## Specifications for Two Stern-Wheel Craft Given Out by Open River Company.

SERVICE ABOVE CELILO Bids Will Be Received Today and the Contracts Will Be Awarded for Delivery at Celilo-Bollers Have Been Ordered.

Specifications for the construction of two hulls for stern-wheel steamers have been placed with the various ship-building concerns in Portland. The boats are for the Open River Transportation Com-pany, and bids will be received and opened today. The craft will each be 150 feet in length and 31 feet beam. It is the inten-tion of the Open River Company to place tion of the Open River Company to place two more steamers in operation on the Upper Columbia, and the funds for the construction of the craft are available. The specifications call for the delivery of the beats at Cellio and hidders can either send them, kneck-down fashion, or build them at the designated place. Contracts for the construction of the bollers have been let, and by the time-the hulls are complete the bollers will be ready for installation. Specifications on machinery are ready and bids for the construction of the engines will be asked for shortly. for shortly

At present the Open River Company has only one beat on the Upper Columbia, the Relief. She is tied up at Cellio, but will soon be placed in commission. The new wheat crop will be moving and then the Relief will have more than she can pos-ably handle. During the early part of the season the Relief will not go farther up than Arlington.

### Captain Bolles Visits Portland.

Captain Frederick Bolles, Inspector of Hulls at San Francisco, is in Portland spending a short vacation. Captain Bolles will romain in the city for several days. He is one of the best known navigators in Pacific waters. He was for many years master of the old steamship Colum-bia, which was lost in July of last year. Captain Bolles brought the Columbia out from Chester and left command of that craft to enter the Government service.

### San Pedro Marine Notes.

SAN PEDRO, July 15 .- The steamer W. Elder, Captain Jessen, arrived from Portland via Eureka and San Fran-claco with 900 tons of miscellaneous cargo and passengers. The steamer Tamalpais, Captain An-

derson, cleared today for Gravs Harbor The steamer Nan Smith, Captain Nel-son, arrived this afternoon from Coos Bay carrying the large cargo of 1,575,000 feet of lumber.

### Pilots on Annual Survey.

Columbia River pilots will begin taking annual soundings August 1. Captain the annual soundings August 1. Captain Harry Emken has made application to Major McIndoe for the use of a Govern-ment tug, as is customary, and atrange-ments are being made for the annual sur-vey of the Willamette and Columbia Riv-ers between Portland and Astoria. It is thought that the trip will occupy 10 days as the pilots intend to sound all tributary sloupes.

### Eva Will Finish at Portland.

The German steamship Eva, which is The Oscillard steamant Exta which is now loading flour at Tacoma for the Crient, has been ordered to proceed to Portland to complete her cargo. The Eva will probably leave the Sound port this week and will be in the Portland harbor by the middle of next week. The Eva will take a large shipment from Portland and will be of great assistance in swell-ing the extract formers for 100.

find nothing in the 16th plank of the platform of 1872 which is inconsistent with good Republican doctrine. Yours very truly. WADE ELLIS.' "In my opinion, Mr. Ellis has told the truth, and, there is nothing inconsistent in this plank with good Republican doc-truck, but if that is true, the time has come for the anti-saloon vote in the Re-publican party to cease ralifying that kind of Republican doctrine. Bepecially is this true when we remember the re-lation of Mr. Taft to the prohibition is-sue, his friendliness and co-operation with the great brewer boss politician of Charlenati, familiarly known everywhere as Boss' Cox.

Republican party since 1872 the well es-tablished views of Abraham Lincoln on this question. I hold in my hands abso-lute proof that Lincoln was in favor of the prohibition of the liquor traffic. On "Gordon Falls is one of the best sites I ever saw for the purpose. The dam site is ideal for a construction of that kind. Thirty-one hundred feet back from the top of the cliff Gordon Creek runs through a narrow gorge not more than 20 feet wide. By building a rubble and concrete dam 40 feet high, water enough to supply all the needs of Gordon Falls City in the matter of power and lights can easily be stored. The plan is to store half of the night flow for use dur-ing the day. The proximity of the waterpower to the mills will do away January 29, 1853, Mr. Lincoln in company with 38 other citizens of Springfield, lis-tened to a radical prohibition sermon and afterward in writing requested its publi-

Mr. Patton held the attention of the addience throughout his speech and at times moved his hearers to great en-thusiasm. As he proceeded, he was cheered again and again.

cheered again and again. "Take off your coat and hit him again," cried voices from the delegates and these, were interspersed with "amena." The speaker took off his coat. Mr. Patton suid that in the last 15 years Mr. Bryan "has championed every-thing loose under the sun in the way of a political issue except the prohibition question." This statement was greeted with a chorus of "shame, shame" from the audience.

the audience, The decided impression made by the from the river at the foot of the cliffs. The power plant and mills will undoubt-edly be located near the river." speech of Chairman Patton resulted in an almost immediate movement to make him the Presidential nominee. ### WILL NOT OPPOSE BEER 3,35 Temperance Meeting to Be Held at

Salem Along Original Lines.

