AFFAIRS OF KAISER

Chief Topic at Russo-French Conference at Reval.

CZAR FEASTS FALLIERES

French President Then Returns Compliment—Morocco and Persia Will Be Left to Settle Own Troubles Without Meddling.

REVAL, July 28.—President Fallieres of France and the members of his suite, who arrived here yesterday to visit the Emperor of Russia, were the guests of his majesty at luncheon today on board the imperial yacht Standard. The Emperor greeted the President with great cordiality. The simplicity and frankness of M. Fallieres evidently have made a deep impression on the Emperor.

M. Pinchro, the French Foreign Minister, and Mr. Iwolsky, the Russian Minister of Foreign Affairs, had a long conference this afternoon. The principal subject discussed was the general European situation, particularly the position of Germany.

The irritation of Germany and the recent developments in European politics have caused anxiety in Western Europe. With regard to Morocco and Persia, it is understood that each nation is to be allowed to carry out its own policy.

Tonight M. Fallieres gave an official dinner on board the French battleship Verite, at the conclusion of which he sailed for Christiania.

HIGH GRADERS LOSE SUIT

Court Denounces Them in Awarding Ore to Mineowner.

DENVER, July 28.—In the United States District Court here today Judge R. E. Lewis directed a verdict in favor of the Goldfield-Mohawk Mining Company in its

suit to determine the ownership of a large shipment of ore from the Mohawk mine, and delivered a scathing denunciation of "high graders," who are said to have been operating in the Nevada camp.

"God forbid that the time will ever come," said Judge Lewis, "when there will not be sufficient heroic honesty to stamp out dishonesty, and especially such disgraceful dishonesty as the testimony in this case has proved to have existed."

George Richardson and Frank Cochrane of Goldfield, Nev., were the defendants and the ore was worth \$16,000.

FOILS LAWYERS FOR RUEF

Lawlor Lets Them Take Burns Charges to Another Judge.

SAN FRANCISCO, July 28.—Judge William Lawlor today refused to grant the application of attorneys for Abraham Ruef for an order compelling William J. Burns, the prosecution's detective, and J. G. Lawlor and R. C. Schindler, two of his assistants, to show cause why they should not be punished for contempt of court. Instead of issuing the order, Judge Lawlor permitted Ruef's attorneys to withdraw it on the understanding that it will be presented to Judge Sturtevant, presiding judge of the Superior Court, who will pass upon its merits, and, if he sees fit to grant the application, will set the action going in some other department of the Superior Court.

By his action today Judge Lawlor prevents the applicants from asking the Supreme Court for a writ of mandate compelling him to take some action in the matter.

The proceedings for the disqualification of Judge Lawlor as the trial judge in the trial of Abraham Ruef on the charge of bribing ex-supervisors of San Francisco are still pending.

The trial of Ruef will begin Thursday.

Sultan Weeps in Granting Constitution, but Declares Object Is Prosperity of Subjects, Who Are His Children.

CONSTANTINOPLE, July 28.—Now that the first rejoicings over the constitution granted to Turkey by the Sultan last week are at an end, the people are beginning to discuss the future. Already they are clamoring against the high officers who were responsible for the abuses and injustices of the old regime. The situation is calm.

The Sultan broke into tears at the conference Thursday at which it was decided to grant a constitution. Only once has the Sultan been induced to show himself to the large gatherings of demonstrators in front of the palace. On this occasion his majesty appeared at an open window and thanked the people. In conclusion he said:

"Inasmuch as I have labored since my accession to the throne for the salvation and prosperity of the Fatherland, God is now my witness that my greatest object is the salvation and prosperity of my subjects, who are to me as my own children."

Bigelow Wins in Copper Suit.

TRENTON, N. J., July 28.—Chancellor Putney in a decision today refused to dismiss the preliminary injunction granted Albert Bigelow restraining the Old Dominion Copper Mining & Smelting Company from proceeding against him in the upper courts. The company obtained a verdict in the courts of Massachusetts against Mr. Bigelow for nearly \$2,000.00 for alleged profits made by him

NEW STEAMSHIP TRUST

All Lines to South America Forming Community of Interest.

HAMBURG, July 28.—Representatives of the great steamship companies interested in South American passenger traffic that have been in session for several days past are looking to the formation of a community of interest management similar to that which holds in the North Atlantic trade. It is contemplated to make short contracts as an experiment. The 24 delegates to the conference represent German, English, French, Dutch and Spanish lines of steamers. The companies engaged in the Cuban and Mexican trade will try to effect a similar agreement.

Russian Railroad Robbed.

TRASPOLN, Russia, July 28.—A band of unknown men today attacked the offices of the cashier at the local railroad station and got away with \$40,000.

STEEL BUSINESS THRIVES

INCREASE IN SALES BY TRUST IN LAST QUARTER.

Net Earnings Larger and Improvement Continues in July—Dividends Are Declared.

NEW YORK, July 28.—Increased business during the month of July is reported by the United States Steel Corporation. The directors today declared dividends and gave out a statement showing that the corporation's net earnings for the second quarter of the year exceeded those of the first quarter by \$15,730. The following statement as to increased bookings during July was given out:
