NO GRAFT IS FOUND

Montana Governor's Decision on Land Frauds.

BOARD ACTED HONESTLY

Judgment Reserved Whether Price High Enough and Whether Purchasers Were Dummies—Digs to Bottom for Facts.

KALISPELL, Mont., July 27.—The hearing before Governor E. L. Norris into alleged irregularities in sales of state land in Flathead County lasted five days and concluded tonight. Many witnesses were examined and the matter took a wide range. Governor Norris announced he would go to the bottom of the matter, and allowed the widest latitude in the examination of the witnesses.

At the conclusion of the hearing today, Mr. Norris announced that he would hold under consideration the question of whether sufficient price had been received for state land, and whether the lists of purchasers filed by lumber companies were of dummy entrymen, and, if so, what legal effect it might have.

Land Board Is Guiltless.

In regard to the question of any moral guilt the Governor made the following special findings:

"I find that there is no evidence or reasonable ground to suspect that any improper consideration of any kind or character has been paid to or received by the State Board of Land Commissioners, or any member thereof, or any officer or person connected with the State Land Department, and the evidence is clear and explicit that there has been no graft or improper conduct.

"From the evidence at this hearing I am satisfied that the State Land Board acted from honest motives in making the three sales in question, and according to the information then at hand which was by the board honestly believed to be sufficient to warrant their action."

Officials Who Are Cleared.

The case excited much interest in the state on account of the prominence of the members of the board, consisting of ex-Governor Toole, Attorney-General Galen, Secretary of State Yoder and State Superintendent Harmon.

DENIES BREAD TO STEPSON

W. D. Claggett Charges Trespass, but Court Dismisses Case.

SALEM, Or., July 27.—(Special.)—What is considered one of the most unique cases ever brought to trial in the courts of Oregon was heard this afternoon by Recorder Moores in the action of W. D. Claggett, charging his stepson with trespassing and consuming too much bread and butter at the family home.

Claggett several months ago had a notice filed on his stepson, Robert McFarland, warning the latter to keep away from his premises. In testifying today, Claggett declared that Robert practically "lived off him," but his stepson's testimony and that of his mother was much different.

McFarland stated on the stand that the nearest thing to a square meal he ever got at the home of his stepfather was a piece of bread and butter now and then. He admitted continuing to call upon his mother after being warned to keep away and he was upheld in this point by the court, who dismissed the case.

Claggett has had considerable experience in the matrimonial field, having been married four times. He owns several farms and city property, and is wealthy.

COUNT STATE FOR BRYAN

Washington Democrats to Place State Ticket in Field.

TACOMA, Wash., July 27.—(Special.)—Two hundred representative Democrats from 27 counties met here today with the state central committee. All were very enthusiastic over carrying the state for Bryan, and a full state and county ticket will be placed in the field.

There was a long discussion over the question of finances and each Democrat in the state will be asked to contribute one dollar. All counties are urged to place a full ticket in the field on or before August 5. A general ratification meeting will be held in Spokane August 8.

W. J. Byham, of Vancouver, was elected elector, vice Tom Vance, of Olympia, and Dr. N. K. Mead, of Port Angeles, was named elector in place of Mr. Fitzhenry, who is ineligible. Jack Splawn, of North Yakima, consented to file his candidacy for the Governorship, and Blackman, of Seattle, will also file. John Pattison, of Colfax, has already filed his candidacy.

OREGON CITY, Or., July 27.—(Special.)—J. B. and T. B. Fairclough, who are heavily interested in the properties of the Ogle Mountain Mining Company, left this morning for the mines, accompanied by three Portland men. SHOT BY ONE-ARM MAN

ROL SIBERT KILLED NEAR REPUBLIC BY C. PHILLIPS.

Desperado Escapes, Followed by Posse, Who Are Reported to Have Surrounded Fugitive.