1,900 A temperance meeting along original

lines will be held at the Opera-House in Salem Saturday night. The movement has been initiated by business men of that city, and it is said that many of the leading Prohibitionists of Marion Coun-

ty give it their indorsement.

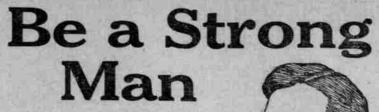

It is the idea of the promoters of the meeting, while agitating against the liq-uor traffic, to draw a line between dis-tilled and fermented liquors. The pur-pose is to discriminate between the two,

pose is to discriminate between the two, so that in future local option or prohi-bition elections, the voters can keep whisky out of their precincts and at the same time permit the sale of beer. Sa-lem is in the center of the Oregon hop country and much of its business de-pends on the wolfare of the hop indus-try, which is threatened by the present Prohibition wave. Another subject that will be brought un at the Salem meeting will be the de-

Another subject that will be brought up at the Salem meeting will be the de-mand for state inspectors of beer, wines and liquors, whose duties will be to en-force the provisions of the pure-food law. An anti-treating resolution has been prepared and will be introduced at the meeting. It is probable that a state association

It is probable that a state association will be formed to further these objects.

Rush to Europe Growing. NEW YORK, July 15 .- The rush of At-

To be strong and manly is the aim of every strong man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young follows that nature intended them to be, they find themselves weak, stunted and despondent—no ambi-tion to do anything. They struggle aimleasily slong, sooner or later to become vicitims of that dread disease, nervous debility: their finer sensibilities blunted and their nerves shattered.

## I Cure Men's Diseases

Cases

A bs o lucely painless treatment that cures completely in one week. Investigate my method. It is the only thoroughly scientific treat-ment for this disease being em-ployed.

FREE

My colored charts, showing the male anatomy and affording an in-toresting study in men's diseases, will be given free upon applica-tion. In all my work I am thor-ough, painstaking, and careful to give just the right treatment re-

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private ailments. The Leading Specialist, and have been interested in noting the marked general improvement that follows a thorough cure of the chief dis-order. My success in curing difficult cases of long standing has made to several things. It is due to the study I have given my speciality, to original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition, who wish to avoid the serious results that may follow neglect. I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage. I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

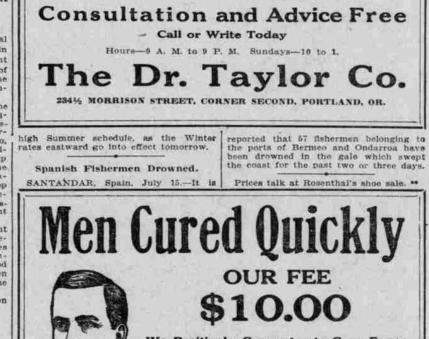

quired in each individual case. For 25 years I have been proving my ability, and my business methods have always been strictly reliable. My unqualified success is due to a thorough medical education, sup-plemented by years of experience in men's special diseases only. My treatment is as correct as modern science can make it. Others may offer inducements, such as cheap treatment or quick treatment, but my foremost claim is for thor-oughness, which in the long run-IN EVERY CASE - means the ckeapest and the best. In Uncomplicated My Fee Is Only

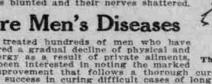

### CONTRACTED DISORDERS.

YOU PAY WHEN CURED CONTRACTED DISORDERS. You can depend upon a quick and thorough cure by my freat-ment. A quick cure is desirable, because a slow cure is apt to be no cure at all, and a chronic de-velopment will come later. I cure you beyond the possibility of a relapse, and in half the usual time required. SPECIFIC BLOOD POISON. No dangerous minerals to drive the virus to the interior, but harm-less, blood-cleansing remedies that remove the last poisonous taint. VARICOCELE.

### REFLEX AILMENTS.

**REFLEX AILMENTS.** Often the condition appearing to be the chief disorder is only a re-flex aliment resulting from some oth er disease. Weakness some-times comes from varicocele or stricture: skin and bone diseases result from blood poison taint, and physical and mental decline follow long-standing functional disorder. My long experience in treating men enables me to determine the exact conditions that exist and in treat accordingly, thus removing every damaging cause and its ef-fects.

### PATTON'S SPEECH MAY WIN

Continued from First Page.)

Patton's Great Speech. Mr. Patton read the personal liberty plank of the Republican platform, 1874, "reaffirming our adherence to every Re-publican doctrine proclaimed since the Wiss Barnett was a graduate of the Uni-versity of California, her class being 1992 She was 28 years of age and leaves a mother, brother and mater reading at Berkeley. Since her graduation from the University she has been head of the drawing department of the Berkeley High School Flour Mill for Baker BARTER

