REBELS CAPTURE TWO MORE TOWNS

Revolutionists Wage Aggressive Campaign in Honduras, With Apparent Success.

PRESIDENT

Manuel Bonilla Head of Insurgent Government-All Central American Republics Likely to Become Involved in Trouble.

TECUCIGALPA, Honduras, July 9.— Armed revolutionless from Salvador, after capturing the town of Gracias, attacked Choluteca, the capital of the department of the same same, which lies about 70 miles southwest of Tegucigalpa. The residents of Choluteca strongly resisted, holding back the revolutionists for three days. olutionists for three days.
It is said the insurgents have pro-claimed Manuel Bonilla President.

WILL ASSIST HER NEIGHBOR

Nicaragua Sends Troops to Fight for Honduras.

WASHINGTON, July 9.—Nicaragua has taken up arms in support of Honduras, which has a revolutionary movement on its hands, according to a dispatch received at the State Department today. This dispatch says that an army is being recruited by Nicaragua and that troops are being hurried forward with Maxim batteries in aid of Honduras.

Another dispatch, however, received at the Department from the American representative at the capital of Salva-dor indicates that the movement against Honduras has falled.

It is feared in diplomatic circles that the revolution in Honduras may as-sume large proportions and involve the other countries of Central America. AMONG FUGITIVES

Honduras No Longer an Asylum for Foreign Criminals.

WASHINGTON, July 9.—Negotiations are in progress for an extradition treaty between Honduras and the United States.

PUERTO CORTEZ, Honduras, July 3 PUERTO CORTEZ, Honduras, July 3, via New Orleans, July 9.—Correspondence about the extradition of the four American prisoners, Francis G. and Albert W. Bailey, H. H. Myers and Alfred Oxley, has become public here. Francis G. Bailey, who was president of the Export Shipping Company, of New Jersey, and who with the others came here on the steamer Goldsboro, protested to President Davila of Honduras against being held a prisoner. President Davila telegraphed in reply: "As your case depends entirely upon

President Davila telegraphed in reply:
"As your case depends entirely upon
the Government of the United States,
which sets up a claim for your detention, I certainly cannot accede to your
request, and I must comply; otherwise
there might be complications."
The Balleys appealed to the Honduran courts, from which they received
no reply. Their case, therefore, has
caused much uneasiness among numeraused much uneasiness among numer

caused much uncasiness among numer-ous Americans in Honduras who might be subject to extradition should it be put into practice. These Americans rely for safety upon the constitution of Honduras, to which the Balleys ap-pealed in vain.

Thinks Revolution Will Win.

PANAMA, July 9 .- A prominent Central that he believed the revolution against President Davila, of Honduras, would be successful. The plan of the revolutionists is to have in Honoduras an alled government in which Guatemaia and Salvador will take part. After this government, ment is established the present plan pre vides for an attack upon President Ze-lays, of Nicaragua, who is considered to be the worst enemy of President Cabrera. The critical condition of the internal af-fairs in Nicaragua, he continued, is pro-

SCALDED IN FIREROOM

Three of Training Ship Nevada's Crew Injured.

NEW LONDON. Conn., July 9.—If has just become known here that through the explosion on Monday afternoon of a steam pipe on the monitor Nevada, attached to the baval training squadron now maneuvering in the Sound near this sity, three members of the crew were scalded, one so seriously that he may die, while a panic on the vessel was only averted by the prompt action of the officers. NEW LONDON, Conn., July 9 .- It has

Thomas J. Caulley, a fireman, was so unofficially, is of comparatively little consequence. It is said that in no way was the accident traceable to careless-

TOOK AWAY \$200,000 GOLD

Baileys' Treasure Impounded on Selzed Steamer Goldsboro,

MOBILE, Ala., July 9 .- More than \$200. 000 in gold was carried to Honduras by the Balleys of New York in their flight in the British steamer Goldsboro, now in the possession of the Honduras government at Porto Cortez and without flag of

ment at Porto Cortez and without flag or country, and the valuable cargo of the treasureship estimated in value at equal amount is still in their possession.

This was told by Neal Akman, third engineer of the Goldsboro, who has just reached Mobile, Akman is en route to New York, where he goes to consult the British Consul concerning the status of his claim and that of other members of the crew. the crew.