SPOKANE, Wash., July 27.—(Special.)—Charles Phillips, a one-armed half-breed, shot and killed Rol Sibert, of West Fork, Saturday at Republic, as the result of an altercation at Republic on the Fourth of July, when Sibert is said to have twice knocked Phillips down.

About 11 years ago Phillips killed a policeman in Seattle, secreted himself under a vacant building and had an arm shot off when he was dislodged from the hiding place. For that crime Phillips served time in the Walla Penitentiary. He became an expert horseman, gunman and a terror to the neighborhood where he afterward lived with his father on Bonaparte Creek, a few miles west of the Ferry County line in Okanogan County.

Yesterday, while Sibert was driving along the west fork of the San Poil River, accompanied by Jack Cobey, Cobey's squaw and Jack Hartley, Phillips appeared on horseback, told Sibert he wished to settle old scores with him, when Sibert picked up his Winchester and jumped to the ground. Phillips rode around the wagon and fired, the shot striking Sibert in the small of the back.

Ferry County Commissioners have offered $250 reward for the capture of the desperado. It was reported this afternoon that Phillips was surrounded by a posse of officers in a swamp. Sheriff's offices in the vicinity have been notified.

WAITER, TITLED FOREIGNER

Death of Edward Turner Reveals Relationship With Rich Family.

TACOMA, Wash., July 27.—(Special.)—Examination of the effects left by Edward Turner, ex-treasurer of the Cooks' and Waiters' Union of Tacoma, who was found dead in a room at the Oakland Hotel, July 20, today developed the fact that Turner has been living incognito for 20 years and that his real name was Edgar von Muenchausen, and that he was a member of one of Germany's oldest and wealthiest families, holding a title himself.

Examination of his accounts brought out the charge that he had appropriated $1595 belonging to the union, and that he had exhausted his own resources. Gambling in wheat is said to have caused Turner's downfall.

Editor Announces Candidacy.

NORTH YAKIMA, Wash., July 27.—(Special.)—Dr. Granville Lowther, a prominent prohibitionist, this afternoon filed his declaration of candidacy for the office of State Representative. LUMBER OUTLOOK BRIGHT

Market Conditions Showing Improvement in South.

ABERDEEN, Wash., July 27.—(Special.)—The lumber market shows signs of improvement, and there is prospect of stiffening of prices at San Francisco. Stocks are much broken and depleted.

This is the opinion of C. C. Quackenbush, who went to San Francisco recently with Al Coats, of the American Mill Company, to investigate conditions.

"We found," said Mr. Quackenbush this morning, "a much better feeling than was anticipated, and we look for a change for the better right away. While there is no big prospect, the signs are really encouraging, and that is something to consider."

HARVEST WELL UNDER WAY

Wheat Crop in Willamette Valley Will Be Bumper Yield.

SALEM, Or., July 27.—(Special.)—The grain harvest is in full swing throughout the Willamette Valley and it is expected that by Saturday night the majority of the acreage will be in shock.

Men in position to know state that the crop will be the largest in several years. The early Spring rains gave the Fall grain a long growing season and the subsequent warm weather has matured the crop in excellent shape. The season has been ideal and the crop will be a bumper one.

ALASKA PACK INCREASING

Reports From Bristol Bay Show Lead Over That of Last Year.

ASTORIA, Or., July 27.—(Special.)—Letters were received today by the Alaska Fishermen's Package Company from their salmon cannery on Nushagak River, Bristol Bay, Alaska, stating that on July 2 the pack was 30 per cent ahead of that on the corresponding date of last season and the prospects were good for a most successful season.

Great Oaks Attractions.

Two great attractions at The Oaks this week are especially drawing the crowds towards the delightful pleasure park. The big day feature is the Bimm, Boom Brr-rr Trio at 3 o'clock and at night the Allen-Curtis Company at the Airdome in "A Runaway Honeymoon."

At the Grand.

