PHONE LINE TO OAK GROVE

LOCAL PARTIES ORGANIZE TO PUT IN SYSTEM.

Free Connection With Portland Over Pacific States Wires—Construction to Begin at Once.

OREGON CITY, Or., July 23.—(Special.)—An important telephone deal has just been completed in the organization of the Oak Grove Telephone Company, with a capital stock of \$4000, divided into 400 shares at \$10 per share. The majority of the stock has been subscribed and organization was perfected Tuesday night at the first meeting of the stockholders. Judge Dimick, of this city, is taking care of the legal end of the new corporation. It is proposed to establish an exchange at Oak Grove, with trunk lines to Portland and free connection with the metropolis. The new company has entered into an arrangement with the Pacific Telephone & Telegraph Company, through George Hall, its Clackamas County manager, under which the system will be operated on the same basis as St. John, Montavilla and the Sellwood lines into Portland.

Willamette River; east two miles; thence south to the intersection of a line drawn east and west to Meldrum's Station; thence west to the Willamette River; thence following the course of the river to the point of beginning.

The new system will be in operation inside of two months, with at least 50 phones. Cedar poles were distributed yesterday and there will be no delay in commencing the work. The equipment will be standard throughout and the central energy plant will obviate the ringing of a bell to call the central operator. It is probable that a five-cent rate between Oregon City and Oak Grove will be maintained.

HIGH SCHOOL MORALS BAD

PUPILS NEED CHRISTIAN INFLUENCE, SAYS I. B. RHODES.

Lectures at Bible School on Evil Effects of Attempts to "Ape" University Students.

ALBANY, Or., July 23.—(Special.)—That the High School offers the chief problem to those engaged in Christian work regarding boys, was the thought advanced in the Summer Bible school here today by I. B. Rhodes, of Portland, secretary of the Oregon-Idaho Interstate Y. M. C. A. He pictured startling conditions from the viewpoint of a Christian worker in the present-day High Schools, and said the boys in the High School need Christian influence more than any others. That the present conditions are due in large measure to the fact that High Schools try to "ape" university students, was the opinion of Secretary Rhodes. High School fraternities received a denunciation at the hands of the speaker. Commencement festivities, continuing a whole week, with Junior Prom, Senior dancing party, etc. were also listed as having a demoralizing effect. Unclean athletics, with attendant immorality, were also mentioned by the speaker as a condition to be reformed. With a motto of "anything to win" the students take dishonest methods, he

said, and are brought in touch with undesirable influences. He said investigations had revealed immoral conditions existing in many High Schools that were startling.

There were a number of important meetings at the Bible School today besides all of the regular daily conferences in the school courses. Rev. A. J. Folsom, of Forest Grove, superintendent of the Home Mission work of the Congregational Church of Oregon, led an interesting conference this afternoon on "Waste in Church Work Because of Lack of Interdenominational Agreement." The address in the auditorium this afternoon was delivered by Rev. Dr. W. S. Holt, of Portland, on "Church Finances."

Meets Hobson in Debate.

MARSHALLTOWN, Ia., July 23.—

TEA If weary, tea is rest; good tea. If wakeful, sleep. If dull, animation. If silent, talk. Your grocer returns your money if you don't like the Schilling's Best, we pay him.

Congressman Richmond P. Hobson, of Alabama and Dr. Samuel Parkes Cadman, of Brooklyn, N. Y., here today engaged in a joint debate on the necessity of a greater navy and the Japanese war situation.