LEAVES VACANT POSITION

Sherman's Nomination Means New Chairman of Indian Committee

OREGONIAN NEWS BUREAU, Washington, July II.—The nomination of James S. Sherman for VicePresident creates a vacancy in the chairmanship of the committee on Indian affairs in the House of Representatives, and the probabilities are that Mr. Sherman will be succeeded by snother New Yorker Charles L. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles L. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles L. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Wilson 1 Mr. Sherman will be succeeded by snother New Yorker Charles I. Thomas F. Marshall, of North Dakota, is ranking member of the committee next A 2467.

Olympia Beer. "It's the water." Brew-ery's own bottling. Phones, Main 671,

to Mr. Sherman, but at the recent North Dakota primaries Mr. Marshall was nominated to succeed H. C. Hansbrough in the United States Senate, and he would prefer the Senatorship, same good committee places, to the chairmanship of the House committee on Indian affairs.

In these days the Indian committee is not of as great importance as it was five or ten years ago; many of the reservations have been abandoned; Indian policies are pretty well formu-

reservations have been abandoned; Indian policies are pretty well formulated, and Indian legislation that is deemed necessary is usually framed in the Indian office and merely ratified by Congress. Still, it is unfortunate for the Western States that a Western man is not in line for this chairmanship, for as a rule Easterners have not the slightest interest in Indian affairs and give very slight consideration to Indian questions before Congress. Mr. Sherman was an exception to this rule, and always devoted his best efforts to legislation referred to best efforts to legislation referred to his committee. His probable successor has not been conspicuously identified with Indian legislation or Indian appropriations.

Incidentally, the retirement of Mr. Sherman from the House removes from that body a member of the "Big Five."

The "Big Five" consisted of Speaker Cannon and Representatives Payne (N. Y.), Daizeli (Pa.), Tawney (Minn.) and Sherman (N. Y.). It is not likely that Mr. Sherman's place on this light. Mr. Sherman's place on this unoffi-cial body will be filled, unless the Speaker should see fit to recognize Congressman Boutell of Illinois, who made the Cannon nominating speech at

HUNTS FOR LUMBER TRUST

SPECIAL AGENT IN NORTHWEST LOOKING FOR COMBINATION.

Secretary of Manufacturers' Association Advises Members to Aid Him, Scouting Idea of Monopoly.

SEATTLE, Wash., July 9 .- (Special.)-SEATTLE. Wash. July 9.—(Special.)—
Charles E. Edgerton, special agent of the
Bureau of Corporations at Washington,
D. C., with ten assistants is in the city
for the purpose of investigating the socalled lumber trust. The investigation
is to be made in accordance with the
Kittridge resolution passed at the 1906-7
sension of Congress, authorizing the investigation of the lumber industry.

Special Agent Edgerton and his se-

vestigation of the lumber industry.

Special Agent Edgerton and his assistants will ascertain who owns the timber in this state and how much was paid for it. Price lists will be procured wherever possible. Accounts of millmen

will be examined. Secretary Victor H. Beckman, of the Pacific Coast Lumber Manufacturers' As-sociation, has advised members of his association to assist the investigators in association to assist the investigators in every way possible. Mr. Beckman has offered to vacate his office until the in-spectors have gone through with the re-cords contained there. Secretary Beckman, in a statement this

secretary neckman, in a statement this afternoon, states that the talk of a lumber combine in the Northwest is ridiculous. He says one is impossible owing to the lerge number of mills now outside of the association. The Government agents will be scattered all over the state and the investigation will take two months.

HEARS FROM BATTLESHIPS

Two Wireless Messages Received by Portland Station.

Two wireless messages from the bat-tleship fleet, which left San Francisco for Hawaii Tuesday, were received Wed-nesday night by the United Wireless sta-tion on Council Crest. The first message was dated 5 o'clock Wednesday afternoon and was or follows. ind was as follows: "Latitude 34:7; longitude 127;15; 255

niles from San Francisco: proceeding at ten knots; course south, 48 degrees mag-

netic."

The second message, which was received late at night, follows:

"Fleet 308 miles out on great circle course to Molokal; pleasant weather; will try wireless at Honolulu."

No signature was caught on either measage at the Portland station.

DAYTON TO RETIRE SOON

Rear-Admiral Swinburne Will Then Command Pacific Fleet.

