

AUTO UPSETS; MAN DEAD, WOMAN HURT

Party of Baker City People Meet With Accident Near Unity Station.

MACHINE HITS CULVERT

Overturns and Pins Victims Underneath, Killing J. Muller and Badly Injuring His Wife, Who May Not Recover.

BAKER CITY, Or., July 17.—(Special.)—This city was startled tonight by the tragic death of J. Muller, and the serious injury of his wife, which occurred in an automobile accident this evening at the little station of Unity, on the O. R. & N., between Baker City and Huntington.

Mr. Muller's wife and Harry Bigman started for Boise from this city about 3 o'clock this afternoon. At 5 o'clock they were coasting down a mountainside. Having reached the bottom, Mr. Bigman was in the act of connecting the spark when the machine struck a culvert and was overturned.

Neck Broken by Machine. Mr. Bigman was thrown clear of the machine, but Mr. Muller was pinned to the earth, the step breaking his neck.

Mr. Muller was also caught beneath the machine and suffered a broken arm, broken shoulder and internal injuries. Mrs. Muller and Mr. Bigman were brought in on passenger train No. 5, and automobiles from Baker City were sent after the body of Mr. Muller.

Aeronaut Perhaps Fatally Hurt. This seems to be an ill-fated Friday for Baker City. Following the tragic death of J. Muller, the people of the city received a second shock when Professor Hicks of Chicago, who was giving a balloon ascension, was caught in the ropes and thrown to the ground, just as his balloon was rising, with such force that he became unconscious and was immediately taken to St. Elizabeth's hospital, where he is reported to be dying.

As the professor struck the ropes, a pale was loosened from the guys holding it and struck two Chinamen, who are suffering from severe injuries.

NO FREE PASSES TO CITY

Aberdeen Officials Compelled to Pay Toll to Cross Chehalis River.

ABERDEEN, Wash., July 17.—(Special.)—The old Morrison-street bridge that served the people of Portland for many years and which was purchased by A. J. West and reconstructed over the Chehalis River, where it is now serving as a toll bridge, is causing a commotion among the Councilmen.

A year ago the steamer Norwood collided with a span of the structure and it went into the river. The bridge is still pending for damages. The Council, when it granted the franchise to Mr. West, failed to insert a clause giving free passage to the bridge to city officials, and Mr. West will not recognize them and they must pay toll.

The Mayor and Council are up in arms and threaten to build another bridge or make a traffic arrangement with the Union Pacific Company when it builds its proposed bridge across the same river. Mr. West, however, will stick to his determination to refuse transportation, knowing that the city is unable to build a bridge at the present time and the time when the Union Pacific will start is extremely remote.