The only vaudeville entertainment in the city is at the Grand, and this week's programme is a collection of clever specialties. "The Elopement," a pantomime from the music halls of England, has the place of honor. Gardner and Stoddard are two well-known vaudeville entertainers and "The Rounder" is a strange little vaudeville playlet.

GERMANY IN DUMPS

Depressed by Unseen Dangers of Foreign Situation.

GLOOM IS WIDESPREAD

Newspapers Comment Sadly on Macedonian Situation — See Trouble in Austria's Ambition to Reach Sea.

BERLIN, July 18.—(Special.)—The mood which prevails in Germany is such that comparatively small causes bring forth comparatively big effects. For example, the Bourse was recently depressed in consequence of announcements that M. Delcasse had been received by King Edward, and that Russia had called upon Turkey to withdraw her troops from Persian territory. The organ of the Agrarians, a paper which Prince Bulow not so long ago went out of his way to praise for the sobriety of its judgment, commences a leader headed "The Gravity of the Situation," with the following words:

"In the entire German Nation prevails a clear and definite feeling that the foreign situation of the German Empire is at present surrounded with difficulties and dangers. This feeling finds its complete justification in actual conditions. It is today uncertain whether the Macedonian question will not bring us more perilous complications than did Morocco, where the horizon is still far from free from clouds. At any rate, it will acquire all the circumspection, as well as all the determination of which German diplomacy is capable, if the German imperial ship is to be steered through the reefs without serious menace to our prestige or the peace of the world."

The danger in the Macedonian situation lies in the fact that Austria is secretly endeavoring to negotiate a treaty with Turkey which will give her practical control of the two provinces of Salonica and Kossova. The only solution of this problem would be, according to a diplomat, a joint European declaration laying down the principle of the "open door" for Macedonia.

NORTHWEST LEAGUE.

Spokane 3, Butte 2.

SPOKANE, Wash., July 27.—(Special.)—The crafty wielding of Bobby James' bat won for Spokane today, chasing the Butte miners home with the short end of a 3-to-2 score. James walloped the ball in the first inning with Hulen camped on third, to the center fence, stretched the hit into a home run, and then repeated the performance in the last of the ninth, bringing in the winning run. Harkness, heretofore invincible, was batted all over the lot, but received excellent support. The tribe accepted 57 fielding chances without a miss. It was an errorless, hard-fought, hard-hitting game. Bert Dunn, utility man for the Indians, pitched his game well, keeping the Miners' eight hits well scattered. From the first inning it was a pitchers' battle.

Hall and his orphaned children left tonight for Seattle. Sam Davidson, third baseman, and Dudley were released by the Butte manager.

Chang's Trial Postponed.

SAN FRANCISCO, July 27.—The trial of In Whan Chang for the murder of Durham White Stevens, adviser to the Corean government, was today postponed to August 17. Chang appeared in court this morning, and after a long conference in chambers between his attorneys and Judge Carroll Cook the postponement of the case was agreed upon, and later announced in open court.

It is understood that Chang's attorneys will make a plea of patriotic insanity for their client, who appears to be in a state of complete bewilderment and unable to understand the predicament in which he now finds himself.

Two Men Hurt at Tillamook.

TILLAMOOK, Or., July 27.—(Special.)—Two men were badly injured in an accident at the Nehalem Company's sawmill. One of the victims is W. Wheeler, brother of E. H. Wheeler, one of the mill proprietors.

If every woman would realize the danger of allowing the blood to become thin and poor, would understand that a majority of common diseases are caused by an anæmic (or bloodless) condition, that persistent pallor means that the blood is not furnishing the organs of the body with the required amount of nourishment, there would be an awakened interest in the tonic treatment with Dr. Williams' Pink Pills.

Thin blood means starved nerves, weakened digestion, functional disorders, headaches, possibly neuralgia, sciatica and even partial paralysis

Duffy's Pure Malt Whiskey

It kills the disease germs, invigorates and strengthens every organ and part of the human body.
