NO commission charged for selling your real estate; no advance in price asked. This way of selling property is a great success. Do not listen to knockers, who are not enterprising enough to adopt this plan, but interview my customers who have taken advantage of this offer. Results are convincing. Step in and I will be pleased to explain this fairest of all propositions. You will be pleased with the simplicity of it and save yourself money. There is a customer waiting and ready to buy every piece of property that is for sale if the price is right, and the price can never be right if you have to add on a big agent's commission. List with me and you do not have to do that. Try me once; it is a winner