WASHINGTON, July 9.-Rear-Admira James H. Dayton, Commander-in-Chief of the Pacific fleet, according to orders isued by the Navy Department, will be resucd by the Navy Department, will be re-lieved from duty on the 31st inst, and or-dered home to await retirement on the 25th of October. Rear-Admirat William Tr. Swinburne, commanding the second squadron, succeeds him in chief com-

Admiral Swinburne will transfer from the cruiser Charleston to the cruiser West Virginia. Admiral Dayton has been in command of the Pacific fleet since Feb-

GOULD DIVORCE DROPPED

Neither Frank Nor Wife Responds

NEW YORK, July 9.—Reports that Frank J. Gould and his wife have beme reconciled were circulated yesterday after the striking from the calendar of an action entitled "Gould vs. Gould." This was said to be the action for divorce brought by Mrs.

Gould about a week ago.

When the case was reached on the calendar yesterday, there was no response from countel for either party to the action, and by order of the court it

was stricken off.

Counsel for both Mr. and Mrs. Gould, seen afterward, declined to make any statement concerning the case.

WHEAT CROP INCREASED

Western Canada Will Produce 125,-000,000 Bushels This Year.

WINNIPEG. July 9.-After a ful review of the crop situation in Western Canada, the leading rallways estimate the total wheat yield in West-ern Canada will be 125,000,000 bush-els, or an average of 20 bushels to the arre. Last year's wheat crop was 80,000,000 bushels of which 67,000,000 bushels was exported.

It is estimated that 100,000,000 bushels this season will be available for

export.

The O. R. & N. all-rati Riparia-Lewis-ton line is now completed and in daily operation. This train service includes a through Pullman car, leaving Portland at

MEET ONCE MORE

Nelson and Gans Make Match for Fight Which Shall Be to Finish.

AT ELY NEXT LABOR DAY

Dane Drives Good Battle, Getting Two-Thirds of \$30,000 Purse and Moving Picture Receipts. Both Going to Mountains.

SAN FRANCISCO, July 9.—(Special.)—
Joe Gans and Battling Nelson will have their third contest for the lightweight championship of the world once more in a contest to the finish on Labor Day at Ely, Nev., for a purse of \$30,000, offered by Tex Rickard, who engineered their first battle in Goldfield. Articles were signed last night at a conference held at the Tuxedo between the two lighters' managers and Rickard.

Willis Britt, for Battling Nelson, drove a good bargain. He had insisted at first on \$25,000, but later reduced his demand and agreed to take \$20,000 for Nelson, win, lose or draw. In addition, out of the profits of the moving pictures of the fight that are to be taken, Nelson will receive two-thirds and the Ely Club one-third, Gans relinquishing any rights in the moving pictures in consideration of the \$10,000 that will come to him.

The articles were drafted after those drawn up for the 45-round fight on the Fourth of July at the Mission-street arena. The men are to fight under straight Marquis of Queensberry rules, but with the provision that the referee is not to place his hands on either contestant. The referee is to be selected not later than August 20.

Both Gans and Nelson are talking of going into the mountains for a few days, Gans certainly will, as Selig thinks that he went stale prior to the last fight, which was the trouble with him.

PHILIPPINE INDEPENDENCE

A Practical View of the Present Sitnation in the Islands.

New York Herald. In the Filipino Assembly, according to an important special dispatch sent via the Commercial Cable by the Her-ald's correspondent in Manila, 57 mem-bers declared that the native population is ready for immediate indepen dence. Fifteen members only voted against the declaration. This shows that there are 15 sensible men in the Assembly. Their names deserve to go down to posterity as those of Filiping

patriots.

It would be difficult to imagine anything more farcical than the idea involved in the vote of the 57 Assemblymen. As Governor Smith said to the Herald's correspondent, "In the present state of affairs in the Orient independence would mean the scizure of our islands by some other power, for in no way are the people able to resist attack."

tack."

As a matter of fact not only are the Fillpinos incapable of protecting themselves against foreign aggressors, but they are not even espable of protecting themselves against native lawbreakers. This was shown very clearly in Governor Smith's remark, quoted in the Herald's special, that in the Moro equation of the special constability are required to keep order. It should not be forgotten that the Fillpino population is formed that the Filipino population is formed of a multitude of different races, each animated in a certain degree by a spirit of hostility toward the others. If the American troops were withdrawn the constabulary would be overwhelmed at once, pandemonium would enter and tribal warfare would reign until some foreign power stepped in to dominate the warring factions.

