stations on the East Side. The situation was thoroughly discussed and Mr. O'Brien assured the committee that he would do all he could to have a suitable passenger depot erected this year. In the discussion Mr. O'Brien showed that he was familiar with the situation, and remarked that plans had been prepared some time ago for a passenger depot that would have been practically fireproof, at least more fireproof than some of the buildings that had since been erected in the same vicinity, and yet there had been objection to the spot building for the reason it was not stone or concrete or brick. He intimated that the passenger depot might have been erected by this time, if the committee had not objected, and Mr. O'Brien conceded the future need of such depot.

ORDINANCE REGULATING STABLES.—Plumbing Inspector Hay yesterday completed the draft of an ordinance regulating livery stables, which he will have introduced before the City Council today. The ordinance, as most of them are constructed, as nuisances, and in the proposed ordinance prescribes sanitary lines for all such buildings. It will probably be made an amendment to the building ordinance.

WILL BE BURIED IN POLK COUNTY.—The funeral of Joshua McDaniel, who died July 6, at his home, 80 Northwick street, will be held at 12 o'clock today at his late home. The interment will be at Etina, Polk County, near Crowley Station, today at 12 o'clock. The Masonic lodge will have charge of the funeral services.

Mrs. Fiske in "Rosmersholm" at the Lyric

LADY MACBETH in modern garb, a woman who has never come to speaking terms with her conscience, and one who has never taken the trouble to consider the consequences of her acts, an essentially bad woman, against whom the scandal-mongering world has no right to say a thing, yet who wrought her own ruin and that of her dearest friend to the uttermost extent. That is the kind of woman Mrs. Fiske makes Rebecca West. Those who watched the greatest of English speaking actresses interpret Ibsen's complexities at the Lyric yesterday will agree, always providing they understood it, that Mrs. Fiske's portrayal of Rebecca West was the finest demonstration of the actor's art that has been seen in Portland since this distinguished player's last visit.

"Rosmersholm" is one of Ibsen's most introspective plays. There is practically nothing in it to hold the interest of the mere amusement seeker. Those who are looking for a good time only had best stay out of it. But there are those who hold that the drama has a higher mission than to make the unthinking laugh, as sure as you are born those will find much merit in this remarkable play. There is a certain Shakespearean quality in the play, indeed, in having an opportunity to see Mrs. Fiske and her remarkably fine company in the play, and in the fact that it was almost unbearably hot and that the limited stage room at the Lyric prevented the use of the scenery and effects that properly belong to the play.

As an actress Mrs. Fiske is a solitary figure. No woman who has graced the boards in our time possesses such almost uncanny power of expression, and the subtleties of the human soul. Her introspection, her grasp of the elusive, indefinable, uncatalogued emotions is so absolute that one who watches her playing is moved to wonder and to argue over and over to himself how she has grasped "this sorry scheme of things entire." As an exponent of the untheatrical drama she has no competitor.

Ibsen might have written his philosophies for the especial purpose of having her play them. She combines at once the expression of what the student has learned and the actor conceived. Rebecca West is not a sympathetic sort of person. She is perhaps the most disagreeable character in all Ibsen, but she is, unfortunately, essentially true. There are so many of her that immediately a comprehending audience feels that Mrs. Fiske has got her solved complete. The scene between Rebecca and Rector Kroll in the third act is equal in suppressed intensity to anything on the English stage.

This new Lady Macbeth is consequently ambitious for the man she loves. She takes the initiative always, and given her own way, would have made a mighty man of him. But, falling in this, she is yet strong enough to draw him to self-destruction with her subtle, logical solution of the troublesome problem. A fine achievement is Mrs. Fiske's portrayal of Rebecca West. One of many to which this wonderful woman has been accorded and even in July, with the thermometer striving to burst the tube, she is engrossingly interesting.

The supporting company, as usual whenever she goes a-touring, is composed of the best of acting talent. Fuller Melish as Rector Kroll leaves nothing to be desired. No hard, narrow, small-souled performance of "A Circus Girl" at the Lyric, in which they have been so successful, the country in any place in which she might choose to display her rare genius. Sometimes when we get away from the present trammels which bind the American stage, we may hope for more of Mrs. Fiske and her wonderful company.

The greatest laughter show of the age is to be seen at the Lyric this week, where the Allen Curtis Company is appearing in the famous Ward & Vokes success, "The Head Waiters." Full of song hits and bright comedy, it is the show all to see this warm weather. Go tonight.

"A Circus Girl" Tonight. Now that the Fiske engagement is over the Bunkal-Atwood Company will resume its performance of "A Circus Girl" at the Lyric, in which they have been so successful. It is an ideal summer show and will delight all lovers of genuine comedy. Go tonight and you will be well repaid.

The greatest laughter show of the age is to be seen at the Lyric this week, where the Allen Curtis Company is appearing in the famous Ward & Vokes success, "The Head Waiters." The short crop is attributed to prolonged drought during the Spring months. Reports received by the railroad from Klickitat County indicate that there will be a good yield of wheat in that section of the state.

Change in Rural Delivery. Information has just been received from the Postoffice Department that the rural free delivery route from Orient, near Gresham, will be transferred to Boring on August 1. David Wolfe, the carrier has been ordered to report to the Postmaster at Boring for duty on that date. The transfer doubtless means the discontinuance of the Orient office, although no such notice has been received. If it is not discontinued, Postmaster Campbell will probably ask to be relieved as the loss of the rural route will leave him less than a dozen families to serve.

Hot, but Much Worse in Other Places

Thermometer Reaches 92, Equaling Hottest Day of the Year. More of Same Kind of Weather Today.

NEXT to June 30, yesterday was the hottest day of this year. But even at that there was only .2 of a degree difference and the official Government thermometer at the weather bureau showed that 92 degrees was reached both yesterday and June 30.

But in complaining about the heat here yesterday, think of poor Walla Walla, Wash., and Redmond, in which the thermometer registered 100 degrees. At many other points on the Pacific Coast it was just as hot and even hotter than it was in this city. For instance, at Baker City, Boise, Ida., Kankeloo, B. C., and Spokane, it was 92. At Roseburg a temperature of 96 was registered.

Although the temperature in the Pacific Coast states reaches as high a point as it does in the East, no fatalities result from the heat here, while the death list in the East is large. Humidity is said to be the cause. In the East the hot weather periods are usually accompanied by a wind or breeze from the ocean, causing a great degree of humidity. Along the Pacific Coast hot weather periods are usually accompanied by a wind from the north, causing much less humidity than in the Eastern states.

Indications at the local weather office are for fair and cooler weather today in the interior of Western Oregon and Western Washington, but for fair and continued warm weather east of the Cascade mountains.

The following hourly temperatures were registered here yesterday: 5 A. M.83 6 A. M.83 7 A. M.87 8 A. M.87 9 A. M.89 10 A. M.92 11 A. M.92 12 M.92 1 P. M.91 2 P. M.91 3 P. M.91 4 P. M.91 5 P. M.91 6 P. M.91
