CHINOOK MAY BE SOON IN SERVICE

Recommendation of Colonel S. W. Roessler Will Probably Be Accepted.

IDLE FOR THREE YEARS

Craft Was First Brought to Mouth of Columbia in 1963-Worked for One Year-Formerly the Grant. News About Waterfront.

Shipping men, seafaring men and every body interested in the welfare of Portland as a shipping center, are enthusiastic over the second recommendation to Colonel Roessler, United States Engineers, for the placing in commission of the dredge Chinook, From semiofficial sources it has been learned that the dredge will be placed in commission as soon as the report of Colonel Roessler has been re-ceived and accepted.

The Chinook was formerly the United

States transport Grant. She was built in Ireland in 1832 and for a time operated as a packet under the British flag. When the Spanish-American War broke out she was taken over by the Government and named Grant. Early in the year 1903 she named Grant. Early in the year 1993 she was converted into a seagoing dredge at Mare Island, California. She sailed for the Columbia in November of that year and for the next 12 months did good work in the deepening of the channel. She was commanded by Captain Dunbar; and Captain Speler, now harbormaster of Portland, was first officer. In January, 1905, she was sent to San Francisco for repairs. She returned to the river in April and tied up at the Government moorings. Since that time she has never turned a Since that time she has never turned a

wheel. It has been suggested by competent marine authorities that the upper works of the Chinook be stripped off and the bulwarks cut down so that the main deck is flush. This would increase the capacity of the craft and lighten her by several hundred tons.

FINLAND FIXED FOR GRAIN

Russian Ship Will Take Wheat From Columbia River.

The Russian ship Finland has been chartered for outward loading of new crop grain from Portland for the United Kingdom or the Continent. The Finland sailed for Guayaquil from Newcastle, N. S. the Columbia River in time for November or December loading.

The Finland is a Russian ship of 1590 net tons burden. She was built in Dundee, Scotland, in 1887, by W. B. Thompson & Co., and sailed under the name of King Arthur for many years. During that time she was flying the British flag.

Committee to Fill Vacancies.

The convention was instantly in great confusion, and was brought back to order with difficulty. A large num-ber of resolutions and motions were offered and by their adoption the National committee was directed to fill any vacancies that may occur on the National ticket just nominated, and the various state central committees were empowered to fill any vacancies from their states on the National committee. A motion was passed, tendering the thanks of the convention to Thomas Taggart, retiring chairman of the committee, for his part in the work.

Positively Declines Vice-Presidency.

Passive as to Presidency.

WILMINGTON, Del., July 10.—Upon being informed of the nomination of Mr. Bryan for President this morning, Judge George Gray immediately sent the following telegram:

"Hon. William J. Bryan, Lincoln, Neb.—Accept my hearty congravilations.

"GEORGE GRAY."

Judge Gray declined to make any comment upon the action of the convention, but it was evident that it was no personal disappointment to him. While the Judge had been advocated for the Presidential nomination by his friends here and elsewhere for the past friends here and elsewhere for the past six months, he had no part in this work and all that was done in his behalf was without his sanction. There is no doubt, however, that, if the convention

had nominated him for the Presidency, he would not have declined the honor. In an interview with Judge Gray it was learned that, while repeated ef-forts have been made to induce him to accept the nomination for the Vice-Presidency, these efforts have been un-availing. He said that he had not changed his mind in regard to the matter and that he would under no cir-cumstances accept the nomination, even should it be tendered him by acaccept the nomination for the Vice

clamation.
When Judge Gray was shown the dispatch from Denver concerning his letter to the Delaware delegation re-garding the Vice-Presidential nomination, he said:
"I wrote a letter July 1, addressed to

Josiah Marvel, as follows: "Under no conceivable circumstances would I accept the nomination for the Vice-Presidency. Please made this understood by all members of our delegation and especially by Mr. Handy, who can voice it if needs be in the Convention.

"I now repeat, with added emphasis, if possible, what I then said." KERN IS PLEASING TO BRYAN

Running-Mates Personal Friends for Many Years.

FAIRVIEW, LINCOLN, Neb., July 10. -When he received the news of the nomination of J. W. Kern for Vice-President, Mr. Bryan said his views on the nomination could best be expressed in the telegram which he sent to Mr. Kern. He is not only pleased with the hern. He is not only pleased with the nomination, but pleased that it would meet with such unanimity. There were a number of persons whom he counted as available, and Kern was always included in this list. Mr. Kern and Mr. Bryan have been political and personal friends for many years. The following is the telegram.

"Hon. John W. Kern. Denver. Colo.:
Accept my warmest congratulations.
Your nomination gratifies me very
much. We have a splendid platform much. We have a splendid platform and I am glad to have a running mate in such complete harmony with the platform. Stop off and see us on your way East. WILLIAM J. BRYAN."