In the interest of the natives them-

selves continuance of the American regime is imperative. The Filipinos may not like that regime, but in changing it they would inevitably fall into the clutches of some less tolerant and less liberal power. It would be a case of jumping out of the frying pan into the fire. The failure of the Filipino Assembly to grasp this very simple fact is about the best possible proof of that body's incapacity. Its foolish vote in favor of independence must make the real friends of the Assembly uneasy for real friends of the Assembly uneasy fo

real friends of the Assembly uneasy for its future.

As for the United States, the line of policy to be pursued is very plain Steps should be taken to place the American administration in the Philippines in a position to deal promptly and effectively with any political agita tion that the independentists may at tempt to foment. A strong naval force with its base in the Philippines, shoul be stationed permanently in Asiatic waters. This would protect the islands not only against native anarchists, but also against ambitious foreign powers, and in combination with another naval force stationed on the Pacific Coast of the United States, it would be an addi tional safeguard against a war with

Conn., or in the strike in the strike benefits that have been held because of the strike inaugurated throughout the country in Sepembter, 1205, commonly known as the "eight-hour strike," will known as the "eight-hour strike," will be discontinued July 18, he said, on the dis known as the "eight-hour strike," will be discontinued July 18, he said, on the theory that the men who received benefits would have had ample time to secure positions either in their own or other cities, and because many of those who are drawing these benefits are men who will participate in the old-age pension which will go into effect the first of next month. to secure positions either in their own or other cities, and because many of those who are drawing these benefits are men who will participate in the old-age pension which will go into effect the first of next month.

To Ladies Only.

The wish to be beautiful is predominant in every woman, and none can say she does not care whether she is beautiful or not. Dr. T. Felix Gouraud's Oriental

by running water one may heat a house or cook a dinner. The fact that at least 50 American cities already derive their electricity wholly or in part from more or less distant water powers is the more significant when one realizes that in Italy this very recent utilization of a hitherto unusuad natural resource is becoming the cornersione of a new industrial structure and is taking its place as one of the main financial assets of the kingdom.

More than that, it indicates a notable vitality and progressiveness in a na-

More than that, it indicates a notable vitality and progressiveness in a nation that we are rather apt to think of as living entirely on its traditions of vanished glory. We need waste no sympathy on the decadence of any nation, even if we hear, little about its naval progress, that develops water powers for its manufacturers and give prizes to encourage the invention of new kinds of automobiles to increase the efficiency of its soil-tillers.

NERVOUS HEADACHES

Frequently Caused by Mental Overwork.

Can Be Cured Only by Toning up the Nervous System, the Treatment Which Restored This Young Ithaca Woman to Health. One who has not endured the suffer-

ing caused by nervous headache cannot realize the awful agony of its victims.

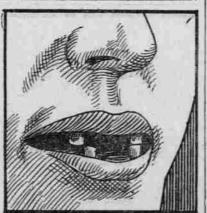

Worst of all, the ordinary treatment cannot be relied upon to cure nor even to give relief that is permanent. Some doctors will say that if a person is sub-

ject to these headaches there is nothing that will prevent their recurrence. Nervous headaches, as well as neuralgia, are caused by lack of nutritionthe nerves are starved. Feed the nerves by furnishing through the blood the elements which they require and the cause of these nervous troubles is removed. The only way to feed the nerves is through the blood and it is in this way that Dr. Williams' Pink Pills have so

complished so many remarkable cures Miss F. Mae Markell, of 103 Huestis street, Ithaca, N. Y., says: "I had neryous headaches for several years. They began when I was a student in the high school. I was a student in the fight school. I was studying hard, grew pale and thin and my friends were afraid I was going into a decline. I had no appetite, my digestion was poor and I lost in weight. The headaches came on two on three times a week and sometimes avery day. times every day. They were so severe that quite often I would have to go to bed when I came home from school. My blood was in such a bad condition that my hands were covered with a rash.

"Our family doctor benefited me for a time, but did not seem able to cure me. My grandfather told me to try Dr. Williams' Pink Pills, saying they had helped him. I found that they were helping me and took them until cured. When school opened again I was strong and able to study and have never had the headaches since.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. They are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.