"I believe this was done intentionally to satisfy the liquor people, who have been satisfied ever since its adoption. In order to make sure of that matter, I wrote the author of that platform, Wade Ellis, of this city, Attorney-General of Ohto, and the gentleman who met in con-ference President Roosevelt and Mr. Taft, and was directed to prepare the draft of the platform. On June 22, I received the following reply to my latter from Mr. Ellis: "I have your letter of June 22, and

making woolens of the very best equal-

making woolens of the very best equal-ity," said Charles Coopey, one of the promoters of the new entorprise. "We have the moist climate and the soft water, which are so necessary for that purpose. We are on the direct line of the wool centers of Eastern Oregon, with river and rall transportation, and near one of the most important commercial centers on the Pacific Const. There is fuel in abundance and all the stone that is required in the construction of the various plants is to be found on the premises. The railroad company has given us terminal rates and promises us sidetracks and will assist us in every given us terminal rates and promises us sidetracks and will assist us in every way possible. The Pendleton Woolen Mill, which we have acquired and which will be removed to Gordon Fails City, will be increased to three sets. The ma-chinery to be installed will be of the most improved type. "The climate of Oregon is most favor-shie to the manufacture of fine textiles. From my long experience in this line I

VISALIA, July 15.—Mias Grace Barnett, of Berkeley, was instantly killed Monday by a fail from a cliff on the edge of Big Arroyo Canyon, about a mile from the camp of the Sierra Club in Kern Biver Canyon. A party from the club had climbed

A party from the club had climbed Keweheah Peak and descended near Lake Moraine. Miss Barnett and her compan-ion, Edward Hohfeld, both daring and active mountain climbers, determined to make their way back to the camp through From my long experience in this line I am ready to say that woolens can be made here equal in every respect to those of Western England. The molsture here permits the yarn to be spun to any fineness desired; whereas, in a great many of the Eastern states the at-mosphere is so charged with electricity that the yarn cannot be spun into wool-ens of the finer weave." a rough and precipitous gorge considered almost impassable, the rest of the party being content to take a safe and easy adventurous pair had almost

English Prince in Collision.

The adventurous pair had almost reached the end of their hazardous climb when Miss Barnett lost her footing, and dragging Mr. Hohfeld, who was assisting her, with her, plunged over the edge of the cliff and fell headlong to the bottom. PORTSMOUTH, July 15.—A barge came into collision with the warship Indomitable in Portsmouth harber to-day, shortly after the Prince of Wales boarded the Indomitable to leave for instant death resulting from the awful fail. Mr. Hohfeld's fail was arrested by vari-out obstructions and, while he was badly shaken and terribly shocked at the fatal ending of the pleasure trip, was able to make his way to the main camp with

### Seeking Philippine Trade.

lantic travel castward still continues to be almost up to the average of other years. Steamship agents assert that the season was later than usual this year. BERLIN, July 16.-F. Theodore Rogers, of the Education Bureau of the Philip-pines, who is on his way to Hamburg, Amsterdam and Paris, has aroused interbut that it has made amends for the falling off in the earlier stages, and prom-ises to continue later than usual. The three lines leaving today with full cabins has arranged est in Philippine trade at Copenhagen with Herr Anderson, agent for Europe are the last to sail on the

MAKES ASTING CURE

There are certain mineral medicines which will remove the external symptoms of Contagious Blood Poison, and shut the disease up in the system for awhile, but when the treatment is left off the disease will surely return. Then the loathsome symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc., are usually worse because the disease has made rapid progress on the internal members, and weakened the constitution and general health of the sufferer. S. S. S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. This medicine, made entirely of roots and herbs of recognized curative and tonic value, antidotes and destroys the powerful virus of the disease, and by purifying the blood of every particle of the poison and enriching and strengthening the circulation, removes every symptom of the trouble. S. S. S. does not hide or cover up the disease in any way, but drives it entirely out from the blood, leaving not the slightest trace for future outbreaks. Home treatment book with valuable information and future outbreaks. any medical advice desired sent free to all who write,

THE SWIFT SPECIFIC CO., ATLANTA, GA.

There is no need of anyone suffering long with this disease, for to effect a quick cure it is only necessary to take a few doses of

# **Chamberlain's Colic, Cholera** and Diarrhoea Remedy

In fact, in most cases one dose is sufficient. It never fails and can be relied upon in the most severe and dangerous cases. It is equally valuable for children and is the means of saving the lives of many children each year. In the world's history no medicine has ever met with greater success. Price 25 cents. Large size 50 cents.

Should learn—and the sooner the better—that what may seem a trivial disease very often has most serious and far-reaching effects. The man who tries to be his own doctor is always the patient that later comes to the specialist with the chronic, stubborn, deep-seated cases which is the hardest kind to cure. The guickest, the safest and cheapest cure is had by consulting an expert specialist in Men's Diseases at once, the intelligent man will readily be convinced of the value of this advice upon investigation.

WE CURE QUICKLY, SAFELY AND THOROUGHLY, WEAKNESS OF MEN, VARICOCELE, HYDROCELE, NERVOUS DEBILITY, BLOOD AND SKIN DISEASES, SORES, ULCERS, SWOLLEN GLANDS, KIDNEY, BLADDER AND RECTAL DISEASES, PROSTATE GLAND DISORDERS AND ALL CONTRACTED SPECIAL DISEASES OF MEN.

CONSULTATION CONFIDENTIAL AND INVITED—A personal thor-ough and searching examination is desired, though, if inconvenient to call, write us a full description of your trouble. Our office hours are from 9 A. M. to 8:30 P. M. excepting Sunday from 9 to 12. Address or call on the
