DARING CROOK CAPTURED

OVERPOWERED WHILE ROBBING A HOTEL ROOM.

English Army Officer Catches Thief in New York—Swift Justice Done.

NEW YORK, July 9.—A youth of 20, who described himself as Nathan Levine, a student of languages and the son of a retired manufacturer, who told the police he had robbed nearly every first-class hotel in this city during the past few weeks, was captured in a room on the 14th floor of the Hotel Belmont today after he had bound a woman in bed and was about to loot the apartment. When the prisoner was searched the police found a complete outfit for use in sneak-thievery, consisting of two revolvers, a box of red pepper, a dagger, two electric lanterns and a number of vials containing sleep-producing poisons. The police say the young man intimated that it was to raise funds to enable him to keep up appearances before a certain young woman that caused him to turn to a career of crime. Levine registered under another name yesterday and asked to be assigned to a

AMERICAN MINISTER HAS NARROW ESCAPE IN PARAGUAY.

Target for Three Volleys From Government Troops—Apology Follows Mistake.

LA PAZ, Bolivia, July 8.—Further details received here of the revolution in Paraguay say that while fighting was going on in Asuncion an incident occurred which might have had a most serious result. The American Minister, Edward C. O'Brien, desirous of proffering his good offices in order to prevent further loss of life, while approaching the headquarters of the revolutionists, was fired upon three times by government troops. According to the dispatches, the Minister's escape was miraculous, as many persons were killed in the vicinity. Discovering their mistake the soldiers ceased firing and an officer hastened to give explanations to the Minister, who is convinced that the act was not premeditated. The new President of Paraguay, Emiliano Naveiro, has been officially recognized by the majority of the foreign dip-

MASON CITY, Iowa, July 9.—James E. Byrnes, Owen T. Denison and Daniel W. Telford were appointed as a committee suggested by Captain Richard Pearson Hobson in his speech made here July 4. At the close of his Chautauqua address Hobson urged that this committee at once bring pressure to bear upon the local congressman, and that he be urged to use his influence for a naval programme on a broader gauge than two ships per year.
