SURVET NEW TROLLET LINE.-W. G. Kern, a property-owner on Abernsthy Creek, Ciackamas County, made a trip up there Saturday to investigate the report that a survey for an electric line was being made up this creek toward Abernethy and the Marquam country. While Mr. Kern was able to confirm the report he could not learn the identity of the promoters. He found about 15 men at work on the rights of way, most of which, says Mr. Kern, had been secured. Some difficulties had been encountered in securing rights Kern, had been secured. Some difficulties had been encountered in securing rights of way. Mr. Kern says that the new line evidently is aiming for the Marquam country and to Silverton. There is talk also that it may be aiming to tap the cement deposits on the Molalla River, which attracted considerable attention several years ago. As a result of his in-vestigations Mr. Kern expresses the opinion an electric line will be built up Abernethy Creek if not to open and develop these deposits, to meet a growing demand for cement, then to tap the rich district in the vicinity of Marquam. DENIES ADLER IS ANARCHIST.-Adolph Adler, a supposed anarchist, held in the County Jail for attempting to extort \$400 from Sig Sichel, a well-known merchant, received a letter from Austria yesterday which was at first held up by the jailer. Whether any danger lurked about the mysterious-looking missive could not at first sight be determined. Jailer Hunter was in a worse predicament when the lotter was opened, for it was written in that this scene and the duel score from "Romeo and Juliet" are given to the imaginary audience, represented by scenery except for the heroine, Adm In-got, and her aunt, who occupy a box long enough for the former to fall in love with Brook, the actor, played by was in a worse predicament when the latter was opened, for it was written in German. Hamilton, former football player and athlete, who was caught early last Turesday morning just after he had robbed a Mor-rison-street jeweirr store by breaking the plate glass window, after he had made away with the plunder from several other places, is still held at the County Jall. An insanity complaint was recently sworn out against him by John F. He still insists that he is same, and that he was in his right mind when he robbed the store, but can give no reason for his action. He was visited by relatives yester-day afternoon, who brought with them some delicacles of his espe-cial liking.
