

WHEAT TRADE LIGHT Little Business Yet in the New Crop.

Trading in old crop wheat is on a small scale in the local market. On the basis of foreign prices exporters are quoting club at 84c and bluestem at 86c. If they wanted to buy any wheat, however, it is probable they could get any at these figures. In fact, a small sale of club was recently made as high as 89 cents.

OLD WHEAT IS SLUGGISH For Club, December Delivery, 83 Cents Is Bid at the Board of Trade—California's Probable Yield and Requirements.

Interest centers in the market for the new crop, very little business has been done so far. The purchase of a small lot of bluestem in the country on the basis of 84 cents was announced yesterday. At the Board of Trade, 83 cents was bid for club December delivery.

Advices received from a California authority are that that state will produce 200,000 tons of wheat this year and will want 500,000 tons. The California barley crop is estimated at 450,000 tons and the requirements 500,000 tons, while oats will yield 25,000 tons and 35,000 tons will be needed.

The Eastern and foreign speculative markets were strong yesterday. At Chicago September wheat closed 1 1/4 cents above Saturday's figure and December wheat gained 2 cents. Liverpool wheat options were 1 penny higher and cargoes advanced 1/2 pence. The weekly statistics were bullish, quantities on passage decreasing 2,800,000 bushels from last week and 6,000,000 bushels from last year and shipments, though 545,000 bushels more than last week, were 2,200,000 bushels less than at the corresponding date a year ago.

At yesterday's session of the Portland Board of Trade the center of interest was December wheat, and prices were bid up from 80 to 83 cents, September wheat nominal at 80 cents. From \$1.12 1/2 to \$1.15 was offered for September oats. December oats at \$1.20 were 5 cents higher than Saturday. September barley was quoted lower, at \$1.00 and December at \$1.08. These prices are understood as f. o. b. storage paid. Track prices are 1 1/2 cents lower.

CHEESE IS FIRM AT THE ADVANCE Local Stocks Are Light and Nothing is Coming From Tillamook.

The cheese market, as was announced Saturday, went to a 14-cent basis yesterday. The market was firm at the advance with local stocks light. Nothing is coming out of Tillamook, and San Francisco and the Sound are drawing on that source for supply.

Eggs continued firm, with fresh No. 1 stock bid at 23 1/2 cents. Poultry receipts were nominal, and the indications are for a good steady demand for chickens this week.
