BERLIN IS AROUSED

Zu Eulenburg Trial Develops Sensational Features.

KEPT FROM THE PUBLIC

Newspapers Prevented by the Government From Obtaining News of Star Chamber Proceedings at First Hand.

BERLIN, July 8.—Renewed interest in the trial here of Prince Philip zu Eulenburg, who is charged with perjury in connection with the "round table" scandal, has been aroused as a result of the publication of sensational rumors that damaging disclosures were made in the taking of evidence at the trial. The court building was filled with people and the police have been strongly reinforced. They do not permit the public to approach any of the witnesses.

A man named Ernest, one of the principal witnesses for the prosecution, occupied the stand today. It is reported that he accused Court Councillor Mistleher, who was at one time private secretary to the Prince of attempting to prevent him giving evidence against the defendant.

HELIE UNFIT AS FATHER

Boni's Reasons for Asking Custody of Children.

PARIS, July 8.—Count Boni de Castellane, whose former wife was married yesterday in London to Prince Helle de Sagan, the Count's cousin, has opened what promises to be a sensational legal battle for the possession of his three children, the offspring of his marriage with Miss Anna Gould. The step taken by the Count yesterday, which generally has been misunderstood, is merely a preliminary skirmish.

when he would ask the court to give the custody of all the children to the Count, on the ground that Princess de Sagan was not a suitable protector for them, inasmuch as she is under the complete domination and control of Prince Helle, who is unworthy to hold the position of father to the children.

"As proof that Mme. Gould was completely dominated by the Prince de Sagan we will offer her action in traveling in Italy, the Riviera and to England in company with the Prince de Sagan before she was married to him," Maitre Bonnet declared.

THANKS ALL FOR LETTERS

Mrs. Cleveland Issues Statement Through the Press.

PRINCETON, N. J., July 8.—So great has been the number of messages received by Mrs. Cleveland since the death of the former President that she has found it impossible to make personal response to all of them; therefore she has given to the press the following communication in acknowledgement of these messages: "In our great grief there have come to my children and myself from all over our country and from other lands, expressions of condolence in our bereavement and of a participation in our sorrow. My heart is touched by these, and by all tributes paid to Mr. Cleveland in word and act, and I am deeply grateful for the comfort that God gave us in this way. I regret that the multitude of these messages renders it impossible for me to send a personal word of thanks for each. The press has kindly offered to bear from me that expression of my own and my children's gratitude and appreciation, and I hope it will reach all who have thought of him and of us."

Killed in Paraguay Revolution.

WASHINGTON, July 8.—Information received at the State Department today is that the estimated loss of life in the recent revolution in Paraguay was from 100 to 150 persons, while 100 were wounded. The information came to the Department in a dispatch from Edward C. O'Brien, American Minister to Uruguay and Paraguay. The revolution began on July 2, when the Minister of War was taken prisoner. The dispatch came by way of Buenos Ayres, dated July 7, and at that time the city of Asuncion, where the revolution began, was tranquil.

Whisky Men Lose Fight.

CINCINNATI, O., July 8.—The suit of the distillers to enjoin internal revenue officers against the new by-law and marking rules met with another defeat late yesterday, when United States Circuit Judge Lorton declined to grant a rehearing to the local whisky interests. The action is an attempt to secure an injunction to prevent the enforcement of the new rules on branding and marking, and under which what are known as "spirits" will be marked "alcohol."

TRIBUTE TO MERIT

New Chief of Army Engineers Not a Politician.

POPULAR IN THE SERVICE

Colonel William L. Marshall's Promotion Indirectly Due to His Huge Bulk—Weight Made Taft His Friend.

OREGONIAN NEWS BUREAU, Washington, July 7.—President Roosevelt recognized merit when he appointed Colonel William L. Marshall as Chief of Engineers of the Army. He picked the best man in the engineer corps, and the one who, in the opinion of unbiased officials of the department, was best qualified to handle it.

That was the principal reason Army people were opposed to him. They maintained that a man devoting himself entirely to the work of the Army was entitled to first consideration.

Resented Wire Pulling.

Moreover, Army officers resented Colonel Symons' continual association with politicians, and objected to his filling a great mass of political endorsements. They wanted to see a Chief of Engineers selected on his merits, and not on account of his pull. For a time pull threatened to land Symons in the coveted position, but when his wife began to annoy the President by her frequent calls, and when Senators and Representatives who had endorsed the Colonel, were still beset by her entreaties, there was a marked change of sentiment.

Deference Was Natural.

Because of the utmost harmony existing between the President and Mr. Taft, it was only natural that the former should defer to the wishes of the latter in a question of this kind, especially when Mr. Taft had such excellent reasons for asking the appointment of Colonel Marshall. General Wright, the new Secretary of War, who will be the immediate superior of Colonel Marshall, while not familiar with the merits of the respective cases, became convinced, after hearing all sides, that Colonel Marshall was the best man for the place, and he joined with Taft in endorsing the man who has been selected.

Convention of Negro Editors.

PITTSBURG, July 8.—A call was issued here today for an Eastern Interstate Negro Press Convention, to be held in Pittsburgh during the first three days of September. The call states: "The political situation as it now confronts the negro, will be one of the foremost questions of discussion. We believe the political situation, as far as the negro is concerned, is in a critical state, and that something must and can be done by the United effort of the negro press."

Dividend Slightly Cut.

NEW YORK, July 8.—The Pacific Coast Company today announced the regular quarterly dividend on the first preferred stock of 1 1/2 per cent, but made a reduction in the second preferred common stock to 1 per cent, being a decrease from 5 to 4 per cent in the annual rate on the second preferred and common stock.
